matt bomer dating history: The History of Trans Representation in American Television and Film Genres Traci B. Abbott, 2022-05-02 Due to the increase in transgender characters in scripted television and film in the 2010s, trans visibility has been presented as a relatively new phenomenon that has positively shifted the cis society's acceptance of the trans community. This book counters this claim to assert that such representations actually present limited and harmful characterizations, as they have for decades. To do so, this book analyzes transgender narratives in scripted visual media from the 1960s to 2010s across a variety of genres, including independent and mainstream films and television dramatic series and sitcoms, judging not the veracity of such representations per se but dissecting their transphobia as a constant despite relevant shifts that have improved their veracity and variety. Already ingrained with their own ideological expectations, genres shift the framing of the trans character, particularly the relevance of their gender difference for cisgender characters and society. The popularity of trans characters within certain genres also provides a historical lineage that is examined against the progression of transgender rights activism and corresponding transphobic falsehoods, concluding that this popular medium continues to offer a limited and narrow conception of gender, the variability of the transgender experience, and the range of transgender identities.

matt bomer dating history: The Match Through History - from 300 B. C. to OMG! Jeff Nelligan, 2021-07-08 For centuries, Western scholars have puzzled over the private lives of the most prominent eligible singles in history. Endless volumes are filled with their monumental leadership, political, philosophical and literary accomplishments. But the larger question looms: What about their dating lives? Who did they seek and why? Were they hot or not? Most compelling, what was in their online profiles?! Now we know. Piecing together extensive archival records located in New York, Paris, Prague, and Fresno as well as investigating Phoenician hieroglyphics and Instagram, our intrepid author reconstructs quasi veritas the dating app profiles of the some of the most socially needy bachelors and bachelorettes of the past 23 centuries. Revealed here is a psychological panorama of longings - hopes, dreams, pettiness, and yes, likes Amongst the findings, we learn: * Forsaken to spinsterhood in Puritan Amherst, Emily Dickinson (screen name EmmyD69) longed for Mr. Right Now, not Mr. Right. * A dichotomized adolescence in the bad-boy corridors of Greenwich Country Day School led Biggie Smalls, aka The Notorious BIG, to seek a Goldman Sachs equity partner with a tight booty shizzle. * Seeking to complement her INSP Myers-Briggs Type Indicator, Joan of Arc looked only for a major-league EFSJ with Socionics Te, natch. * Henry David Thoreau (aka Walden Hunkster) desired a maiden not afraid to get her petticoats dirty on my exquisite 14 acres of waterfront with its 40-foot dock. * Mike Ditka maintained a defiant belief that the 4/3 defense is the only way to a bird's heart. * Virginia Woolf was firm in her conviction that I am not a person. I am a collection of choices. Previously wounded in love, lonely in life, defeated in the commercial battlefield space and victims of London publishers, Tweet storms, Russian emigre snobbery, Asian land grabs, Saudi businessmen, and feckless peasant plagues and revolts, our match seekers persevere. Fundamentally, the profiles here go to the core of the historic courtship dilemma: Swipe left or swipe right? Conversely, we also learn of the dark side - the games, the filters, the posers and playas and the bitter laments: I BLOCK all Romans!; Pray thee lassies, only

daguerreotypes within the last five fortnights; No King Henry VIII supporters and their MBGA hats! Contextualized Freudians can swipe left! For our stalwarts, the past is yesterday and tomorrow a scroll away. Opposites attract opposites attract opposites muses Kim Jong-un. Or as Charlotte Bronte says, I will wait forever for thee. Just don't take too long. Meet Someone New is not just a 21st Century trademark - it's a primal scream echoing across 23 centuries of dating apps. With this slender volume, we now glimpse anew the eternal quest for companionship and how love was sought and found. It begins, as always, with a □
