Understanding Dan Rather's big interviews offers valuable insights into the art of journalism and the power of media to inform and influence society. The following sections will delve into these aspects in detail.

- Dan Rather's Career and Legacy
- Characteristics of Dan Rather's Big Interviews
- Notable Big Interviews by Dan Rather
- Impact of Dan Rather's Interviews on Journalism
- Lessons from Dan Rather's Interviewing Techniques

Dan Rather's Career and Legacy

Dan Rather's career spans over six decades, making him one of the most respected figures in American journalism. Beginning his work in the 1950s, Rather quickly rose through the ranks to become a prominent news anchor and correspondent for CBS News. His tenure as the anchor for the CBS Evening News from 1981 to 2005 solidified his reputation for delivering hard-hitting news coverage and conducting interviews that were both probing and respectful. His legacy is built on his commitment to journalistic integrity and his ability to connect with audiences through storytelling and interviews.

Early Career and Rise to Prominence

Dan Rather started his journalism journey as a reporter covering local news and eventually moved to larger markets. His breakthrough came with his coverage of the Vietnam War, where he reported directly from the front lines. This experience honed his skills in investigative reporting and set the stage for his later work in conducting major interviews. His reputation grew as he covered significant historical events such as the civil rights movement and presidential elections.

Influence on Broadcast Journalism

Throughout his career, Dan Rather influenced the standards of broadcast journalism by emphasizing accuracy, fairness, and depth in reporting. His big interviews often went beyond surface-level questions, encouraging interviewees to provide detailed insights. This approach helped elevate the role of televised interviews as a critical tool for public understanding and accountability.

Characteristics of Dan Rather's Big Interviews

Dan Rather's big interviews are distinguished by several key characteristics that set them apart in the field of journalism. His approach combines thorough preparation, a calm and authoritative demeanor, and the ability to ask challenging questions without alienating his subjects. These elements contribute to interviews that are both informative and engaging.

Preparation and Research

One hallmark of Dan Rather's interview style is his meticulous preparation. Before conducting an interview, Rather extensively researches the background of his interviewee and the subject matter. This preparation enables him to ask informed questions and follow up effectively, leading to comprehensive discussions that uncover new information or perspectives.

Balanced and Respectful Questioning

Rather's interviewing technique balances firmness with respect. While he does not shy away from tough questions, he maintains a tone that encourages open dialogue rather than confrontation. This approach often results in candid responses and helps build credibility with both the interviewee and the audience.

Focus on Substance Over Sensationalism

Rather's big interviews prioritize substance, focusing on important issues rather than sensational headlines. His questions aim to clarify complex topics and reveal the implications of policies or events, reflecting his commitment to informative journalism.

Notable Big Interviews by Dan Rather

Over the years, Dan Rather has conducted numerous big interviews that have left a lasting impact on journalism and public awareness. These interviews cover a wide range of topics including politics, social issues, and international affairs.

Interview with President George W. Bush

One of Dan Rather's memorable interviews includes his 2004 conversation with President George W. Bush, where he probed into the administration's policies on the Iraq War and domestic security. This interview showcased Rather's ability to ask pointed questions while maintaining a professional demeanor.

Conversations with Civil Rights Leaders

Rather's interviews with civil rights leaders during the 1960s and beyond provided important insights into the struggle for racial equality in America. These interviews helped bring critical social issues to the forefront of national attention.

Coverage of the Watergate Scandal

Though more famously associated with Bob Woodward and Carl Bernstein, Dan Rather's reporting and interviews during the Watergate scandal contributed to the public's understanding of political corruption, demonstrating his role in investigative journalism.

Impact of Dan Rather's Interviews on Journalism

The influence of Dan Rather's big interviews extends beyond the immediate news cycle, shaping journalistic practices and public expectations. His work has inspired generations of journalists to pursue in-depth interviews that hold power to account and inform citizens.

Setting Standards for Interviewing

Dan Rather's interviewing style became a benchmark for broadcast journalism, illustrating the importance of preparation, fairness, and depth. This standard encourages journalists to look beyond superficial questions and engage deeply with complex topics.

Promoting Accountability and Transparency

By asking tough questions and seeking truthful answers, Rather's interviews have promoted accountability among public figures. This role is vital in a democratic society where informed citizenry depends on transparent communication from leaders.

Educating the Public

Rather's big interviews have also played an educational role, breaking down complicated issues into understandable conversations. This clarity helps viewers make informed decisions and fosters a more engaged public.

Lessons from Dan Rather's Interviewing Techniques

Journalists and media professionals can learn valuable lessons from Dan Rather's approach to big interviews. His techniques emphasize the importance of preparation, respect, and clarity in communication.

Thorough Research as a Foundation

One key takeaway is the necessity of thorough research before interviews. Understanding the background of the topic and the interviewee allows journalists to ask meaningful questions and respond effectively during the conversation.

Maintaining Composure and Professionalism

Dan Rather's calm and authoritative presence highlights the importance of maintaining composure during interviews, even when topics are sensitive or contentious. Professionalism helps create an environment where subjects feel comfortable sharing insights.

Prioritizing Depth Over Sensation

Rather's focus on substantive questions rather than sensationalism demonstrates how interviews can inform rather than merely entertain. This approach builds trust with audiences and enhances the credibility of the journalist.

Key Interviewing Tips from Dan Rather

- Prepare extensively by researching all relevant information.
- Develop clear and focused questions that drive the conversation.
- Listen actively and be ready to follow up on unexpected answers.
- Maintain a respectful tone to foster open dialogue.
- Stay composed and professional regardless of the interview's direction.

Frequently Asked Questions

big interview dan rather: A Convenient Parallel Dimension James Greene, 2022-11-01
"Rarely has a movie this expensive provided so many quotable lines." So wrote Roger Ebert in his review of *Ghostbusters*, the 1984 blockbuster that handed our paranormal fears over to some of the sharpest comic minds of the day. *Ghostbusters* instantly resonated with audiences thanks to eye-popping special effects and crackling wit; to date, it remains the highest-grossing horror comedy of all time. The film spawned an Emmy-nominated Saturday morning cartoon, a tentpole 1989 sequel, a contentious 2016 reboot, legions of merchandise, and one of the most dedicated fan bases in history. *Ghostbusters* also elevated its players to superstardom, something a few cast members found more daunting than the Stay Puft Marshmallow Man. Now, for the first time, the entire history of the slime-soaked franchise is told in *A Convenient Parallel Dimension: How Ghostbusters Slimed Us Forever*. The cohesion of talent during the mid-'70s comedy revolution, the seat-of-their-pants creation of the first *Ghostbusters*, the explosive success that seemed to mandate a franchise, the five year struggle to make *Ghostbusters II*, the thirty-one-year struggle to make *Ghostbusters III*—it's all here, with incredible attention to detail. Thoroughly researched and engaging, *A Convenient Parallel Dimension* smashes long-held myths and half truths about the dynamics behind this cultural juggernaut and presents the real story, down to the last drop of ectoplasm.

big interview dan rather: The Blues Brothers Daniel de Visé, 2024-03-19 The story of the epic friendship between John Belushi and Dan Aykroyd, the golden era of improv, the early days of *Saturday Night Live*, and the making of a comedic film classic that helped shape our popular culture "They're not going to catch us," Dan Aykroyd, as Elwood Blues, tells his brother Jake, played by John Belushi. "We're on a mission from God." So opens the musical action comedy *The Blues Brothers*, which hit theaters on June 20, 1980. Their scripted mission was to save a local Chicago orphanage. But Aykroyd, who conceived and wrote much of the film, had a greater mission: to honor the then-seemingly forgotten tradition of rhythm and blues, some of whose greatest artists—Aretha Franklin, James Brown, John Lee Hooker, Cab Calloway, Ray Charles—made the film as unforgettable as its wild car chases. Much delayed and vastly over budget, beset by mercurial and oft drugged-out stars, *The Blues Brothers* opened to outraged reviews. However, in the 44 years since, it has been acknowledged a classic: it has been inducted into the National Film Registry for its

cultural significance, even declared a “Catholic classic” by the Church itself, and re-aired thousands of times on television to huge worldwide audiences. It is, undeniably, one of the most significant films of the twentieth century. The story behind any classic is rich; the saga behind *The Blues Brothers*, as Daniel de Visé reveals, is epic, encompassing the colorful childhoods of Belushi and Aykroyd; the comedic revolution sparked by Harvard’s *Lampoon* and Chicago’s *Second City*; the birth and anecdote-rich, drug-filled early years of *Saturday Night Live*, where the Blues Brothers were born as an act amidst turmoil and rivalry; and, of course, the indelible behind-the-scenes narrative of how the film was made, scene by memorable scene. Based on original research and dozens of interviews probing the memories of principals from director John Landis and producer Bob Weiss to Aykroyd himself, *The Blues Brothers* illuminates an American masterpiece while vividly portraying the creative geniuses behind modern comedy.

big interview dan rather: *Fifty Years of 60 Minutes* Jeff Fager, 2017-10-24 The executive producer of 60 Minutes tells the inside story of the legendary program, from its almost accidental birth through five decades of in-depth reporting by talented producers and beloved correspondents, including Harry Reasoner, Mike Wallace, Morley Safer, Ed Bradley, Lesley Stahl, Steve Kroft and others.

big interview dan rather: *Crime of the Century: Classic Rock and True Crime* Angie Moon, 2024-03-28 *Crime of the Century* is a comprehensive book about classic rock’s connections to true crime cases with over twenty true stories of classic rock musicians and their encounters with murderers, and musicians who committed murders. Inside the book you’ll find the most famous stories like how The Beach Boys met Charles Manson and how Phil Spector went from legendary producer to convicted murderer. There are stories of how classic rockers encountered some of the most notorious serial killers like The Kinks meeting John Wayne Gacy on their 1965 American tour and Debbie Harry allegedly getting into Ted Bundy’s car in the early 70s. You’ll see how the Manson Family’s classic rock connections run deeper than you thought with their encounters with Neil Young, John Phillips, Tony Valentino, Phil Ochs, and Frank Zappa. You’ll also learn how classic rockers were only a few degrees of separation from presidential assassinations and attempted assassinations like The Band meeting Jack Ruby, Squeaky Fromme pursuing Jimmy Page, and John Hinckley’s encounter with DEVO and how they used the poem he wrote for Jodie Foster as song lyrics. It’s a wild and crazy ride through classic rock history. But believe it or not, these are all true stories.

big interview dan rather: *Crosby, Stills, Nash and Young* David Browne, 2019-04-02 The first and most complete narrative biography of Crosby, Stills, Nash and Young, by acclaimed music journalist and Rolling Stone senior writer David Browne Riveting. -People Magazine This is one of the great rock and roll stories. -New York Times Book Review Even in the larger-than-life world of rock and roll, it was hard to imagine four more different men. Yet few groups were as in sync with their times as Crosby, Stills, Nash & Young. Starting with the original trio’s landmark 1969 debut album, their group and individual songs-Wooden Ships, Ohio, For What It’s Worth (with Stills and Young’s Buffalo Springfield)-became the soundtrack of a generation. But their story would rarely be as harmonious as their legendary vocal blend. Over the decades, these four men would continually break up, reunite, and disband again-all against a backdrop of social and musical change, recurring disagreements, and self-destructive tendencies that threatened to cripple them as a group and as individuals. In *Crosby, Stills, Nash & Young: The Wild, Definitive Saga of Rock’s Greatest Supergroup*, Rolling Stone senior writer David Browne presents the ultimate deep dive into rock and roll’s most musical and turbulent brotherhood. Featuring exclusive interviews with band members, colleagues, fellow superstars, former managers, employees, and lovers-and with access to unreleased music and documents-this is the sweeping story of rock’s longest-running, most dysfunctional, yet pre-eminent musical family, delivered with the epic feel their story rightly deserves.

big interview dan rather: *Growing Up in the Lone Star State* Gaylon Finklea Hecker, Marianne Odom, 2021-04-06 Gaylon Finklea Hecker and Marianne Odom began the interviews for this book in 1981 and devoted a professional lifetime to collecting the memories of accomplished Texans to

determine what, if anything, about growing up in the Lone Star State prepared them for success. The resulting forty-seven oral history interviews begin with tales from the early 1900s, when Texas was an agrarian state, and continue through the growth of major cities and the country's race to the moon. Interviewees recalled life in former slave colonies; on gigantic ranches, tiny farms, and sharecropper fields; and in one-horse towns and big-city neighborhoods, with relatable stories as diverse as the state's geography. The oldest interviewees witnessed women earning the right to vote and weathered the Great Depression. Many remembered two world wars, while others recalled the Texas City explosion of 1947 and the tornado that devastated Waco in 1953. They witnessed the advent of television and the nightly news, which helped many come to terms with the assassination of a president that took place too close to home. Their absorbing reflections are stories of good and bad, hope and despair, poverty and wealth, depression and inspiration, which would have been different if lived anywhere but Texas.

big interview dan rather: Crosby, Stills, Nash and Young's 50-Year Quest Robert McParland, 2019-04-26 Crosby, Stills, Nash, and Young, with their distinct vocal harmonies, blending of rock, jazz, folk, and blues, and political and social activism, have remained one of the most enduring musical acts of the 1960s. This book examines their songs and themes, which continue to resonate with contemporary listeners, and argues that Crosby, Stills, Nash, and Young reflect part of the broader story of American culture. This appreciative volume contextualizes their work within the political climate of the late 1960s, and makes the case that the values and concerns expressed in their music thread through the American experience today.

big interview dan rather: American Television News: The Media Marketplace and the Public Interest Steve M. Barkin, 2016-09-16 This concise history of the news broadcasting industry will appeal to both students and general readers. Stretching from the radio days of the 1920s and 1930s and the early era of television after World War II through to the present, the book shows how commercial interests, regulatory matters, and financial considerations have long shaped the broadcasting business. The network dominance of the 1950s ushered in the new prominence of the anchorman, a distinctly American development, and gave birth to the golden age of TV broadcasting, which featured hard-hitting news and documentaries epitomized by the reports by CBS's Edward R. Murrow. Financial pressures and advertising concerns in the 1960s led the networks to veer away from their commitment to serve the public interest, and tabloid television - celebrity, gossip-driven soft news - and news magazines became increasingly widespread. In the 1980s cable news further transformed broadcasting, igniting intense competition for viewers in the media marketplace. Focusing on both national and local news, this stimulating volume examines the evolution of broadcast journalism. It also considers how new electronic technologies will affect news delivery in the 21st century, and whether television news can still both serve the public interest and maintain an audience.

big interview dan rather: Colombian Diasporic Identities Annie Mendoza, 2023-05-31 This book interrogates the identity politics involved in framing Colombian diasporas, examining the ways that creative writers, directors, performers and artists negotiate collective and personal experiences that shape their identities through their art and cultural productions. New consideration of the diversity of Afro-Latin American and Indigenous communities within the overarching categorization of Colombianness or Colombianidad have led to increased focus on the representation of Colombia and Colombian diasporic communities. By focusing on different cultural productions—novels, memoirs, films, plays and visual arts—this book analyzes the performance of Colombianidad by communities throughout the diaspora. Topics include Afro-Colombian, US Latinx, Caribbean and queer identity, marginalization of racialized bodies within Colombia and the Colombian diaspora, and the politics of identity representation. *Colombian Diasporic Identities: Representations in Literature, Film, Theater and Art* examines how a consciously Colombian diasporic existence travels and is altered across geographic locales. *Colombian Diasporic Identities* will be key reading for scholars and students in US Latinx studies, and Latin American diasporic studies, together with ethnic studies, gender studies, queer studies and literature.

big interview dan rather: Soul Doctoring Gayle Madeleine Randall, 2022-05-31 Soul Doctoring is the most important book on integrated personal healing to be written in the 21st century. It is a compelling, enlightening, and entertaining read, and a benchmark for yet another way to bring information into one's body for the purpose of healing and self-doctoring—through provocative storytelling that touches the soul. Written by medical futurist and renowned integrative medicine pioneer Dr. Gayle Madeleine Randall, offers a blueprint and roadmap for our return to ideal personal health—and by restoring our own health, turning our attention to helping our lives, communities and planet fully regenerate in what Nestlé CEO Aude Gandon famously termed Generation Regeneration. Dr. Randall's writings, podcasts, lectures, workshops and seminars on Mind-Body Medicine around the world have transformed the lives of thousands of patients, clients and attendees by enlightening them to their own healing potential. With the publication of Soul Doctoring, she makes it possible for the reader to access the entirety of her experience and intrinsic knowledge of the human body, heart, and soul. Join her as she breaks new ground in holistic medicine, self-healing and the highest limits of human potential.

big interview dan rather: Lowdown Jude Warne, David Paich, 2025-04-08 Boz Scaggs has always been a musical artist of complexity. Boz Scaggs founded his connection to music through the blues, but his lasting legacy is one of glamorous and romantic pop songwriting. He possessed a somewhat shy and sensitive demeanor never totally at home in the public eye, yet his claim to several chart-topping singles and albums, particularly the millions-selling and critically acclaimed Silk Degrees (1976), demanded constant exposure. The persona he expressed through his music was laid back, effortlessly cool, sophisticated, stylish, romantically charming, and suave. But the immense success he achieved in his career pointed in part to the driven and determined artist within. Lowdown: The Music of Boz Scaggs examines the uniqueness of these contradictions and Boz Scaggs's sixty-plus-year career and his rich and diverse musical catalogue. Over the decades, Scaggs collaborated with an array of talented heavies, from the Steve Miller Band to the Muscle Shoals Rhythm Section (which included a young Duane Allman) on Boz Scaggs (1969), from the session players on Silk Degrees (1976) who would form the hit band Toto to Donald Fagen and Michael McDonald on the Dukes of September's 2010 Rhythm Revue tour. This first-ever book on Boz is constructed around intensely thorough analysis of his complete discography, and new and exclusive in-depth interviews with a selection of Scaggs's associated colleagues from his vast career.

big interview dan rather: Don Rickles Michael Seth Starr, 2022-10-25 An entertaining, hilarious, biting biography of “Mr. Warmth,” the infamously prickly comic who dominated Hollywood and Las Vegas for decades, making an artform out of heckling his friends, family and especially his audiences—and they couldn’t get enough of it. Having ridden a wave of success that lasted more than sixty years, Don Rickles is best known as the “insult” comic who skewered presidents, royalty, celebrities, and friends and fans alike. But there was more to “Mr. Warmth” than a devilish ear-to-ear grin and lightning-fast put-downs. Rickles was a loving husband, an adoring father who suffered a devastating loss, and a loyal friend to the likes of Bob Newhart and Frank Sinatra. Don was also a young student at the American Academy of Dramatic Arts and intended to become a serious actor. But it was in small nightclubs where Rickles found success, steamrolling hecklers, honing his acerbic put-downs, and teaching the world to love being insulted. Don Rickles, The Merchant of Venom traces his career from his rise in the 1950s to a late-in-life resurgence thanks to the Toy Story franchise, his role in Scorsese’s Casino, and scores of TV appearances from Carson to Seth Meyers. In the intervening decades, Rickles conquered every medium, including the stage, where the Vegas legend was still performing at the age of eighty-five. In his highly memorable career, he was idolized by a generation of younger comedians including Jerry Seinfeld, Jay Leno, and many others. And all along, Rickles performed in the shadow of a shocking open secret: he was the nicest man in town.

big interview dan rather: Good Day Sunshine State Bob Kealing, 2023-03-07 This book explores the musical and cultural impact of the Beatles in Florida, an important part of the revolution that helped make the Fab Four a worldwide phenomenon.

big interview dan rather: Richard Manuel Stephen T. Lewis, 2025-06-24 For the first time, the Band's legendary Richard Manuel's compositions and performances are analyzed with expert commentary while shining a light on his contributions to all of his bands—and on the undeniable impact he had on rock music. Richard Manuel was a fearless original. Sweetly soulful as a vocalist and endearingly creative as a songwriter and multi-instrumentalist, he was a vital part of some of rock 'n' roll's pivotal moments, including Bob Dylan's controversial move to electric music, Woodstock 1969, and the legendary Last Waltz. Through thoughtful research and analysis, this book places Manuel's troubled yet inspired spirit within a musical and historical context. For the first time, Manuel's compositions and performances are critiqued with expert commentary—alongside new interviews with family, friends, and fellow musicians, including Eric Clapton and Van Morrison. The story traces Manuel's journey from Stratford, Ontario, to Woodstock, New York, and beyond, beginning with his first band, the Revols, then singing the blues with Robbie Robertson, Levon Helm, Rick Danko, and Garth Hudson in the Hawks, the group that would later become the Band. Manuel's influence was profound, his distinctive vocals infusing songs with emotion and depth. His songwriting flourished in classics like Tears of Rage, cowritten with Dylan, and We Can Talk. His keyboard work added a lovable funkiness to the Band's sound, blending elements of rock, folk, country, and blues into what would become the genesis of Americana. Despite the Band's successes, Manuel struggled with personal demons, battling addiction and inner turmoil. Looking beyond his human frailty, this book celebrates Richard Manuel's immeasurable contributions to music, ensuring that memories of his voice and artistry endure.

big interview dan rather: Security in a Changing World Volker Franke, 2002-03-30 The end of the Cold War has brought about significant changes in the political, economic, social, and cultural structure of the international system. Absent a distinct enemy and the threat of global thermonuclear war, the United States today faces a host of new security challenges that require policymakers to make difficult decisions with significant domestic and international implications. The range of conflicting goals, expectations, and capabilities demands fresh solutions to international conflicts and civil unrest, new strategies for conducting peace support operations, and the preparation of America's forces for completing operational assignments under increasingly uncertain conditions. The case studies and exercises constructed for this book examine some of the most pertinent management, leadership, and accountability issues related to U.S. national security. Each case places readers at the center of difficult decisions, illustrates more general policy dilemmas, and is designed to stimulate discussion of those issues beyond the classroom. Cases highlight dilemmas at two levels: pertaining specifically to the case and pertaining to its larger policy implications. The absence of a one-sided argument, specific policy recommendations, or logical conclusions, enables readers to recognize the importance of the issues at hand and their greater policy implications and to discern lessons that might apply more generally to public policy, administration, and management. Particularly useful in courses dealing with national security, international relations, public/policy administration, civil-military relations, and organizational management. An instructor's manual is available upon request.

big interview dan rather: AC/DC on track Chris Sutton, 2024-07-29 AC/DC are a global rock institution and big brand name. The secret to their success has always been that they are a rock 'n' roll band, pure and simple, undiluted by trends with a solid authenticity and no frills or pretentiousness. Chris Sutton examines the recorded output of the band in detail, helped by new interview material with former members, collaborators and friends in manager Michael Browning, drummers Peter Clack, Noel Taylor and Tony Currenti, engineer/producer Mike Fraser, logo designer Gerard Huerta, bassist Ian Hampton and engineer Dave Thoener. They have one of the world's biggest-selling albums in Back In Black, but is it their best album, and which are their best songs? As well as commentary and analysis of every track on every studio album, space is also given to B-sides and out-takes, while the live albums and box sets are also discussed. The background to each album is also covered as the band navigate tragedy and setbacks with a determination to keep going - rock or bust! Whether you wish to revisit old favourites or learn about those gems you

missed, AC/DC On Track is the essential guide to this legendary band's music. Chris Sutton manages Smethwick Heritage Centre Museum and has written several publications for them. He has also written several plays. This book is his fourth for Sonicbond Publishing, with several more to follow. He lives in Great Malvern, UK.

big interview dan rather: Weird Al Lily E. Hirsch, 2022-04-15 From his love of accordions and Hawaiian print shirts to his popular puns and trademark dance moves, Weird Al Yankovic has made a career out of making us laugh. Funny music is often dismissed as light and irrelevant, but Yankovic's fourteen successful studio albums prove there is more going on than comedic music's reputation suggests. In this book, for the first time, the parodies, original compositions, and polka medleys of the Weird Al universe finally receive their due respect. Lily Hirsch weaves together original interviews with the prince of parody himself, creating a fresh take on comedy and music's complicated romance. She reveals that Yankovic's jests have always had a deeper meaning, addressing such topics as bullying, celebrity, and racial and gender stereotypes. Weird Al is undeterred by those who say funny music is nothing but a low-brow pastime. And thank goodness. With his good-guy grace still intact, Yankovic remains unapologetically and unmistakably himself. Reveling in the mischief and wisdom of Yankovic's forty-year career, this book is an Al-expense-paid tour of a true comedic and musical genius.

big interview dan rather: Benicio del Toro Steven Otfinoski, 2020-06-01 Success didn't come easily to award-winning Puerto Rican actor Benicio del Toro. He experienced constant rejections in auditions for roles when he first started to pursue an acting career. It wasn't until he moved to Los Angeles that he started getting parts, starting with small ones in films like Big Top Pee Wee and eventually leading to a breakout role in The Usual Suspects. When he won an Academy Award for Best Actor in a Supporting Role for his role in the movie Traffic, he was only the third Puerto Rican American to win an acting Oscar. Read all about del Toro in this full-color biography.

big interview dan rather: Taking a Stand Jared N. Champion, Peter C. Kunze, 2021-11-15 Contributions by Jared N. Champion, Miriam M. Chirico, Thomas Clark, David R. Dewberry, Christopher J. Gilbert, David Gillota, Kathryn Kein, Rob King, Rebecca Krefting, Peter C. Kunze, Linda Mizejewski, Aviva Orenstein, Raúl Pérez, Philip Scepanski, Susan Seizer, Monique Taylor, Ila Tyagi, and Timothy J. Viator Stand-up comedians have a long history of walking a careful line between serious and playful engagement with social issues: Lenny Bruce questioned the symbolic valence of racial slurs, Dick Gregory took time away from the stage to speak alongside Martin Luther King Jr., and—more recently—Tig Notaro challenged popular notions of damaged or abject bodies. Stand-up comedians deploy humor to open up difficult topics for broader examination, which only underscores the social and cultural importance of their work. Taking a Stand: Contemporary US Stand-Up Comedians as Public Intellectuals draws together essays that contribute to the analysis of the stand-up comedian as public intellectual since the 1980s. The chapters explore stand-up comedians as contributors to and shapers of public discourse via their live performances, podcasts, social media presence, and political activism. Each chapter highlights a stand-up comedian and their ongoing discussion of a cultural issue or expression of a political ideology/standpoint: Lisa Lampanelli's use of problematic postracial humor, Aziz Ansari's merging of sociology and technology, or Maria Bamford's emphasis on mental health, to name just a few. Taking a Stand offers a starting point for understanding the work stand-up comedians do as well as its reach beyond the stage. Comedians influence discourse, perspectives, even public policy on myriad issues, and this book sets out to take those jokes seriously.

big interview dan rather: Howling to the Moonlight on a Hot Summer Night Christopher McKittrick, 2024-10-01 A comprehensive guide to the band with praise from Booklist saying Stray Cats fans and music lovers in general will appreciate this exhaustively researched document of the group's influential and lengthy career. While New Wave pop music was dominating the charts in the early 1980s, one band made up of a trio of throwback-loving musicians from the suburbs of Massapequa, Long Island—guitarist/singer Brian Setzer, drummer Slim Jim Phantom, and bassist Lee Rocker—returned rockabilly to the international pop charts as the Stray Cats, releasing such

infectious Top 10 singles “Rock This Town,” “Stray Cat Strut,” and “(She’s) Sexy + 17.” Over forty years and many classic studio and live albums later, the Stray Cats still epitomize the spirit of the founding fathers of rock and roll—a coolness that never goes out of style. Howling to the Moonlight on a Hot Summer Night: The Story of the Stray Cats tells the full story of the band’s history and catalog as musicians. It not only celebrates the Cats as one of the most successful rock revival groups, but follows their exploits as a throwback act in the years when MTV was still new, going on to enjoy long-lived popularity in rockabilly culture across the globe from Massapequa to Memphis and beyond.
