Adelman, Linda Taylor, 2006 Offers a broad view, and a systemic approach missing from most books on school reform and improving student outcomes, especially for the student who is not achieving. -Susan Wooley, Executive Director American School Health Association I have not read any other book that is as comprehensive in explaining how the fragmentation of services limits our ability to serve children, as well as provides the 'how to.' In this era of data-based decision making, the authors continue to present well-researched material that perhaps many educators have only read about in isolation. -Sandra Screen, Ph.D., Director Detroit Public Schools, MI Bring new direction to programs and policies for learning supports to address barriers to student learning! Barriers to learning and teaching interfere with students' ability to participate effectively and benefit fully from classroom instruction and other educational activities. For school improvement efforts to succeed in ways that truly improve student achievement and student test scores, systemic changes must be made in how schools provide learning supports. Howard S. Adelman and Linda Taylor now provide this exciting new guide to student learning supports for school leaders, along with a companion volume for schoolwide use, offering an innovative approach to addressing barriers to learning. Emphasizing an intervention framework that is comprehensive, multifaceted, and cohesive, and offering a sophisticated approach to rethinking

and facilitating systemic changes to infrastructure and policy at school and community levels, The School Leader's Guide to Student Learning Supports covers strategies built on decades of research. The authors provide case studies, resources, quizzes, cartoons, and more than 75 figures, tables, and tools for analysis and capacity building to help school leaders understand, assess, and remedy the gap between the learning supports students need and the learning supports they are currently receiving.
