- Health Benefits of I Got Your Back Massage Therapy
- What to Expect During an I Got Your Back Massage Therapy Session
- Choosing the Right Massage Therapist
- Maintaining Back Health After Massage Therapy

Understanding I Got Your Back Massage Therapy

I Got Your Back Massage Therapy is a targeted massage technique emphasizing the muscles, tendons, and ligaments of the back. The therapy aims to relieve tension and pain while promoting relaxation and improved mobility. This approach often combines various massage styles, including Swedish, deep tissue, and trigger point therapy, to address specific back issues.

Definition and Scope

This specialized therapy focuses exclusively on the back area, including the upper, middle, and lower back regions. The therapist uses hands, fingers, elbows, and sometimes tools to manipulate soft tissue, increase circulation, and reduce muscle stiffness. The scope often extends to the shoulders and neck, recognizing their connection to back health.

Who Can Benefit from This Therapy?

Individuals suffering from chronic back pain, muscle tightness, poor posture, or stress-related tension can benefit significantly from I Got Your Back Massage Therapy. It is also effective for athletes, office workers, and anyone seeking preventive care to maintain a healthy back.

Techniques Used in I Got Your Back Massage Therapy

The effectiveness of I Got Your Back Massage Therapy lies in the skilled application of diverse massage techniques tailored to individual needs. Understanding these methods helps clients appreciate the therapeutic process and outcomes.

Swedish Massage

Swedish massage is a gentle technique that uses long strokes, kneading, and circular movements to relax muscles and improve blood flow. It is often used at the beginning of a session to warm up the muscles before deeper work.

Deep Tissue Massage

This technique targets deeper layers of muscle and connective tissue using slower, more forceful strokes. It is designed to relieve chronic muscle tension and knots, often experienced in the lower back and shoulders.

Trigger Point Therapy

Trigger point therapy focuses on specific tight spots within muscles that cause referred pain. By applying focused pressure, the therapist helps release these points, reducing localized and radiating pain.

Myofascial Release

This approach involves gentle sustained pressure on the connective tissue (fascia) to eliminate pain and restore movement. It helps improve flexibility and reduce stiffness in the back muscles.

Stretching and Mobilization

Incorporating stretches and joint mobilizations during the massage session enhances range of motion and supports muscle relaxation. These techniques complement soft tissue work for holistic back care.

Health Benefits of I Got Your Back Massage Therapy

I Got Your Back Massage Therapy offers numerous health advantages beyond simple relaxation. It plays a vital role in managing pain, improving physical function, and supporting emotional well-being.

Pain Relief and Muscle Tension Reduction

The therapy alleviates muscle soreness and stiffness by increasing circulation and encouraging the release of tension. This is especially beneficial for individuals with chronic back pain or injury-related discomfort.

Improved Posture and Mobility

Regular sessions help correct muscular imbalances and tightness that contribute to poor posture. Enhanced flexibility and reduced tightness improve overall mobility and reduce the risk of future injury.

Stress Reduction and Relaxation

Massage therapy stimulates the parasympathetic nervous system, promoting relaxation and reducing stress hormone levels. This effect contributes to better sleep quality and improved mental health.

Enhanced Circulation and Immune Function

The increased blood flow supports nutrient delivery and waste removal in tissues, facilitating faster healing. Additionally, massage therapy may boost immune function by reducing stress and improving lymphatic circulation.

What to Expect During an I Got Your Back Massage Therapy Session

Understanding the typical flow of a massage session helps clients feel more comfortable and prepared for treatment.

Initial Consultation and Assessment

The therapist begins with a discussion about medical history, current symptoms, and treatment goals. This assessment guides the customization of the massage plan.

Massage Procedure

Clients typically lie face down on a massage table, with the back exposed. The therapist uses oils or lotions to facilitate smooth movements and may adjust pressure according to client feedback. Sessions usually last between 30 to 90 minutes.

Post-Massage Recommendations

After the session, therapists often suggest hydration, gentle stretches, and posture adjustments to maximize benefits and encourage recovery.

Choosing the Right Massage Therapist

Selecting a qualified and experienced massage therapist is crucial to ensure safe and effective treatment.

Credentials and Licensing

Verify that the therapist holds appropriate certifications and licenses as required by state regulations. This ensures they have undergone proper training and adhere to professional standards.

Experience with Back Therapy

Look for therapists who specialize in back massage therapy or have extensive experience treating back pain and related conditions. Client testimonials and reviews can provide insight into their expertise.

Communication and Comfort

A good therapist listens attentively to client needs and preferences, adjusting techniques accordingly. Feeling comfortable and respected during sessions enhances overall effectiveness.

Maintaining Back Health After Massage Therapy

Sustaining the benefits of I Got Your Back Massage Therapy involves proactive care and lifestyle adjustments aimed at supporting back health.

Ergonomic Practices

Incorporate ergonomic furniture and maintain proper posture during daily activities to reduce strain on back muscles and prevent recurring issues.

Regular Exercise and Stretching

Engaging in strengthening exercises and stretching routines helps maintain flexibility and muscle balance. Activities such as yoga, Pilates, or targeted physical therapy can be beneficial.

Stress Management

Managing stress through mindfulness, meditation, or other relaxation techniques reduces muscle tension and supports overall wellness.

Periodic Massage Sessions

Scheduling regular massage therapy appointments can prevent the buildup of tension and sustain optimal back function over time.

- Maintain hydration to support muscle recovery
- Avoid prolonged sitting or standing without breaks
- Use proper lifting techniques to protect the back
- Consult healthcare providers for persistent pain or injury

Frequently Asked Questions

What is 'I Got Your Back' massage therapy?

"I Got Your Back" massage therapy is a specialized massage service focused on relieving tension and pain in the back muscles, promoting relaxation and improving overall spinal health.

What techniques are commonly used in 'I Got Your Back' massage therapy?

Techniques often include deep tissue massage, Swedish massage, trigger point therapy, and myofascial release, all aimed at targeting back pain and muscle stiffness.

Who can benefit from 'I Got Your Back' massage therapy?

Anyone experiencing back pain, muscle tightness, stress, or poor posture can benefit from this therapy, including office workers, athletes, and individuals with chronic back issues.

How often should I get an 'I Got Your Back' massage?

Frequency varies based on individual needs, but generally, receiving a massage every 2 to 4 weeks is recommended to maintain back health and manage pain effectively.

Are there any contraindications for 'I Got Your Back' massage therapy?

Yes, individuals with certain conditions such as fractures, infections, severe osteoporosis, or skin diseases should avoid this therapy or consult a healthcare provider before receiving it.

What should I expect during an 'I Got Your Back' massage session?

During the session, the therapist will assess your back condition, use various massage techniques to relieve tension, and may provide advice on stretches or exercises to support back health.

Can 'I Got Your Back' massage therapy help with chronic back pain?

Yes, regular sessions can help reduce chronic back pain by improving blood flow, loosening tight muscles, and promoting relaxation, but it should be part of a comprehensive treatment plan.

Is 'I Got Your Back' massage therapy covered by insurance?

Coverage varies by insurance provider and plan. Some may cover massage therapy if prescribed by a doctor, so it's best to check with your insurance company for specific details.

Additional Resources

1. I Got Your Back: The Ultimate Guide to Therapeutic Massage

This comprehensive guide explores various massage techniques specifically designed to relieve back pain and tension. It covers anatomy, pressure points, and step-by-step instructions for both beginners and professionals. Readers will learn how to effectively target muscle knots and promote relaxation.

2. Healing Hands: Mastering Back Massage Therapy

Focused on the art and science of back massage, this book offers detailed insights into therapeutic methods that improve spinal health and muscle function. It includes case studies, expert tips, and practical advice for tailoring massages to individual needs. Ideal for massage therapists seeking to deepen their expertise.

3. The Back Massage Bible: Techniques for Pain Relief and Relaxation

A go-to resource for anyone interested in back massage therapy, this book provides a variety of techniques from Swedish to deep tissue massage. It emphasizes the importance of client comfort and safety while explaining how to alleviate chronic back pain. The clear illustrations make it easy to follow.

4. Relax and Restore: A Guide to Self-Back Massage

Designed for self-care enthusiasts, this guide teaches how to perform effective back massages at home. It highlights simple techniques and tools that can help reduce stress and muscle stiffness without professional assistance. Perfect for those looking to maintain back health independently.

5. Back in Action: Therapeutic Massage for Injury Recovery

This book addresses how massage therapy can aid in recovering from back injuries and surgeries. It details protocols for different conditions, including herniated discs and muscle strains, supported by medical insights. Readers will find valuable strategies to complement physical therapy and speed healing.

6. The Science of Back Massage: Anatomy, Physiology, and Techniques

An in-depth exploration of the biological foundations behind effective back massage therapy. It combines scientific research with practical application, helping therapists understand how massage impacts muscles, nerves, and circulation. This book is essential for those wanting to ground their practice in evidence-based knowledge.

7. Mindful Touch: Integrating Massage Therapy with Stress Relief

This title focuses on the connection between massage, mindfulness, and emotional well-being. It offers techniques that not only soothe physical back pain but also reduce mental stress and anxiety. Ideal for therapists and clients interested in a holistic approach to health.

8. Deep Tissue Back Massage: Techniques for Lasting Relief

Specializing in deep tissue methods, this book guides readers through powerful techniques to break down scar tissue and chronic muscle tension. It includes safety precautions and client communication tips to ensure effective and comfortable sessions. A vital resource for advanced massage therapists.

9. Back Massage for Couples: Strengthening Bonds through Touch

This friendly guide encourages partners to use massage as a way to connect and support each other's health. It provides easy-to-learn techniques tailored for non-professionals, focusing on relaxation and mutual care. Perfect for couples looking to enhance their relationship through therapeutic touch.

This could be useful to any individual who is experiencing back pain needs a cure. Hopefully, this book will give you a glimpse into those other areas. So please accept this humble offering of help which represents my current understanding as of today this book is published.

i got your back massage therapy: Charlotte Leaves the Light On Annette Smith, 2008-09-01 Here is the third and final book in the Ruby Prairie series about a small town in Texas and the quirky characters who live there. Life in Ruby Prairie is seen through the eyes of Charlotte, a widow in her mid-thirties who has come to the town to open her home and be a foster mother for girls.

i got your back massage therapy: Get Your Mind Right Todd Durkin, 2020-06-02 As founder of Fitness Quest 10 in San Diego, California, Todd Durkin is used to pushing high-profile,

high-performance athletes to their physical limit. But that's only half the battle. A crucial aspect of creating any kind of success--whether in business, sports, health, or relationships--is having the right mind-set. In *Get Your Mind Right*, this world-class performance coach shares his top 10 principles to inspire you to find motivation, work hard, grow in your faith, think like a champion, and be the very best version of yourself, including - your thoughts ultimately determine your life and legacy - attack your fears instead of running away from them - habits will make or break you - master your time, energy, and focus - eat to get your mind right - recover like a champion - live a life worth telling a story about - and more If you're ready to start taking on your challenges with confidence, it's time to get your mind right!

i got your back massage therapy: *The Complete Illustrated Birthing Companion* Amanda French, Susan Thomforde, Jeanne Faulkner, Dana Rousmaniere, 2013-01-01 How to give birth is the most important decision of a woman's pregnancy, but navigating the maze of options is overwhelming. *The Complete Illustrated Birthing Companion* clearly lays out the process for eight successful birthing plans from home births and hospital births to a natural unmedicated delivery and C-sections. Each path outlines the latest research on every technique and procedure from water birthing to medications and includes "Real Deal" and "Inside Information" sections that detail the huge variations parents-to-be sometimes encounter. Written by an OB/GYN, nurse/midwife, and neonatal nurse, this photo-filled essential guide presents the most balanced and comprehensive perspective on all aspects of delivery today including red flags that indicate when another birthing plan may be more appropriate as well as helpful strategies and trimester-by-trimester schedules for the smoothest birth experience possible.

i got your back massage therapy: *BeefCake, Inc., Volume 2* Judi Fennell, 2021-06-02 Meet the men of BeefCake, Inc.! Girls' Night Out never tasted so good! Volume Two - A two-book collection from the BeefCake, Inc. series, with a bonus short story! *Beefcake & Mistakes* But when Juliet's beloved grandmother has a stroke, Tanner agrees to pretend to be a happily married couple one last time, just until she's well enough to handle the news that her favorite couple is calling it quits for good. But seven years of separation have changed a lot of things. Is it enough for the once-bitten-twice-shy Tanner to reconsider and risk a retake on the one woman who never stopped loving him? *Beefcake & Snowflakes* Gina had a crush on Darien since before she could remember until the day he'd humiliated her in school. Fifteen years later, the sight of him still leaves her cold. Exotic dancer Darien has come back to town to set a few things to rights. One of those is the mess he made for Gina during their teenage years... and maybe rekindle the flames they'd once had. But the only way to melt the snow around Gina's heart is to turn up the heat, both on the job... and off. Sweet as Candy Candy has been misjudged her entire life, thanks to the blonde hair, pretty face, and kickass body Mother Nature has bestowed upon her, and, in her experience, most men can't see beyond them to the woman inside. So when sexy exotic dancer Jaden Carter offers her some dopey pick-up line, she's not interested--well, in the pick-up line. In him? Totally different story. But only the man who appreciates her brains will be the guy to win her heart. But then Jaden proves he's more than a pretty face, and she realizes no one should ever judge a book by its (very sexy) cover.

i got your back massage therapy: *The Seven Tools of Healing* Steven M. Hall MD, 2018-03-09 If you want to find and treat the real causes of the problems you're facing and take your healing to a higher level, then you need to do some work. That means not only striving to change the conditions you currently face but taking steps to change what brought problems or issues into your life in the first place. In other words, treating both the symptoms and the causes will help you get better results than focusing on one or the other. Steven M. Hall, M.D., gives you a blueprint to do both in this guide to healing. The tools he shares will help you: recognize when something in your life is not working; identify foundational beliefs that contribute to problems; change beliefs when necessary; and focus on solutions instead of problems. Hall doesn't tell you how to eat or exercise, and he doesn't preach about visualizing or saying positive affirmations. Rather, he concentrates on getting to the root causes of your issues and mastering seven straightforward tools to live a longer, healthier, and happier life.

i got your back massage therapy: *Massage Therapy in Crisis* Lonnie T. Locke LMT, 2020-11-09 This Interactive eBook with exclusive YouTube content is a look back at the massage field as I experienced it from massage school to opening a private practice. A field in crisis, this book exposes those popular Spa chains and how they really operate behind closed doors. This is my rundown on everything wrong with the massage field and what needs to be done to correct it. What do you do when business is going great and you get hit with a pandemic? I explore this coronavirus like no one else, then dig deep into human trafficking in massage. I discuss spirituality, group think versus the power of the individual and the God hole and overcoming anger. This is the book that every therapist is afraid to write because it's going to upset many people. If you enjoyed Motley Crue's *The Dirt* then think of this book as the Massage Therapy version of that. *Massage Therapy in Crisis* is raw, it's blunt, but It's also brutally honest. I've added mood music for certain subjects to make things interesting. Sincerely, Lonnie T. Locke LMT

i got your back massage therapy: *How to Quit Golf (and Get Your Life Back)* Danny Cahill, 2024-03-05 Do you need to quit golf? Take a short quiz! 1. Do you show your golf scorecards to, well, uh . . . anyone? 2. At dinner, do you find yourself practicing your grip on your utensils? (The Vs of the fork's first tine, for the righthander, should point to the right shoulder.) 3. Look above you. Are there marks on the ceilings of your house because you can't help but try to "bust one" even when you're indoors and there is no ball? 4. Have you taken to reflexively calling your children "pards?" 5. Do other golf aphorisms make their way into your personal life? (Examples include finding your lost car keys and with a shrug saying, "Even a blind squirrel finds a nut now and again," or feeding your actual dog and exhorting, "Time to let the big dog eat!") 6. Does your dry cleaner, never having seen your swing but processing your bill, assume you are a golf pro? 7. Do you think of all spatial relationships in the real world in terms of golfing distance? (When parking at the mall and your wife suggests you are too far away, do you say, "What? It's like a stock gap wedge to Panera from here." When she disagrees, do you break out the Bushnell and shoot the store's signage?) If you answered "Yes" to any of the above, you really, really need to quit golf. Danny Cahill will make you laugh and nod with recognition in his latest book (part social satire/ commentary; part clever psychological study) about the game of golf and its intoxicating hold on those who love it. A likeable middle-aged golfer (coping with the thought that everything is in decline at this time of life) has crossed over from healthy hobby to unmanageable obsession. He knows he should quit spending so much time working on his golf game. He knows his life at home is unraveling. But fully aware of just how much the game is laying waste to his powers, he nevertheless continues to count the hours to his next tee time. Cahill's comic treatment of middle-age reckoning told through the lens of an obsessed golfer also takes a deep dive into the sport's ecosystem and its inherent appeal (and silliness?). Cahill's acute powers of observation will impress as he unravels golf's ability to entice like no other endeavor—and how to ultimately let go and preserve what matters. Any serious golfer will see themselves in Cahill's hero—they've thought his thoughts, shared his fears, and dealt with the effects on their family. The book will make golfers laugh, but also feel completely understood. The book explores the human need to find something that can still be improved, and through the prism of golf, examines the innate futility in trying to find meaning in a game that is, like the protagonist's life, both impossible to master and intermittently filled with joy and sorrow.

i got your back massage therapy: *Inherit the Bones* Emily Littlejohn, 2016-11-01 In this mystery series debut, the circus visits a Colorado mountain town—and murder follows soon after. In the summer, campers flock to Cedar Valley's meadows and fields. In the winter, skiers and snowboarders take over the mountains. But those who live there know that dark secrets are buried beneath the town's natural splendor. When a clown from a traveling circus is murdered, Detective Gemma Monroe is shocked to discover the victim's true identity. The young man is no stranger, but a local who had returned home with a new name—and a mysterious agenda. Gemma's investigation takes her from the seedy circus grounds to the elegant homes of those who control Cedar Valley's future. Six-months pregnant, with a partner she can't trust and colleagues who know more than they're saying, Gemma tracks a killer who will stop at nothing to keep those secrets buried.

i got your back massage therapy: Que's Official Internet Yellow Pages Joe Kraynak, 2005 Information online is not stored or organized in any logical fashion, but this reference attempts to organize and catalog a small portion of the Web in a single resource of the best sites in each category.

i got your back massage therapy: Read My Hips! Wolf Schamberger, 2020-09-21 "I feel twisted", "I look crooked in the mirror", "My problems have been going on for years", "I have tried every kind of treatment" are commonly heard statements. Whether you have complaints or not, it's time to look at your body alignment, given that the pelvis and spine are not properly aligned in 80% of us. Think of a car that has an alignment problem! The tires wear differently and the car may wiggle and wobble, eventually causing structural damage to the frame and steering mechanism. We are not so different. Unwanted stresses caused by malalignment can affect every part of your body. You may feel it, for example, as "low back pain", a "bursitis", "tight hamstrings". This book starts by explaining how your pelvis and spine function when in alignment and what happens when things go wrong. It describes some easy ways to recognize and treat the three most common ways the pelvis goes out of alignment. Then it outlines the "malalignment syndrome" - the typical changes and complaints associated with malalignment that, unfortunately, often lead to unwarranted investigation, misdiagnosis, and inappropriate and sometimes harmful treatment. After discussing the impact on various sports, it provides a comprehensive treatment approach aimed at achieving and maintaining your alignment making use of appropriate complementary techniques and encouraging your regular participation to achieve lasting results.

i got your back massage therapy: *Destiny to Die* Warren Henderson, 2016-09-24 In short, this book touches on HIV/AIDS, one of the most silent, sneakiest, systematic, pathological, physical, and psychological killer disease with a mind of its own that has ever been created and put on this earth. And it also touches on the organized people who went up against the scientists and their backers who unleashed this killer disease on the population of this world. Warren E. Henderson Author

i got your back massage therapy: *Back Pain: What Really Works* Arthur Klein, 2012-10-25 At last - the self-help treatments for backache that really work. This bestselling book grew out of an extensive survey of what those with back problems experience and the treatments they have found that really work. Are drugs or surgery the answer? What about the many complementary therapies available? Or should you try a change of diet, daily routine and exercise? Answers to these and many more questions are answered with honesty by those who have actually tried them. Why suffer longer with this miserable and debilitating problem when you can almost certainly find something here to relieve the problem and improve your quality of life. This book covers complementary treatments, posture, surgery and drugs and also features an illustrated section of effective exercises you can perform in your own home.

In these pages, you'll find stunning new research, unparalleled expert advice, how-to health guides, and a scientific, myth-debunking approach to natural remedies. Search for your symptoms. Find your cure. The power is yours. A clean life for you—and your family—starts now. Lose Dangerous Belly Fat, Fast: And keep it off for good. Our all-natural, 10-step program tells you what to eat, drink, and do—with immediate waist-shrinking results. Discover which probiotics help you burn more calories when you eat, which popular, “healthy” nut actually slows your metabolism, and the stealth toxin in your kitchen that activates fat cell growth (eliminate it and slash your risk of obesity by 75 percent!). Look Younger, Feel Younger: Discover the astonishing, inexpensive (and natural!) supplements that tighten skin, increase fat loss, and help build muscle. And learn some simple recipes for building anti-aging smoothies that turn fresh fruit into wrinkle-erasing superfoods. Sleep Easier Tonight: Conquer fatigue with our 9-step plan to fall asleep quickly—and stay sleeping soundly throughout the night. (Hint: A subtle scent in your bedroom could be part of the problem!) Re-energize Your Love Life. One supplement alone made a whopping 70% of women feel “more satisfied” after sex. Plus: How plant protein can re-energize your ovaries. Turn Up Your Mood Meter. This one green, leafy vegetable has been shown to improve the effects of both Prozac and talk therapy. Cure that Cold or Flu: Stop them before they start, with the newest natural options—one magical berry alone can reduce symptoms by 50 percent. Plus: A homeopathic “flu shot” that’s proven 88% effective. PLUS! THE COMPLETE GUIDE TO HERBAL REMEDIES! A-Z Guide to Healing Herbs: Cure yourself with these 30 essentials, from aloe vera to white willow bark, nature’s relief for migraines, eczema, menopause, UTIs, anxiety, depression, and many more. It’s your new medicine cabinet, fully stocked. The Get Happy Herb Guide: The serenity savers (lemon balm, kava kava) and bliss boosters (chocolate, milk thistle) guaranteed to raise your spirits. The Best Herbs for Women: These 12 will ease your mood swings, headaches, menstrual cramps, menopause, with no nasty side effects. A must-read for husbands, too. AND! Yoga, meditation and Ayurvedic therapies: The latest science on treatments and classes, with complete how-to guides for at-home use. The Doctor’s Book of Natural Health Remedies—in a world of questionable cures, it’s the one book you can trust.

i got your back massage therapy: HOLISTIC APPROACH TO YOUR HEALTH AND WELLNESS Dr. Mahmoud Sous, 2021-11-19 Do you want to improve your health and well-being? This book, developed by Dr. Sous and his team will help you to think out of the box for your pain and impairments with a holistic approach like soft tissue release, Swedish massage, herbs, and herb-infused oil recipes. This approach has gained much demand nowadays as not only one single thing can pain. We need to incorporate all the method which work on pain, fastens the recovery process, and promotes individual well-being. In addition, there is an increasing trend of using Swedish massage for relaxation which is also as an important rehabilitation tool for clients. In this book you will learn, first-hand, how to assess your pain and impairments, as well as how to maintain, rehabilitate, and augment these techniques to relieve pain. The book breaks down in detail basic and advanced techniques covering all the joints of body as well as some common conditions. Apart from these techniques, this book also provides a thorough knowledge of herbs and its effects in various conditions. By the end of the book, you will be enlightened by numerous recipes for pain relief and relaxation. Also, there is a guide for the benefits of healthy diet. When these things are combined the purpose of treatment and well-being is achieved.

i got your back massage therapy: Bound by Blood Rick Nelson, 2025-09-23 New Orleans detective Jack Brenner is struggling with a faltering marriage, an injured partner, and an

overbearing lieutenant when Emmett Floyd Graves, a convict facing lethal injection, sends Jack word through his lawyer that he has information about the unsolved murder of Jack's cousin, a civil-rights worker killed in the summer of 1972. Jack is intrigued but suspicious, and before he can figure out whether he's being played, he and his new temporary partner, Keisha Lundy, are assigned to the drive-by shooting of a teenage boy. Eerily, both Steven Bowen and Jack's cousin David were distance-running phenomenons at the same high school where Jack himself was a champion hurdler. Jack juggles the Bowen case with his own secret investigation of Graves's claim, backed up by Keisha, who knows what it's like to lose a young family member through violence. Jack thinks he has time to make sense of things before bringing anyone else into it. But then television reporter Willow Ashe, an old flame from Jack's past, comes on the scene. She not only stirs up old memories of hot nights on the levee, but breaks Graves's story on the evening news for all the world to see, including Jack's lieutenant, wife, and aunt. Jack is in hot water at work and at home. But the publicity gets him what he wants---a chance to solve his cousin's murder. The two crimes, separated by thirty years, send Jack and Keisha shuttling between the Big Easy underworld and the delta town of Bon Terre. Jack's gut tells him that the Dixie Mafia kingpin who runs Bon Terre is somehow connected to both murders. Proving it will put him and people he cares about in the line of fire. An impressive debut set among the moonlit bayous, great houses, and old ghosts of Louisiana, *Bound by Blood* delivers a fine balance of humor, violence, and sorrow.
