bhai ji in problem: *They Remained Unknown* Savitry Dubey , Translated by Rajeev Dubey, 2023-11-23 They Remained Unknown - Krena ji came to meet me on the morning of 9th August. I am sorry. Sister, Suresh babu was arrested early this morning in Munger. I got this information on the phone from my nephew, who is a clerk in the Post Office. The government agencies have full information on Suresh babu's organization and its ability to harm the British Government. They are worried that the movement may take a violent turn. But jailing our leaders has only increased the enthusiasm and determination of the youth to launch the final assault. We have to bring the government machinery to a grinding halt. Uproot railway lines to disrupt rail movement, cut telephone and telegraph lines to disrupt communication channels, put obstacles in every possible way to disrupt the functioning of the administration, refrain from going to work-this is the meaning of 'Do or Die', for the police is bound to open fire and throw thousands into jail. Ordinary people will be mercilessly beaten to spread fear among the protestors, limbs broken...the government will retaliate brutally. But we will not be afraid, we will keep moving forward. The form this will take will be left to local leaders based on their assessment of the situation in their respective territories. It is up to those common men who rise to the occasion and step into the shoes of the arrested leaders, to provide direction and instructions to the rank and file. This war will be fought by Indians of every social strata, of every caste and religion, this is no longer a war to be waged only by the members of the Congress Party. I will finalize my 9 point programme and start distributing pamphlets in town today. Inquilab Zindabad! British leave India! Do or Die!!!

bhai ji in problem: *Textile Legend Unravels* Dr. Rajaram Jaipuria, The story of my life essentially focuses on how politics destroyed an assiduously built industrial empire; how I fought a long but unsuccessful legal battle for getting my textile mills back; and how I eventually succeeded in reinventing life in the very industry I always loved. The origin of the House of Jaipurias dates back to 1914, when my father, Seth Mungturamji Jaipuria, left our native town of Nawalgarh (in Rajasthan) to travel to Kolkata (earlier Calcutta), which was then India's industrial and commercial hub, and had been its official capital till 1911. (Delhi then acquired that privilege.) I have tried to explain the evolution of the Jaipuria Group, as well as of the Indian textile industry, in as lucid a manner as I could. I hope the young entrepreneurs, as well as the students of management, apart from the public at large, would find my narrative educative and, if I may say so, inspiring. I hope this book would not only help the younger generation understand India's industrial history and the roots of its own entrepreneurial abilities but would also inspire some of the few remaining entrepreneurs of my generation to record their life histories and share their rich experience, besides warning present and future governments about the dangers of unnecessary meddling in affairs of industry and trade.

bhai ji in problem: Rajmahal Kamalini Sengupta, 2010-07-01 An exploration of post-colonial Indian life through “engagingly embroidered stories that leave us replete and delighted” (The Sunday Tribune, India). Marriages, affairs, death, madness, and second chances all live within the walls of Rajmahal, an unusual Bengali house that has stood through a century of turbulent changes. Within the walls of this stately home, now divided into six apartments, the melting pot of tenants include Sikhs, Muslims, Brits, Russian-Bengalis, zamindari Bengalis, and Roman Catholics. As different as they are, all face the same struggle to come to grips with the social, economic, and intellectual forces working in India as it moves from the British Raj to independence. In this beautifully crafted tale, the intertwined fortunes and personal battles of these characters become a mirror of the country’s struggle for possession of its future. “The encompassing achievement of the novel is its penetration . . . of the life of the post-colonialist and post-colonized living on, somehow together” (Nadine Gordimer, winner of the Nobel Prize in Literature).
