bills locker room speech: *Second to None* Joe Valerio, 2014-09-01 In *Second to None*, author Joe Valerio tells the incredible story of the Buffalo Bills: the perpetual almost-champions and their indomitable fans. The Bills' incredible skill and teamwork on the field was matched only by their single-minded determination as, in the four years spanning 1991 to 1994, the team won four consecutive conference championships, and lost four consecutive Super Bowls. The peaks and nadirs of their record reflect a fascinatingly dynamic, uneven, and—at times—uncontrollable array of talents. Valerio renders in sharp detail how the Bills' unique culture was formed by an unlikely ecosystem of world-class athletes hunkered down in bleak western New York, far away from the celebrity playgrounds of other pro teams. Meticulously researched and carefully crafted, this one-of-a-kind look inside the Super Bowl-era Buffalo Bills is based on extensive interviews with the key players, coaches, and management, including Hall of Famers Jim Kelly, Thurman Thomas, Bruce Smith, as well as coach Marv Levy, general manager Bill Polian, and many others, including players and coaches from opposing teams, and the reporters who covered them.

bills locker room speech: *Comeback Season* Cathy Day, 2008-02-01 In *Comeback Season*, Cathy Day, author of the highly praised novel *The Circus in Winter*, tells the heartwarming story of how she got back in the game of love -- thanks to her favorite football team, the Indianapolis Colts. In 2005, Day, an Indiana native, moves to Pittsburgh to start her dream job. She's thirty-seven, a college professor, an acclaimed writer -- and still single. Psyching herself up, she thinks, This is the year for the Colts and for me. Instead, both Day and quarterback Peyton Manning face heartbreaking end-of-season losses: the man in her life decides to punt, and the Colts fall to the Pittsburgh Steelers, the eventual Super Bowl champs. Her blue heart broken, Day vows that if the Colts can come back in 2006 and try again, so can she. Inspired by Manning's legendary perfectionism, Day spends the off-season in training. She gets in shape, imagining that she's Rocky Balboa running through the Philadelphia streets to the tune of *Gonna Fly Now*. She quits smoking. She reads dating primers. She watches *Sex and the City*. She takes notes. She asks everyone she knows, Um, do you know any men my age who aren't married? Come preseason, Day reluctantly joins an online dating service and goes on practice dates while the Colts play practice games. Indy goes 1-4 in the preseason, which is better than Day's record of 0-4. Lonely and dejected, Day returns home to watch Colts games with her family, who are full of well-intentioned relationship advice -- much of it bad. The 2006 season finally arrives. Each week that fall, the Colts battle a new adversary and Day faces her enemies: her own romanticism, indecisive men, and her biggest foe, the singles industry. Friends and family deliver impassioned pep talks but can only watch anxiously from the sidelines as Day marches bravely into bars and coffee shops to meet perfect strangers. On the way to the Super Bowl, she discovers that the key to winning -- in both love and football -- exists somewhere between *Trying Everything* and *Letting Go*. Honest, touching, and frequently hilarious, *Comeback Season* tells a timeless story about our need to feel connected to people and to places. This year-long chronicle of one woman's journey will resonate with anyone who's ever looked for love...fumbled...recovered! and kept charging down the field.

bills locker room speech: Antiracism Inc Felice Blake, 2019 Antiracism Inc. considers new ways of struggling toward racial justice in a world that constantly steals and misuses radical ideas and practices. The critical essays, interviews, and poetry collected here focus on people and methods that do not seek inclusion in the hierarchical order of gendered racial capitalism. Rather, they focus on aggrieved peoples who have always had to negotiate state violence and cultural erasure, but who also work to build the worlds they envision. These collectivities seek to transform social structures and establish a new social warrant guided by what W.E.B. Du Bois called 'abolition democracy,' a way of being and thinking that privileges people, mutual interdependence, and ecological harmony over individualist self-aggrandizement and profits. Further, these aggrieved collectivities reshape social relations away from the violence and alienation inherent to gendered racial capitalism, and towards the well-being of the commons.--Provided by publisher

bills locker room speech: *Reclaiming History* Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F. Kennedy has been obscured. This book releases us from a crippling distortion of American history. At 1:00 p.m. on November 22, 1963, President John F. Kennedy was pronounced dead, the victim of a sniper attack during his motorcade through Dallas. That may be the only fact generally agreed upon in the vast literature spawned by the assassination. National polls reveal that an overwhelming majority of Americans (75%) believe that there was a high-level conspiracy behind Lee Harvey Oswald. Many even believe that Oswald was entirely innocent. In this continuously absorbing, powerful, ground-breaking book, Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history. The brilliant prosecutor of Charles Manson and the man who forged an iron-clad case of circumstantial guilt around O. J. Simpson in his best-selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination. This is an achievement that has for years seemed beyond reach. No one imagined that such a book would ever be written: a single volume that once and for all resolves, beyond any reasonable doubt, every lingering question as to what happened in Dallas and who was responsible. There have been hundreds of books about the assassination, but there has never been a book that covers the entire case, including addressing every piece of evidence and each and every conspiracy theory, and the facts, or alleged facts, on which they are based. In this monumental work, the author has raised scholarship on the assassination to a new and final level, one that far surpasses all other books on the subject. It adds resonance, depth, and closure to the admirable work of the Warren Commission. *Reclaiming History* is a narrative compendium of fact, forensic evidence, reexamination of key witnesses, and common sense. Every detail and nuance is accounted for, every conspiracy theory revealed as a fraud on the American public. Bugliosi's irresistible logic, command of the evidence, and ability to draw startling inferences shed fresh light on this American nightmare. At last it all makes sense.
