

in n out interview reddit

in n out interview reddit is a frequently searched phrase by job seekers aiming to understand the hiring process at the popular fast-food chain, In-N-Out Burger. Reddit, as a platform, offers numerous firsthand accounts and shared experiences from candidates who have undergone interviews with In-N-Out, providing valuable insights. This article will explore the typical interview process, common questions, tips for success, and what candidates can expect based on real experiences shared on Reddit. If you are preparing for an In-N-Out interview or simply curious about how the company hires, this comprehensive guide will help equip you with the necessary knowledge to boost your confidence and improve your chances. Below is a detailed overview of what the In-N-Out interview entails, enriched with community-sourced information from Reddit users.

- Understanding the In-N-Out Interview Process
- Common In-N-Out Interview Questions Shared on Reddit
- Tips and Strategies for Acing the In-N-Out Interview
- What to Expect After the Interview
- Insights from Reddit Users: Real Interview Experiences

Understanding the In-N-Out Interview Process

The hiring process at In-N-Out is designed to identify candidates who align with the company's culture and values. According to numerous posts on Reddit, the interview process is straightforward but thorough, focusing on both personality and practical skills. Applicants typically start by submitting an application online or in person. Successful applicants are then invited for an interview that usually lasts between 15 to 30 minutes. The company emphasizes customer service skills, teamwork, and a positive attitude during the evaluation.

Interview Format

The interview format for In-N-Out often involves a one-on-one session with a hiring manager or a store supervisor. In some cases, group interviews might take place, especially when hiring for multiple positions. The setting is usually informal, aiming to make candidates feel comfortable while assessing

their communication skills and enthusiasm.

Key Focus Areas

In-N-Out recruiters focus on several key areas during the interview, including:

- Customer service aptitude
- Ability to work in a fast-paced environment
- Teamwork and collaboration skills
- Reliability and punctuality
- Willingness to learn and adapt

Common In-N-Out Interview Questions Shared on Reddit

Reddit users who have undergone the In-N-Out interview frequently share the questions they were asked, providing valuable insight into what candidates might expect. These questions range from behavioral to situational and some technical queries related to food service.

Behavioral Questions

Behavioral questions aim to understand how a candidate has handled previous situations or how they would approach potential scenarios at work. Common examples include:

- Describe a time when you had to deal with a difficult customer.
- How do you handle stress and pressure in a busy environment?
- Give an example of when you worked effectively as part of a team.
- What motivates you to work at In-N-Out?

Situational Questions

Situational questions test problem-solving skills and the ability to think on one's feet. Reddit posts mention questions like:

- What would you do if you saw a coworker not following hygiene protocols?
- How would you manage a long line of customers during peak hours?
- If a customer complains about their order, how would you handle it?

Technical and Role-Specific Questions

Though less common, some candidates report being asked questions related to food safety, basic cooking procedures, or cash handling to assess their readiness for specific tasks.

Tips and Strategies for Acing the In-N-Out Interview

Preparation is key to succeeding in any interview, and the In-N-Out interview is no exception. Leveraging insights from Reddit and industry best practices can greatly improve a candidate's performance.

Research the Company

Understanding In-N-Out's brand, values, and culture is essential. The company prides itself on quality, customer service, and a strong team environment. Familiarity with these aspects demonstrates genuine interest and alignment with company principles.

Practice Common Interview Questions

Rehearsing answers to common behavioral and situational questions can help candidates respond confidently and clearly. Using the STAR method (Situation, Task, Action, Result) is an effective approach to structure responses.

Demonstrate Enthusiasm and Positivity

In-N-Out values a positive attitude and eagerness to contribute. Showing enthusiasm for the role and willingness to learn can leave a lasting impression on interviewers.

Dress Appropriately

While the interview environment is casual, dressing neatly and professionally is recommended. This shows respect for the opportunity and attention to detail.

Be Ready to Discuss Availability

Since In-N-Out operates extended hours, candidates should be prepared to discuss their availability, including weekends and holidays, which is often a critical factor in hiring decisions.

What to Expect After the Interview

Following the interview, candidates typically receive feedback within a few days to a week. Reddit users report varying timelines but generally describe prompt communication from the hiring team. Successful applicants are often invited for a second interview or offered a position directly, depending on the location and staffing needs.

Possible Next Steps

- Follow-up phone call or email
- Second interview or group interview
- Job offer and onboarding information
- Background check or employment verification

It is advisable for candidates to remain patient and follow up politely if they do not hear back within a reasonable timeframe.

Insights from Reddit Users: Real Interview Experiences

Reddit serves as a valuable resource where candidates share detailed experiences about their In-N-Out interviews. These firsthand accounts reveal that while the interview process is generally friendly and straightforward, candidates should expect behavioral questions and scenarios designed to assess their fit.

Positive Experiences

Many Reddit users highlight the welcoming nature of the interviewers and the emphasis on teamwork and customer service. Candidates appreciate the clarity of the questions and the opportunity to ask their own. Positive stories often include quick hiring decisions and supportive onboarding processes.

Challenges Reported

Some users mention nervousness about situational questions or concerns about availability requirements. Certain candidates found that being honest and showing willingness to learn were crucial factors that helped overcome these challenges.

Advice from the Community

Redditors frequently advise prospective candidates to:

- Be punctual and polite
- Prepare examples of past work or volunteer experiences
- Express genuine interest in the brand and role
- Follow up with a thank-you message when possible

These community-driven insights provide a realistic and encouraging perspective for those preparing for an In-N-Out interview.

Frequently Asked Questions

What are common questions asked in an In-N-Out interview according to Reddit users?

Common questions include "Why do you want to work at In-N-Out?", "How would you handle a difficult customer?", and situational questions about teamwork and fast-paced environments.

How should I prepare for an In-N-Out interview based on Reddit experiences?

Prepare by researching the company culture, practicing answers to customer service scenarios, and demonstrating enthusiasm for the brand and teamwork.

What is the interview process like at In-N-Out as shared on Reddit?

The interview is typically straightforward, often including a brief chat with the manager, some situational questions, and sometimes a quick group interview or role-play.

Do Reddit users mention any tips for succeeding in an In-N-Out interview?

Yes, tips include being friendly and positive, showing a willingness to learn, dressing neatly, and emphasizing customer service skills and reliability.

Are there any unique questions or tasks in the In-N-Out interview mentioned on Reddit?

Some Reddit users mention being asked about their favorite In-N-Out menu item or to describe how they would handle multiple tasks during a busy shift to assess multitasking abilities.

in n out interview reddit: Social Media Christian Fuchs, 2024-11-01 You will never look at social media the same way again. Social media are an integral part of contemporary society. From news, warfare, politics, advertising, consumption, entertainment, friendships, labour, and economy to friendships, leisure, language, and everyday life, they have changed the way we communicate, use information and understand the world. Social media shape and are shaped by contemporary society. In order to understand contemporary society we have to ask critical questions about social media. This book is the ultimate guide for digging deeper into issues of ownership, power, class, and (in)justice. This book equips you with a critical understanding of the complexities and contradictions at the heart of social media's relationship with society. The Fourth Edition contains new chapters and has updated and revised versions of other chapters:

- The book includes a new chapter on TikTok in the context of global capitalism and the geopolitical conflict between China and the USA.
- It explores new topics such as information and social media warfare in the context of Russia's invasion of Ukraine, the implications of Elon Musk's acquisition of Twitter for democracy and the public sphere, the prospects of Twitter-alternative Mastodon, digital fascism, influencers and the attention economy on TikTok, digital capitalism, the role of big data in digital capitalism, The Public Service Media and Public Service Internet Manifesto, social media's digital alienation, and Putinism and information warfare.
- It explores populism, racism, nationalism, militant patriarchy in a chapter on right-wing authoritarianism on social media that includes two case studies of Donald Trump and Putinism.
- It analyses the phenomenon of social media influencers in the age of TikTok, Instagram, YouTube, and Snapchat.
- It explains in an updated chapter what digital capitalism is and what role big data plays in it.
- It explores the growing prominence of platforms and platform capitalism.
- It analyses fake news, misinformation, and surveillance capitalism in the context of Facebook, WhatsApp, Cambridge Analytica, and the Internet Research Agency.
- It shows why Google is

simultaneously the Internet's God and Satan. · It discusses digital democracy and the digital public sphere in the context of Twitter. · It challenges you to envision and achieve a truly social media that serves the purposes of a just and fair world. · It introduces platform co-operatives and the Public Service Internet. There are winners and losers in the age of digital capitalism. This book is an essential guide for anyone who wants to critically understand how we got to digital capitalism and capitalist social media, what we can do about it, and what a democratic public sphere looks like.

in n out interview reddit: Quantitative Portfolio Management Michael Isichenko, 2021-08-31 Discover foundational and advanced techniques in quantitative equity trading from a veteran insider In *Quantitative Portfolio Management: The Art and Science of Statistical Arbitrage*, distinguished physicist-turned-quant Dr. Michael Isichenko delivers a systematic review of the quantitative trading of equities, or statistical arbitrage. The book teaches you how to source financial data, learn patterns of asset returns from historical data, generate and combine multiple forecasts, manage risk, build a stock portfolio optimized for risk and trading costs, and execute trades. In this important book, you'll discover: Machine learning methods of forecasting stock returns in efficient financial markets How to combine multiple forecasts into a single model by using secondary machine learning, dimensionality reduction, and other methods Ways of avoiding the pitfalls of overfitting and the curse of dimensionality, including topics of active research such as "benign overfitting" in machine learning The theoretical and practical aspects of portfolio construction, including multi-factor risk models, multi-period trading costs, and optimal leverage Perfect for investment professionals, like quantitative traders and portfolio managers, *Quantitative Portfolio Management* will also earn a place in the libraries of data scientists and students in a variety of statistical and quantitative disciplines. It is an indispensable guide for anyone who hopes to improve their understanding of how to apply data science, machine learning, and optimization to the stock market.

in n out interview reddit: Mental Floss The Curious Viewer Jennifer M. Wood, The Team at Mental Floss, 2021-10-19 Subtitle from remote control graphic on cover.

in n out interview reddit: COVID-19 in Brooklyn Jerome Krase, Judith DeSena, 2023-03-07 *COVID-19 in Brooklyn: Everyday Life During a Pandemic* looks closely at the ways that the COVID-19 pandemic impacted the lives of ordinary people living in the super-gentrified Brooklyn neighborhoods of Park Slope and Greenpoint/Williamsburg, where the authors hunkered down during the 2020 lockdown. Putting their private lives into broader scientific and public contexts, Krase and DeSena discuss a wide range of research methods and theories, as well as print and internet media sources about the pandemic. With words and images, the scholar-activist authors place their own personal experiences and those of their family and neighbors inside the broader context of global and national medical emergencies, as well as related economic, social, and political unrest, such as widespread unemployment, the Black Lives Matter Movement, and the contentious 2020 presidential election. Using a distributive social justice perspective and examining their own privileges, they discover and discuss the racial and economic inequities that affected the lives of other Brooklynites. These disparities included public health measures and lack of access to basic necessities of urban living. The book also addresses the cultural and economic shifts that took place at the start of the pandemic and contemplate how those forces will impact on future urban life, asking what the new normal of business, entertainment, education, housing, and work will look like locally and globally. This richly illustrated book offers an invaluable local study of the impact of the pandemic on ordinary people in Brooklyn. As such, it will be of great interest to students and researchers in the humanities and social sciences.

in n out interview reddit: Speak of the Devil Joseph P. Laycock, 2020-01-20 In 2013, when the state of Oklahoma erected a statue of the Ten Commandments on the grounds of the state capitol, a group calling themselves The Satanic Temple applied to erect a statue of Baphomet alongside the Judeo-Christian tablets. Since that time, The Satanic Temple has become a regular voice in national conversations about religious freedom, disestablishment, and government overreach. In addition to petitioning for Baphomet to appear alongside another monument of the Ten Commandments in

Arkansas, the group has launched campaigns to include Satanic nativity scenes on government property in Florida, Michigan, and Indiana, offer Satanic prayers at a high school football game in Seattle, and create After School Satan programs in elementary schools that host Christian extracurricular programs. Since their 2012 founding, The Satanic Temple has established 19 chapters and now claims 100,000 supporters. Is this just a political group perpetuating a series of stunts? Or is it a sincere religious movement? *Speak of the Devil* is the first book-length study of The Satanic Temple. Joseph Laycock, a scholar of new religious movements, contends that the emergence of political Satanism marks a significant moment in American religious history that will have a lasting impact on how Americans frame debates about religious freedom. Though the group gained attention for its strategic deployment of outrage, it claims to have developed beyond politics into a genuine religious movement. Equal parts history and ethnography, *Speak of the Devil* is Laycock's attempt to take seriously The Satanic Temple's work to redefine religion, the nature of pluralism and religious tolerance, and what religious freedom means in America.

in n out interview reddit: Borrowings in Informal American English Małgorzata Kowalczyk, 2023-09-14 What do 'bimbo,' 'glitch,' 'savvy,' and 'shtick' all have in common? They are all expressions used in informal American English that have been taken from other languages. This pioneering book provides a comprehensive description of borrowings in informal American English, based on a large database of citations from thousands of contemporary sources, including the press, film, and TV. It presents the United States as a linguistic 'melting pot,' with words from a diverse range of languages now frequently appearing in the lexicon. It examines these borrowings from various perspectives, including discussions of terms, donors, types, changes, functions, and themes. It also features an alphabetical glossary of 1,200 representative expressions, defined and illustrated by 5,500 usage examples, providing an insightful and practical resource for readers. Combining scholarship with readability, this book is a fascinating storehouse of information for students and researchers in linguistics as well as anyone interested in lexical variation in contemporary English.

in n out interview reddit: Natural Language Processing In Healthcare Satya Ranjan Dash, Shantipriya Parida, Esaú Villatoro Tello, Biswaranjan Acharya, Ondřej Bojar, 2022-09-13 *Natural Language Processing In Healthcare: A Special Focus on Low Resource Languages* covers the theoretical and practical aspects as well as ethical and social implications of NLP in healthcare. It showcases the latest research and developments contributing to the rising awareness and importance of maintaining linguistic diversity. The book goes on to present current advances and scenarios based on solutions in healthcare and low resource languages and identifies the major challenges and opportunities that will impact NLP in clinical practice and health studies.

in n out interview reddit: A Road Unforeseen Meredith Tax, 2016-08-01 A secular feminist army courageously challenges the Islamic State In war-torn northern Syria, a democratic society—based on secularism, ethnic inclusiveness, and gender equality—has won significant victories against the Islamic State, or Daesh, with women on the front lines as fierce warriors and leaders. *A Road Unforeseen* recounts the dramatic, underreported history of the Rojava Kurds, whose all-women militia was instrumental in the perilous mountaintop rescue of tens of thousands of civilians besieged in Iraq. Up to that point, the Islamic State had seemed invincible. Yet these women helped vanquish them, bringing the first half of the refugees to safety within twenty-four hours. Who are the revolutionary women of Rojava and what lessons can we learn from their heroic story? How does their political philosophy differ from that of Iraqi Kurdistan, the Islamic State, and Turkey? And will the politics of the twenty-first century be shaped by the opposition between these political models?

in n out interview reddit: Cognitive Cardiac Rehabilitation Using IoT and AI Tools Bhowmick, Parijat, Das, Sima, Mazumdar, Kaushik, 2023-06-27 In recent times, research in human-focused robot technologies aims to bring social-emotional intelligence closer, which interconnects with human lifestyles. Among several areas that can benefit from it, the healthcare sector, which consists of many possible areas of therapeutic interposition, is the most vital. Further, there is always concern about patient adherence to cardiac rehabilitation. It is essential to understand the

motivational factors affecting patient participation and compliance with cardiac rehabilitation by recognizing and understanding the nature of patient experiences. Cognitive Cardiac Rehabilitation Using IoT and AI Tools describes the application of AI techniques used to extract features from brain and heart signal data and to better efficiency compared to the existing methods. This book also describes the application of AI tools to classify disorders and better performance compared to the existing benchmarks. Covering topics such as cardiac rehabilitation, heart disease prediction, and online social media analytics, this premier reference source is an excellent resource for healthcare professionals, medical engineers, hospital administrators, students and educators of higher education, researchers, and academicians.

in n out interview reddit: Transformation and Efficiency Enhancement of Public Utilities Systems: Multidimensional Aspects and Perspectives Gjorchev, Jordan, Malcheski, Samoil, Rađenović, Tamara, Vasović, Dejan, Živković, Snežana, 2023-06-29 Much remains to be known about public utilities system organization, efficiency, management, legislation, practices, and solutions worldwide, as well as the implications for sustainable development in different countries. Thus, a better understanding of the different management practices in public utilities across different contexts is needed to assess their impact on efficiency and sustainability, especially in the changed climate conditions. Transformation and Efficiency Enhancement of Public Utilities Systems: Multidimensional Aspects and Perspectives considers the necessity to transform public utilities systems towards sustainability and efficiency. This publication investigates the performance management process of public utility systems and evaluates the efficiency of public utilities to propose potential improvements. The book encourages amenable authorities to create more efficient and effective management systems and improve their performance. Additionally, it provides the government with a systemic approach to public utilities system transformation and development. Covering key topics such as public hygiene, sustainability, and environmental protection, this premier reference source is ideal for government officials, policymakers, industry professionals, researchers, academicians, scholars, practitioners, instructors, and students.

in n out interview reddit: Posthumorism Frances McDonald, 2022-01-27 Examining the multiple non-humorous meanings of laughter, this book explores a unique strain of laughter in modernism that is without humor, without humans, and without humanism. Providing a bold new theory of modernism's affects, Posthumorism chronicles the scattered emergence of a particular strain of humorless laughter in twentieth-century literature, film, and philosophy. From William James's trippy experiments with laughing gas to the wide-open suicide shriek of Major Kong in Stanley Kubrick's Dr. Strangelove, modernity is strewn with examples of such laughter – defined by its ability to “crack up” and destroy, whilst opening new horizons of perception. Examining the creative operation of posthumorist laughter, this book explores how various stylists of the form—from Nathanael West and Kurt Vonnegut to Georges Bataille and Hélène Cixous—use it as a tool to unsettle, reconfigure the individual human, and shape different forms of humanist discourse.

in n out interview reddit: Principles of Electronic Music Production Thomas Brett, 2025-11-10 Principles of Electronic Music Production offers a comprehensive overview of the fundamental concepts that shape contemporary electronic music production, revealing it as a complex tradition. Over ten chapters richly illustrated with the practices and ideas of innovative musicians past and present, across a range of styles, this book looks at the producer as an omnimusical figure—a composer-performer-engineer who improvises, designs sounds, programs MIDI, sculpts audio, makes beats, shapes arrangements, and balances mixes. The chapters explore the power of serendipities and musical systems, the phenomenology of listening, using minimalism and constraints, the lessons of AI, playing software as a musical instrument, the alchemy of sound design, creating dynamic musical form, and iterating tracks towards quality to answer a perennial production question: how does one make music that sounds alive at many levels at once? Establishing foundations that music production students, professionals, and hobbyists can build on when thinking creatively in their own work, Principles of Electronic Music Production is a fascinating insight into the art of electronic musicianship.

in n out interview reddit: Self-Employed Joel Comm, John Rampton, 2017-06-09 Two successful entrepreneurs offer a no-nonsense guide to the qualities that make people suited to starting their own businesses. In today's world of startup companies, entrepreneurs are disrupting industries and fueling the economy like never before. It's an exciting life where no day is quite like the next. But along with the adventure comes a lot of uncertainty, and not everyone is suited to the entrepreneurial life. So, what does it take? In *Self Employed*, Joel Comm and John Rampton detail 50 different qualities found in people who could do well as entrepreneurs. Having started, managed, and sold several multimillion-dollar businesses, Comm and Rampton understand what it takes to succeed in this highly competitive realm. The 50 qualities they outline provide a framework for anyone to decide if they might make it in business on their own. If you're wondering whether the entrepreneurial lifestyle is right for you, or you want to know for sure that the business you've already started is suited to your temperament, this book is for you!

in n out interview reddit: The Routledge Handbook of Developments in Digital Journalism Studies Scott Eldridge II, Bob Franklin, 2018-09-03 The Routledge Handbook of Developments in Digital Journalism Studies offers a unique and authoritative collection of essays that report on and address the significant issues and focal debates shaping the innovative field of digital journalism studies. In the short time this field has grown, aspects of journalism have moved from the digital niche to the digital mainstay, and digital innovations have been 'normalized' into everyday journalistic practice. These cycles of disruption and normalization support this book's central claim that we are witnessing the emergence of digital journalism studies as a discrete academic field. Essays bring together the research and reflections of internationally distinguished academics, journalists, teachers, and researchers to help make sense of a reconceptualized journalism and its effects on journalism's products, processes, resources, and the relationship between journalists and their audiences. The handbook also discusses the complexities and challenges in studying digital journalism and shines light on previously unexplored areas of inquiry such as aspects of digital resistance, protest, and minority voices. The Routledge Handbook of Developments in Digital Journalism Studies is a carefully curated overview of the range of diverse but interrelated original research that is helping to define this emerging discipline. It will be of particular interest to undergraduate and postgraduate students studying digital, online, computational, and multimedia journalism.

in n out interview reddit: Discrimination and Diversity: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2017-05-17 The growing presence of discrimination and isolation has caused negative changes to human interactions. With the ubiquity of these practices, there is now an increasingly urgent need to close this divide. *Discrimination and Diversity: Concepts, Methodologies, Tools, and Applications* provides a critical look at race, gender, and modern day discrimination and solutions to creating sustainable diversity across numerous contexts and fields. Including innovative studies on anti-discrimination measures, gender discrimination, and tolerance, this multi-volume book is an ideal source for professionals, practitioners, graduate students, academics, and researchers working in equality, as well as managers and those in leadership roles.

in n out interview reddit: *Internet Infidelity* Sanjeev P. Sahni, Garima Jain, 2018-01-24 This volume discusses the phenomenon of internet infidelity by looking at the psychological, social, legal, and technological aspects involved in such behaviour. The rise of social media as well as

technological advancements that create 'real' experiences online have made it possible for people to engage in multiple kinds of online relationships. These create concerns about regulating such activities via national and international law, as well as psychological and social concerns of understanding the overall impact of such behaviour. Therefore, this volume, which includes perspectives from across the world, asks and addresses some fundamental questions: Does internet infidelity amount to cheating? How is virtual infidelity different from actual infidelity? What are the social, interpersonal and psychological impacts of internet infidelity? Do people in different cultures view online infidelity differently? What are the myths associated with online infidelity? What are the various intervention measures or therapeutic techniques for treating people who are addicted to cybersex or pornography? The legal dimensions of internet cheating are equally important since adultery is considered as a criminal offence in some countries. As yet, there is no universally accepted definition of internet infidelity and legal perspectives become very important in understanding the phenomenon. This volume includes grand theory approaches as well as detailed case studies and provides unique and multidisciplinary insights into internet cheating. It is ideal for marital therapists, counsellors, criminologists, legislators, and both researchers and students.

in n out interview reddit: Cultural Citizenship and Popular Culture Joke Hermes, 2023-09-27
Written in an accessible and engaging style, this book uses a series of case studies to show how popular media are important to us, as a source of pleasure and entertainment, but also in communicating about the world with others. Social media platforms have changed how we talk about what we like and dislike in our popular media use. 'Cultural citizenship' shows how these discussions speak to 'belonging', to what we feel our rights and responsibilities are in today's polarized world. Cultural Citizenship and Popular Culture is based on audience-led research and does not privilege textual analysis as a starting point for taking popular media use's measure. Instead, it offers research tools to listen to others. This book offers scholars and students of media and creative industries a means to understand their professional position as one in which they engage with rather than assume to know what users of popular cultural texts and products think and feel.

in n out interview reddit: Economics of the Undead Glen Whitman, James Dow, 2014-07-17
Whether preparing us for economic recovery after the zombie apocalypse, analyzing vampire investment strategies, or illuminating the market forces that affect vampire-human romances, Economics of the Undead: Zombies, Vampires, and the Dismal Science gives both seasoned economists and layman readers something to sink their teeth into. Undead characters have terrified popular audiences for centuries, but when analyzed closely, their behaviors and stories—however farfetched—mirror our own in surprising ways. The essays collected in this book are as humorous as they are thoughtful, as culturally relevant as they are economically sound, and provide an accessible link between a popular culture phenomenon and the key concepts necessary to building one's understanding of economic systems big and small. It is the first book to apply and combine economics and our society's fascination with the undead, and is an invaluable resource for those looking to learn economic fundamentals in a fun and innovative way. Contributions by: Kyle William Bishop, Eleanor Brown, Ian Chadd, Darwynn Deyo, Steven Horwitz, Daniel Farhat, Jean-Baptiste Fleury, Enrique Guerra-Pujol, Brian Hollar, Sebastien Lecou, Joseph Mandarino, Alain Marciano, Fabien Medvecky, David T. Mitchell, Michael O'Hara, M. Christine Phillips, A. Lynn Phillips, G. Michael Phillips, Lorna Piatti-Farnell, Robert Prga, Hollis Robbins, Sarah Skwire, Ilya Somin, David Tufte, Mary Jo Tufte, and Charlotte Weil
