

behaved women rarely make history

behaved women rarely make history is a phrase that encapsulates the boldness and defiance required for women to break societal norms and leave a lasting impact. Throughout history, women who challenged the status quo, defied expectations, and took risks have been the ones remembered for their significant contributions. This article explores the meaning behind this statement, examines notable historical figures who embodied this spirit, and discusses the societal implications of conformity versus rebellion. By understanding the context of this phrase and its relevance today, readers gain insight into the importance of courage and innovation in shaping history. The following sections will provide a comprehensive look at the origins, examples, and cultural significance of the idea that behaved women rarely make history.

- Origin and Meaning of the Phrase
- Historical Examples of Women Who Defied Norms
- Impact of Nonconformity on Women's Rights and Society
- Modern Interpretations and Cultural Influence

Origin and Meaning of the Phrase

The phrase *behaved women rarely make history* is often attributed to Laurel Thatcher Ulrich, a historian who used it to highlight how conventional expectations limit women's recognition and contributions. This statement critiques the societal norms that expect women to be compliant, quiet, and obedient, suggesting that such behavior rarely leads to significant historical achievements. Instead, women who challenge these norms—whether through activism, innovation, or leadership—are more likely to be remembered for their impact.

Historical Context of the Phrase

The phrase emerged in the late 20th century amid growing discussions about gender roles and feminism. It reflects a shift in how historians and society view women's roles beyond traditional domestic spheres. By emphasizing the rarity of historical recognition for "well-behaved" women, the phrase calls attention to the need for women to break boundaries to create change. This sentiment aligns with broader movements that encourage empowerment and equality for women.

Interpretations and Nuances

While the phrase celebrates rebellion and nonconformity, it does not suggest that all women must

behave disruptively to succeed. Rather, it recognizes that societal change often requires challenging existing structures. The phrase serves as both inspiration and critique, encouraging women to pursue bold actions while highlighting how history tends to overlook those who conform to restrictive norms.

Historical Examples of Women Who Defied Norms

Throughout history, numerous women who refused to conform to societal expectations have made profound impacts. These women often faced significant resistance but ultimately shaped political, social, and cultural landscapes.

Political Trailblazers

Women like Susan B. Anthony and Harriet Tubman exemplify the courage required to challenge unjust systems. Anthony's tireless campaigning for women's suffrage defied the era's gender limitations, while Tubman's leadership in the Underground Railroad showcased bravery against slavery and oppression.

Cultural and Scientific Pioneers

In fields traditionally dominated by men, figures such as Marie Curie and Frida Kahlo broke barriers through scientific discovery and artistic expression. Curie's groundbreaking research in radioactivity challenged scientific norms, while Kahlo's art candidly confronted issues of identity and pain, redefining cultural narratives.

Activists and Reformers

Activists like Malala Yousafzai and Rosa Parks demonstrated how defiance against injustice can inspire global movements. Their refusal to accept discrimination and oppression highlights the power of individual acts of courage in making history.

- Susan B. Anthony – Women's suffrage leader
- Harriet Tubman – Abolitionist and conductor of the Underground Railroad
- Marie Curie – Nobel Prize-winning scientist
- Frida Kahlo – Influential artist and feminist icon
- Rosa Parks – Civil rights activist

- Malala Yousafzai – Education activist and Nobel laureate

Impact of Nonconformity on Women's Rights and Society

The willingness of women to reject passive roles has been instrumental in advancing women's rights worldwide. By challenging legal, social, and cultural constraints, nonconforming women have helped redefine gender roles and expand opportunities.

Legal and Political Advances

Nonconformity has led to significant legal reforms, including the right to vote, workplace equality, and reproductive rights. Women's protests, advocacy campaigns, and leadership have pressured governments to enact policies promoting gender equity.

Shifting Social Attitudes

As women break stereotypes, societal perceptions evolve. The visibility of nontraditional female roles challenges biases and broadens the definition of what women can achieve. This transformation encourages future generations to aspire beyond conventional limits.

Economic Empowerment

Women's entry into diverse professional fields has economic implications, improving household incomes and national economies. Entrepreneurs, executives, and innovators who defy norms contribute to economic growth and diversification.

Modern Interpretations and Cultural Influence

Today, the phrase *behaved women rarely make history* resonates in popular culture, education, and social movements. It serves as a rallying cry for empowerment and recognition of women's contributions.

Representation in Media and Literature

Books, films, and television increasingly highlight stories of women who challenge norms, reflecting and reinforcing the phrase's message. These portrayals inspire audiences and promote gender equality by celebrating diverse female experiences.

Social Movements and Activism

The phrase underpins many feminist and social justice campaigns, encouraging women to speak out and take action. Movements like #MeToo and Women's Marches exemplify the ongoing relevance of nonconformity in creating social change.

Educational Initiatives

Educational programs emphasize the importance of teaching history with a focus on women's achievements, including those who defied expectations. This approach helps dismantle historical biases and inspires students to value courage and innovation.

1. Encouraging critical thinking about gender roles
2. Highlighting diverse role models
3. Promoting inclusive curricula

Frequently Asked Questions

What does the phrase 'behaved women rarely make history' mean?

The phrase suggests that women who conform to societal expectations and do not challenge the status quo are less likely to be remembered or make significant impacts in history.

Who popularized the phrase 'behaved women rarely make history'?

The phrase was popularized by Laurel Thatcher Ulrich, a historian, in her 1976 scholarly article, and it has since become a feminist rallying cry.

How does 'behaved women rarely make history' relate to feminism?

The phrase embodies feminist ideals by encouraging women to challenge traditional roles and norms, highlighting that significant social change often comes from those who defy conventional behavior.

Can the phrase 'behaved women rarely make history' be applied to modern social movements?

Yes, it can be applied to modern social movements as it inspires individuals, especially women, to speak out, take risks, and lead change, even if their actions defy societal expectations.

Are there historical examples that illustrate the idea behind 'behaved women rarely make history'?

Yes, figures like Rosa Parks, Malala Yousafzai, and Susan B. Anthony exemplify the idea by challenging societal norms and making lasting impacts through their courageous actions.

Additional Resources

1. Behave: The Biology of Humans at Our Best and Worst by Robert M. Sapolsky

This book explores the science behind human behavior, diving into neuroscience, psychology, and sociology to explain why people act the way they do. Sapolsky examines both the biological and environmental factors that shape our actions, offering a comprehensive understanding of human nature. Though not exclusively about women, it provides valuable insights into behavior that can be applied to understanding social movements and individual choices.

2. Women Who Run with the Wolves: Myths and Stories of the Wild Woman Archetype by Clarissa Pinkola Estés

This influential book delves into the stories and myths that celebrate the wild, untamed spirit of women throughout history. Estés, a Jungian analyst, encourages women to reconnect with their inner strength and intuition. The book emphasizes the importance of breaking societal constraints to live authentically and powerfully.

3. Bad Girls Throughout History: 100 Remarkable Women Who Changed the World by Ann Shen

Ann Shen highlights 100 women who defied conventions and made significant impacts in various fields such as science, politics, art, and activism. The book is a celebration of rebellious women who challenged norms and paved the way for future generations. It's inspiring for readers who want to learn about fearless female trailblazers.

4. Rad Women Worldwide: Artists and Athletes, Pirates and Punks, and Other Revolutionaries Who Shaped History by Kate Schatz

This vibrant collection profiles women from diverse backgrounds and disciplines who challenged the status quo and made history. Schatz presents stories of courage, creativity, and defiance, showcasing how these women's actions changed the world. The book serves as a motivational reminder that history is shaped by those daring enough to push boundaries.

5. Feminists Don't Wear Pink (And Other Lies): Amazing Women on What the F-Word Means to Them

edited by Scarlett Curtis

A compilation of essays and reflections from contemporary female voices, this book explores what feminism means in today's world. Contributors discuss how they defy expectations and societal norms to advocate for equality and justice. It's an empowering read that aligns with the spirit of women making history through bold actions.

6. *Untamed* by Glennon Doyle

In this memoir, Doyle shares her journey toward self-discovery and breaking free from societal expectations. She challenges the idea of "behaving" according to prescribed norms and encourages readers to embrace their true selves. The book resonates with the theme that women who refuse to be confined by traditional roles often make significant changes in their own lives and society.

7. *Women Who Dared: 52 Stories of Fearless Daredevils, Adventurers, and Rebels* by Linda Skeers

This book presents inspiring stories of women who took risks, challenged authority, and ventured into unknown territories. From explorers to activists, each profile illustrates how these women's fearless choices led to lasting impacts. It's a testament to the power of daring to be different in shaping history.

8. *She Persisted: 13 American Women Who Changed the World* by Chelsea Clinton

Chelsea Clinton celebrates the achievements of thirteen American women who overcame obstacles and persisted in their fight for justice and equality. The book highlights resilience and determination as key traits of women who have made history. It's a motivational resource for young readers and anyone interested in the impact of persistence.

9. *Rebel Girls: 100 Tales of Extraordinary Women* by Elena Favilli and Francesca Cavallo

This collection features stories of 100 women from around the world who broke rules and defied limits to achieve greatness. The book emphasizes the importance of courage and innovation in making history. Its engaging format and diverse profiles inspire readers to challenge norms and pursue their dreams.

behaved women rarely make history: *Well-Behaved Women Seldom Make History* Laurel Thatcher Ulrich, 2008-09-23 From admired historian—and coiner of one of feminism's most popular slogans—Laurel Thatcher Ulrich comes an exploration of what it means for women to make history. In 1976, in an obscure scholarly article, Ulrich wrote, Well behaved women seldom make history. Today these words appear on t-shirts, mugs, bumper stickers, greeting cards, and all sorts of Web sites and blogs. Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written. She ranges from the fifteenth-century writer Christine de Pizan, who wrote *The Book of the City of Ladies*, to the twentieth century's Virginia Woolf, author of *A Room of One's Own*. Ulrich updates their attempts to reimagine female possibilities and looks at the women who didn't try to make history but did. And she concludes by

showing how the 1970s activists who created second-wave feminism also created a renaissance in the study of history.

behaved women rarely make history: *The Slogan* Laurel Thatcher Ulrich, 2015-03-03 A selection from the admired history *Well-Behaved Women Seldom Make History*, the story of how one of feminism's most popular slogans came to life. In the opening paragraph of an obscure 1976 scholarly article investigating the prim and proper women celebrated in Puritan funeral sermons, Harvard professor Laurel Thatcher Ulrich penned the phrase, "Well-behaved women seldom make history." Since then, Ulrich's slogan has been put on bumper stickers, T-shirts, and tote bags, in greeting cards and political speeches, entering the cultural consciousness in all sorts of unexpected ways. In "The Slogan," Ulrich gives a brief history of her much-quoted words, and sketches out a primer on feminism today and the way it continues to make history. An eBook short.

behaved women rarely make history: And One More Thing Before You Go... Maria Shriver, 2007-11-01 Award-winning journalist, First Lady of California, and bestselling author Maria Shriver offers young women a powerful book on how to put your greatest gifts and even your shortcomings to work for you as you begin the rest of your life. Graduating from high school is a big step for any girl. She is leaving her childhood behind and beginning the rest of her life. She is also leaving her mother's protective circle of love and guidance. One of the greatest gifts a mother can give her daughter at this pivotal moment in her life is good counsel. In *And One More Thing Before You Go...* Maria Shriver, bestselling author, acclaimed journalist, First Lady of California, and mother of two daughters, provides a loving and heartfelt guide for girls as they go off to college. Expanded from a speech given to her young friend Ally's graduating class, Maria writes as a wiser, more experienced girlfriend, but also as both the daughter of a mother whose advice she still seeks and as the mother of daughters for whom she wishes a fulfilling and happy life. In this stirring and inspiring guide, Maria talks to young women about how to find abundance and emotional richness, and how not to overlook life's most special gifts. Her ten rules—told in a witty and poignant anecdotal style—offer a firm grasp on what's really important in life. *And One More Thing Before You Go...* is a book that transcends age groups, a book that will make you laugh, cry, and open your eyes to a new

way of looking at life. Thoughtful, compassionate, and above all, filled with love, *And One More Thing Before You Go...* is a book that will make every mother cry and every daughter stop and think about her mother's words.

behaved women rarely make history: *Good Girls Don't Make History* Elizabeth Kiehner, Kara Coyle, Keith Olwell, 2021-08-31 *Good Girls Don't Make History* is an intersectional graphic novel on the history of women's suffrage in the US.

behaved women rarely make history: *'And I quote...'* Elizabeth Knowles, 2018-09-13 Quotations are an essential part of the fabric of the language. In *And I quote*, Elizabeth Knowles draws on her experience editing the Oxford Dictionary of Quotations and employs a wide repertoire of examples, ranging from the classical canon to contemporary popular culture, to illuminate just how and why we quote. Her investigation focuses on how we find, choose, and use quotations in 21st century English, but it also leads her back in time to follow the journeys taken by individual quotes, as their meaning changes subtly - and sometimes not so subtly - over the decades and in many cases the centuries. In following the often-surprising stories of individual quotations, we gain an understanding of how they establish themselves, and to what degree they can develop a life independent of their original coinage. Everyone has their own quotations 'vocabulary', and each reader of the book will think of further items that they would use and wish to explore, but the journeys mapped here illuminate the many fascinating ways in which quotations have embedded themselves in the language, from the earliest dictionaries of quotations to the online world we experience today.

behaved women rarely make history: *Rediscovering a Nation* Michael Wayne Santos, 2022-07-01 *Polarization. Division. Hate.* Many Americans wonder how our politics became dysfunctional—and what it will take to fix it. Historian Michael Santos takes readers on a journey to the heart of the American nation and the values that have allowed us to overcome previous challenges, sometimes in spite of ourselves. He remembers the heroes and heroines who challenged us to be better versions of ourselves. Santos addresses a series of interrelated questions: What are the legacies of this country, handed down to us by the Founders? What have previous generations done to keep the principles upon which the Republic rests alive and to advance their implications for more and more people? Where were the fault lines that put the American experiment at risk, and how have we overcome them? And when we have failed to overcome them, what possible lessons are there for an understanding of what America is and can become? By offering these historical perspectives, Santos helps readers overcome the current crisis in faith about the present challenges and future prospects for the American experiment.

behaved women rarely make history: *The Wives of Western Philosophy* Jennifer Forestal, Menaka Philips, 2020-12-16 *The Wives of Western Philosophy* examines the lives and experiences of the wives and women associated with nine distinct political thinkers—from Socrates to Marx—in order to explore the gendered patterns of intellectual labor that permeate the foundations of Western political thought. Organized chronologically and representative of three eras in the history of political thought (Ancient, Early Modern, and Modern), nine critical biographical chapters explore the everyday acts of intellectual labor and partnership involving these wives of the canon. Taking seriously their narratives as intimate partners reveals that wives have labored in remarkable ways throughout the history of political thought. In some cases, their labors mark the conceptual boundaries of political life; in others, they serve as uncredited resources for the production of political ideas. In all instances, however, these wives and intimates are pushed to the margins of the history of political thought. *The Wives of Western Philosophy* brings these women to the center of scholarly interest. In so doing, it provides new insights into the intellectual biographies of some of the most famed men in political theory while also raising important questions about the gendered politics of intellectual labor which shape our receptions of canonical texts and thinkers, and which sustain the academy even today.

behaved women rarely make history: *Well Behaved Women Rarely Make History* Chetisy Publishers, 2021-04-26 This beautifully and amazingly designed is an easy way to record funny, loving,

sad, happy or poignant moments in life. It contains 100 pages, 6x9, each with five separate lined areas allowing you to write down and revisit your most precious memories. Whether as a thoughtful gift or a journal for yourself, the pages are ready and waiting to be filled.

behaved women rarely make history: *Beyond Burning Bras* Laura L. Finley, Emily Reynolds Stringer, 2010-04-09 This book offers a practical guide to the everyday actions and decisions that anyone can take to promote gender equality and social justice in their own life and the world around them. *Beyond Burning Bras: Feminist Activism for Everyone* is an antidote to the poison of shock jocks who caricature the women's movement as a radical fringe of man-haters and paint activists as spoiled hooligans. Two real-life feminist activists, Laura Finley and Emily Stringer focus on the mainstream of everyday feminism, explaining what feminism is really all about and fanning out a spectrum of simple, imaginative, user-friendly ways in which ordinary readers can promote gender equality and social equity in their own lives and in the world around them. *Beyond Burning Bras* taps the life stories and first-person accounts of 50 ordinary individuals of every age, sex, sexuality, class, nationality, race, ethnicity, and learning style. All of them tell how they found within themselves the courage to take a stand on the front lines of feminist activism, whether in subtle private ways or in life-changing public ways. After a survey of the history of feminism in the United States, the authors and contributors show in successive chapters how feminism today meshes with other forms of activism relating to the workplace, sexual violence, the environment, politics, human bodies, the arts, youth, empowerment, and mothering.

behaved women rarely make history: *Letters to a Young Sister* Hill Harper, 2008-06-03 Now in paperback: the New York Times bestselling book of inspirational advice and wisdom for young women from the powerhouse public speaker, star of CSI: NY, and bestselling author of *Letters to a Young Brother* * Does life sometimes seem so much harder for girls? * Do you ever feel insecure, pressured, or confused? * Do you wish you had someone to give you honest advice on topics like boys, school, family, and pursuing your dreams? * Do you want to make a positive impact on the world, but don't even know how to begin? In the follow-up to his award winning national bestseller, *Letters to a Young Brother*, actor and star of CSI: NY shares powerful wisdom for young women everywhere, drawing on the courageous advice of the female role models who transformed his life. *Letters to a Young Sister* unfolds as a series of letters written by older brother Hill to a universal young sister. She's up against the same challenges as every young woman: from relating to her parents and dealing with peer pressure, to juggling schoolwork and crushes and keeping faith in the face of heartache. Hill offers guidance, encouragement, personal stories, and asks his female friends to help answer some truly tough questions. Every young sister needs to know that it's okay to dream big and to deFINE her own destiny. This is a book that will educate, uplift and inspire. Including original contributions from: Michelle Obama * Angela Bassett * Ciara * Tatyana Ali * Eve * Malinda Williams * Chanel Iman * Kim Porter * and many more.

behaved women rarely make history: *The Most Beautiful Women in History* Robert Richard Kiss, 2012 This book is a uniquely interesting experiment. The author decided to publish the imaginary photos of legendary women, from Helen of Troy to Cleopatra. He shows how the most beautiful women in history are perceived by a European journalist and writer. He attempts to portray what was Sappho like and how would the wife of the last Chinese emperor look like if she lived in our time. This book is about the women who have influenced the course of history with their charm, exquisite taste, wisdom, sophistication, treachery, evilness or noble deeds. The women, who have contributed to the world we live in now. The last page is left blank, so readers can put there the picture of their choice and describe the woman who is most important to them. The woman they think is the most beautiful and adorable on earth and without whom the world would be a darker place. The author, Dr. Kiss Róbert Richard is a Prima Primiissima Award and Pulitzer Memorial Prize winning journalist. He wrote five books on the fantastic hotels of the world and a book about the most beautiful islands on earth. His articles appear in newspapers, radio and television shows in five countries. He is married; his wife was one of the models in this book.

behaved women rarely make history: *Why They Marched* Susan Ware, 2019-05-06 "Lively

and delightful...zooms in on the faces in the crowd to help us understand both the depth and the diversity of the women's suffrage movement. Some women went to jail. Others climbed mountains. Visual artists, dancers, and journalists all played a part...Far from perfect, they used their own abilities, defects, and opportunities to build a movement that still resonates today." —Laurel Thatcher Ulrich, author of *Well-Behaved Women Seldom Make History* "An intimate account of the unheralded activism that won women the right to vote, and an opportunity to celebrate a truly diverse cohort of first-wave feminist changemakers." —Ms. "Demonstrates the steady advance of women's suffrage while also complicating the standard portrait of it." —*New Yorker* The story of how American women won the right to vote is usually told through the lives of a few iconic leaders. But movements for social change are rarely so tidy or top-heavy. *Why They Marched* profiles nineteen women—some famous, many unknown—who worked tirelessly out of the spotlight protesting, petitioning, and insisting on their right to full citizenship. Ware shows how women who never thought they would participate in politics took actions that were risky, sometimes quirky, and often joyous to fight for a cause that mobilized three generations of activists. The dramatic experiences of these pioneering feminists—including an African American journalist, a mountain-climbing physician, a southern novelist, a polygamous Mormon wife, and two sisters on opposite sides of the suffrage divide—resonate powerfully today, as a new generation of women demands to be heard.

behaved women rarely make history: *God Is a Grunt* Logan M Isaac, 2022-04-19 This eye-opening book invites readers of all political and denominational stripes into a more meaningful conversation and community with soldiers and veterans. If Jesus is God, then God is a grunt—the humble, hardy folk placed at the bottom of the social hierarchy who are relied on to accomplish the dirtiest, most difficult (and most thankless) work. This is good news for millions of Christian soldiers and veterans in the U.S. because they have had to make an impossible choice, with no perceivable middle ground, between patriot and pacifist. In his new book, *God Is a Grunt*, Logan Isaac offers an opportunity for GIs, veterans, and those close to them to read Christian traditions as a soldier would—by and through the lived experiences of military service. This well-researched, meditative guide for Christians who have served their country delves deep into the Bible, while Isaac shares his own beliefs and thoughts on the life-altering experiences of battle. He attempts to fill the void most Christians in the military feel by providing theological resources to discern a better way of discipleship for GIs, affirming the nuance and complexity of armed service and the gifts GIs extend to Christians around the world.

behaved women rarely make history: *The Turkey and the Eagle* Caleb S. Rossiter, 2010 This book is about not just the effects but the making of U.S. foreign policy. It shows how advocates of basing U.S. relations on progress toward democracy struggle in Washington with advocates of support for repressive regimes in return for economic benefits such trade, investment, and mineral resources and military benefits such as access to their territory for U.S. armed and covert forces. By arguing that the outcome of this struggle is determined by the average citizen's position, the book makes readers participants rather than observers. By arguing that a cultural pump constantly promotes a vision of American domination as a positive force in the world, it encourages readers to analyze the day-to-day effect of this vision on their own perceptions. Intended for a general audience, the book features enough inside tales and colorful characters to intrigue the casual reader, but also provides the clear themes and historical context needed for a high school or college text on U.S. policy after World War II toward the colonized, and then post-colonial countries.

behaved women rarely make history: *Battle Scars* Catherine Clinton, Nina Silber, 2006-02-23 Over a decade ago, the publication of *Divided Houses* ushered in a new field of scholarship on gender and the Civil War. Following in its wake, *Battle Scars* showcases insights from award-winning historians as well as emerging scholars. This volume depicts the ways in which gender, race, nationalism, religion, literary culture, sexual mores, and even epidemiology underwent radical transformations from when Americans went to war in 1861 through Reconstruction. Examining the interplay among such phenomena as racial stereotypes, sexual violence, trauma, and

notions of masculinity, *Battle Scars* represents the best new scholarship on men and women in the North and South and highlights how lives were transformed by this era of tumultuous change.

behaved women rarely make history: Gutsy Women Win Pat Obuchowski, 2017-01-10 GET GUTSY AND GET GOING In *Gutsy Women Win*, speaker, executive and leadership coach, and author Pat Obuchowski describes a new model for success. It will help you identify your passions for leadership and life and then empower you to pursue them. This book offers you an opportunity to examine how the model works through the lens of the stories of seven women. The model introduces nine elements that will help you take action and do what it is you want to do in your world to make a difference. If you hunger for a more fulfilling life, this book is for you.

behaved women rarely make history: More Than Petticoats: Remarkable Kansas Women Gina Kaufmann, 2012-01-24 *More than Petticoats: Remarkable Kansas Women* celebrates the women who shaped the Sunflower State. Short, illuminating biographies and archival photographs and paintings tell the stories of women from across the state, including a dentist, an orator, a pilot, a mayor and a fugitive slave.
