curb your enthusiasm quiz: Jeopardy! and Philosophy Shaun P. Young, 2012 Since its debut in 1964, Jeopardy has been one of America's favorite and longest-running daytime quiz shows. It turns the question-answer format of traditional quiz shows on its head and requires contestants to pose correct questions to answers in selected categories. While mining information and facts from Alchemy to Zoology, Jeopardy , is a uniquely intellectual, erudite, and challenging daytime television program. Far beyond entertaining its fans with nail-biting contests of knowledge, memory, and speed, it all but requires them to participate. Few people watch Jeopardy without pressing an invisible button and blurting out questions to their TV screen. Because of this personal and intellectual investment, most Jeopardy fans are devout. Watching the show is valued as a daily ritual in which genuine intellectual skill and encyclopedic knowledge (as opposed to thin Hollywood depictions such as those in Big Bang Theory or Rain Man) are not only respected and placed in the spotlight, but also rewarded with national prestige and prize winnings. Champion Ken Jennings (who contributes to this volume) has won over three million dollars and remained champion seventy-four times. For those who embrace Jeopardy as an intellectual oasis in the arid desert of popular culture, it is the geeks who shall inherit the earth. Jeopardy 's celebration of intellect and forward-thinking is well recognized throughout popular culture and among all age groups. Ken Jennings, Chuck Forrest, and other all-time champions are near celebrities, while the show itself regularly reaches out through special tournaments to different segments of American culture, such as actors and musicians (Celebrity Jeopardy), high-school and college students (Teen Tournament and College Championship Jeopardy) and senior citizens (Senior Tournament Jeopardy). Still, despite its widespread respect and, some might complain, smug self-respect, neither the show nor its fans take themselves too seriously. Jokes about host Alex Trebek's hair and famous parodies of Jeopardy on Saturday Night Live are as familiar as Weird Al Yankovic's MTV-mainstay I Lost on Jeopardy (to the tune of Our Love's in Jeopardy): Don't know what I was thinkin' of, I guess I just wasn't too bright. Well, I sure hope I do better Next weekend on The Price Is Right.

curb your enthusiasm quiz: The Comedy Studies Reader Nick Marx, Matt Sienkiewicz, 2018-08-01 From classical Hollywood film comedies to sitcoms, recent political satire, and the developing world of online comedy culture, comedy has been a mainstay of the American media landscape for decades. Recognizing that scholars and students need an authoritative collection of comedy studies that gathers both foundational and cutting-edge work, Nick Marx and Matt Sienkiewicz have assembled The Comedy Studies Reader. This anthology brings together classic articles, more recent works, and original essays that consider a variety of themes and approaches for studying comedic media—the carnivalesque, comedy mechanics and absurdity, psychoanalysis, irony, genre, race and ethnicity, gender and sexuality, and nation and globalization. The authors range from iconic theorists, such as Mikhail Bakhtin, Sigmund Freud, and Linda Hutcheon, to the leading senior and emerging scholars of today. As a whole, the volume traces two parallel trends in the evolution of the field—first, comedy's development into myriad subgenres, formats, and discourses, a tendency that has led many popular commentators to characterize the present as a "comedy zeitgeist"; and second, comedy studies' new focus on the ways in which comedy increasingly circulates in "serious" discursive realms, including politics, economics, race, gender, and cultural power.

curb your enthusiasm quiz: *How NOT to Write a Sitcom* Marc Blake, 2011-09-23 The craft of sitcom is possibly the hardest of all screenwriting genres, demanding a complex set of skills. *How NOT to Write a Sitcom* is a troubleshooting guide aimed at both the novice and the practising sitcom writer. It illustrates and explains the many pitfalls in concept, characterisation, plotting and dramatic/comedic writing, which pepper the hundreds of scripts submitted every year. Each point is illustrated with an example of the error and each section contains practical suggestions and exercises for the writer to apply to their own writing. The book makes no assumption of the reader

other than an interest in the form. It contains interviews with current producers as well as interviews with successful practitioners of the craft. Marc Blake is a script consultant, writer and teacher of writing for sitcom. In this book he acts as a 'script mechanic' for writers - stripping a sitcom down to its component parts, isolating the faults and fixing them. What script editors and producers are looking for are scripts that work. Naturally they want a genius in embryo, but above all they first want to see something that is roadworthy.
