

political cartoons of slavery

political cartoons of slavery have played a significant role in shaping public opinion and political discourse throughout history. These visual commentaries used satire, symbolism, and allegory to critique the institution of slavery and its societal implications. Political cartoons about slavery emerged prominently during the 18th and 19th centuries when the abolitionist movement gained momentum and the issue of slavery polarized nations, especially in the United States. By examining these cartoons, historians and scholars gain insight into contemporary attitudes, racial prejudices, and the political tensions surrounding slavery. This article explores the historical context, key themes, influential artists, and the lasting impact of political cartoons of slavery. The discussion also includes analysis of the techniques and symbolism used to convey powerful messages that resonated with audiences of the time.

- Historical Context of Political Cartoons of Slavery
- Key Themes and Messages in Political Cartoons of Slavery
- Influential Artists and Their Contributions
- Techniques and Symbolism in Political Cartoons of Slavery
- Impact and Legacy of Political Cartoons on Slavery Discourse

Historical Context of Political Cartoons of Slavery

The emergence of political cartoons of slavery is deeply intertwined with the socio-political climate of the 18th and 19th centuries. During this period, slavery was a contentious issue, particularly in the United States, where the economy, politics, and social fabric were heavily influenced by the institution. The abolitionist movement sought to end slavery, while pro-slavery advocates defended it as essential to their way of life. Political cartoons became a powerful medium for expressing these conflicting viewpoints. Newspapers and pamphlets widely circulated these cartoons, allowing them to influence public opinion across different regions.

Slavery and Abolition Movements

Political cartoons of slavery often reflected the struggles between abolitionists and pro-slavery factions. Abolitionists used cartoons to depict

the cruelty and inhumanity of slavery, appealing to the moral conscience of the public. Conversely, pro-slavery cartoons sometimes portrayed abolitionists as dangerous radicals or threatened the social order. This visual battle helped fuel debates and shaped the cultural understanding of slavery during the era.

Slavery in the United States and Abroad

While many political cartoons of slavery originated in the United States, similar imagery appeared in Britain and other countries involved in the transatlantic slave trade. British abolitionists also employed cartoons to advocate for the end of slavery in the colonies. Understanding the geographic origins of these cartoons provides insight into the global nature of the anti-slavery movement and the varied political contexts in which these images were produced.

Key Themes and Messages in Political Cartoons of Slavery

Political cartoons of slavery explored a wide range of themes, often using provocative imagery to communicate complex social and political messages. These themes were designed to challenge viewers' perceptions and provoke reflection on the moral and ethical dimensions of slavery.

Human Rights and Moral Condemnation

Many cartoons highlighted the fundamental human rights abuses inherent in slavery. Depictions of enslaved individuals suffering cruelty, separated families, and denied freedom were common. These images served to evoke empathy and outrage, supporting abolitionist calls for justice and equality.

Racial Stereotypes and Prejudices

Unfortunately, some political cartoons of slavery also perpetuated racial stereotypes. While abolitionist cartoons aimed to humanize enslaved people, others used derogatory caricatures that reinforced racist attitudes. Analyzing these portrayals helps to understand the complexities of racial discourse during the era and the challenges faced by the abolitionist cause.

Political Conflict and Sectionalism

Cartoons also addressed the political conflicts that slavery provoked, particularly in the United States. Themes of sectionalism, states' rights, and federal authority were frequently depicted, illustrating how slavery

contributed to deep national divisions culminating in the Civil War.

- Moral outrage against slavery's brutality
- Calls for emancipation and equality
- Criticism of political leaders and policies supporting slavery
- Representation of enslaved people's resilience and humanity
- Depiction of abolitionist activism and resistance

Influential Artists and Their Contributions

Several prominent artists utilized political cartoons of slavery to influence public opinion and advance abolitionist agendas. Their work combined artistic skill with sharp political commentary, making their cartoons enduring artifacts of historical significance.

Thomas Nast

Thomas Nast is one of the most well-known political cartoonists associated with anti-slavery themes. His work in the mid-19th century provided powerful visual critiques of slavery and supported the Union cause during the American Civil War. Nast's cartoons were instrumental in shaping the Republican Party's image and promoting civil rights for freed African Americans.

William Charles and British Abolitionist Cartoons

In Britain, William Charles produced influential cartoons that criticized slavery and the slave trade. His work contributed to the growing abolitionist sentiment in the UK and helped galvanize public support for legislative reforms that ended slavery in British territories.

Other Notable Cartoonists

Beyond Nast and Charles, numerous lesser-known artists contributed to the rich tradition of political cartoons of slavery. These artists worked across newspapers, pamphlets, and political broadsides, each adding unique perspectives and styles to the visual discourse on slavery.

Techniques and Symbolism in Political Cartoons of Slavery

Political cartoons of slavery employed various artistic techniques and symbolic imagery to convey their messages effectively. Understanding these methods reveals the depth and impact of these cartoons as tools of persuasion and social critique.

Use of Caricature and Exaggeration

Caricature was a common technique, exaggerating physical features to emphasize moral or political points. Enslaved individuals were often depicted with exaggerated expressions to evoke sympathy or highlight suffering, while pro-slavery figures might be grotesquely rendered to criticize their positions.

Symbolic Imagery

Symbolism played a crucial role in political cartoons of slavery. Chains, shackles, and cages symbolized bondage and oppression. The use of light and darkness often represented freedom versus enslavement. Additionally, allegorical figures such as Lady Justice or Liberty were employed to frame the moral arguments against slavery.

Text and Caption Integration

Captions and speech bubbles were strategically integrated to clarify the cartoon's message or add satirical commentary. These textual elements complemented the visual imagery, making complex political arguments accessible to a broad audience.

Impact and Legacy of Political Cartoons on Slavery Discourse

The influence of political cartoons of slavery extended beyond immediate political debates, leaving a lasting legacy on abolitionist movements and the visual culture of social justice. These cartoons helped to democratize political discourse by communicating complex issues through accessible and engaging imagery.

Shaping Public Opinion

Political cartoons were instrumental in shaping public opinion by simplifying

and dramatizing the realities of slavery. Their widespread distribution enabled abolitionist messages to reach diverse audiences, including those who might not engage with lengthy political treatises.

Contributions to Abolitionist Success

The visual power of political cartoons of slavery contributed to the eventual success of abolitionist campaigns. By humanizing enslaved people and exposing the brutality of slavery, these cartoons mobilized support for legislative and social change.

Enduring Educational Value

Today, political cartoons of slavery serve as valuable educational tools. They offer insights into historical attitudes, the evolution of political satire, and the cultural battles surrounding slavery. Scholars, educators, and activists continue to analyze these cartoons to understand the complexities of race, politics, and social justice.

Frequently Asked Questions

What are political cartoons of slavery?

Political cartoons of slavery are illustrated works that use imagery and symbolism to comment on, critique, or depict issues related to slavery, often highlighting its moral, social, and political implications.

How did political cartoons influence public opinion about slavery in the 19th century?

Political cartoons played a significant role in shaping public opinion by visually exposing the injustices of slavery, rallying abolitionist sentiment, and challenging pro-slavery arguments through powerful and accessible imagery.

Who were some notable artists known for creating political cartoons about slavery?

Artists like Thomas Nast and John Tenniel were notable for their political cartoons addressing slavery and related issues, using their art to advocate for abolition and civil rights.

What common symbols are used in political cartoons about slavery?

Common symbols include chains, shackles, the broken manacles, the cotton plant, Uncle Tom, and figures representing freedom or oppression, all used to convey messages about the cruelty and economic aspects of slavery.

How do political cartoons about slavery address the economic aspects of the institution?

These cartoons often depict slaveholders as greedy or corrupt, highlight the exploitation of enslaved people for profit, and criticize how economic interests perpetuated the system of slavery.

In what ways did political cartoons contribute to the abolitionist movement?

Political cartoons raised awareness, evoked emotional responses, and provided a visual tool for abolitionists to spread their message, making the horrors of slavery more relatable and urgent to the broader public.

Are there modern political cartoons that address the legacy of slavery?

Yes, contemporary political cartoons continue to address the legacy of slavery by examining issues like systemic racism, inequality, and social justice, connecting historical slavery to present-day challenges.

Additional Resources

1. *Drawn to Oppression: Political Cartoons and the Visual Language of Slavery*
This book explores how political cartoons served as powerful tools in shaping public opinion about slavery in the 19th century. It analyzes the symbolism, caricatures, and narratives employed by cartoonists to critique or defend the institution of slavery. Through detailed illustrations and historical context, the book reveals the complex interplay between art and politics during a turbulent era.

2. *Ink and Chains: The Role of Political Cartoons in the Abolitionist Movement*

"Ink and Chains" examines how abolitionist cartoonists used satire and imagery to challenge pro-slavery ideologies and galvanize anti-slavery sentiments. The book highlights key works by artists like Thomas Nast and others who wielded their pens as weapons against slavery. It provides insights into the effectiveness of visual media in social reform and political activism.

3. *Caricatures of Conquest: Slavery and Race in American Political Cartoons*

This volume delves into the portrayal of race and slavery in American political cartoons from the antebellum period to Reconstruction. It discusses how caricatures reinforced racial stereotypes and justified slavery while also serving as a medium for resistance and critique. The book situates political cartoons within broader cultural and political discourses on race.

4. *Lines of Resistance: Satire and Slavery in 19th Century Political Cartoons*

"Lines of Resistance" focuses on the satirical elements of political cartoons that addressed slavery and its controversies. It traces how cartoonists used irony, exaggeration, and humor to expose the moral contradictions and political hypocrisy surrounding the institution of slavery. The book offers a compelling look at the power of satire in historical political debates.

5. *Visual Voices: The Impact of Political Cartoons on Slavery Legislation*

This work investigates the influence of political cartoons on legislative debates and public policy related to slavery in the United States. Through case studies, it shows how cartoons shaped lawmakers' and citizens' perceptions, affecting key decisions like the Missouri Compromise and the Emancipation Proclamation. The book underscores the intersection of visual culture and political power.

6. *Sketching Freedom: Abolitionist Imagery and Political Cartoons Against Slavery*

"Sketching Freedom" highlights the contributions of abolitionist artists who used political cartoons to advocate for the end of slavery. It explores how their imagery conveyed messages of hope, justice, and equality, countering pro-slavery propaganda. The book also reflects on the artistic techniques and distribution methods that amplified their impact.

7. *Cartooning the Divide: Slavery and Sectionalism in Political Satire*

This book analyzes how political cartoons depicted the growing sectional tensions between the North and South over slavery. It reveals how satire was used to criticize opposing viewpoints and fuel debates that eventually led to the Civil War. By examining these cartoons, readers gain insight into the cultural and political fractures of the era.

8. *The Pen and the Plantation: Political Cartoons Illustrating the Economics of Slavery*

Focusing on the economic dimensions, this book explores how political cartoons illustrated the financial interests tied to slavery. It discusses portrayals of plantation owners, slave labor, and the capitalist structures that sustained slavery. The work provides a nuanced understanding of how economic themes were communicated visually in political discourse.

9. *Freedom's Frames: The Legacy of Slavery in Political Cartoons*

This volume traces the legacy of slavery in political cartoons beyond abolition, examining how the institution's history continued to influence racial and political imagery. It covers post-Civil War cartoons that addressed Reconstruction, civil rights, and ongoing racial tensions. The book offers a critical perspective on the enduring power of visual satire in

shaping social narratives.

political cartoons of slavery: *Political Cartoons in the 1848 Election Campaign* Anne Marie Serio, 1972

political cartoons of slavery: *Political Cartoons and Caricatures* Michael Alexander Kahn, Jenny E. Robb, 2007 One of the great private collections of political cartoons

political cartoons of slavery: Lines of Contention J. G. Lewin, P.J. Huff, 2007-11-13 The political turmoil of the Civil War Era has been analyzed many times, but one area of this period's history is often overlooked: a large body of humorous, clever, and scathing editorial cartoons from publications such as Harper's Weekly, Vanity Fair, Punch, and Leslie's Illustrated. In *Lines of Contention*, the best of these cartoons has finally been collected into one place to illuminate the social, political, and cultural climate of Civil War—Era America. The cartoons have been pulled from both sides of the fence and provide insight into the incidents and opinions surrounding the war as well as the mind-sets and actions of all the major figures. *Lines of Contention* presents a unique history of the Civil War and its participants.

political cartoons of slavery: *Ancient Slavery and Abolition* Edith Hall, Richard Alston, Justine McConnell, 2011-07-07 A collection of essays by an international team of scholars on the part played by classical sources and images in the debates around the abolition of slavery. It shows that the ancient Greek and Roman slave was invoked both by abolitionists and by those who promoted and attempted to justify the custom.

political cartoons of slavery: *Race and Vision in the Nineteenth-Century United States* Shirley Samuels, 2019-11-08 *Race and Vision in the Nineteenth-Century United States* is a collection of twelve essays by cultural critics that exposes how fraught relations of identity and race appear through imaging technologies in architecture, scientific discourse, sculpture, photography, painting, music, theater, and, finally, the twenty-first century visual commentary of Kara Walker. Throughout these essays, the racial practices of the nineteenth century are juxtaposed with literary practices involving some of the most prominent writers about race and identity, such as Herman Melville and Harriet Beecher Stowe, as well as the technologies of performance including theater and music. Recent work in critical theories of vision, technology, and the production of ideas about racial discourse has emphasized the inextricability of photography with notions of race and American identity. The collected essays provide a vivid sense of how imagery about race appears in the formative period of the nineteenth-century United States.

political cartoons of slavery: Picturing Frederick Douglass: An Illustrated Biography of the Nineteenth Century's Most Photographed American Celeste-Marie Bernier, John Stauffer, Zoe Trodd, 2015-11-02 Finalist for the Gilder Lehrman Lincoln Prize A landmark and collectible volume—beautifully produced in duotone—that canonizes Frederick Douglass through historic photography. Commemorating the bicentennial of Frederick Douglass's birthday and featuring images discovered since its original publication in 2015, this "tour de force" (Library Journal, starred review) reintroduced Frederick Douglass to a twenty-first-century audience. From these pages—which include over 160 photographs of Douglass, as well as his previously unpublished

writings and speeches on visual aesthetics—we learn that neither Custer nor Twain, nor even Abraham Lincoln, was the most photographed American of the nineteenth century. Indeed, it was Frederick Douglass, the ex-slave-turned-abolitionist, eloquent orator, and seminal writer, who is canonized here as a leading pioneer in photography and a prescient theorist who believed in the explosive social power of what was then just an emerging art form. Featuring: Contributions from Henry Louis Gates, Jr., and Kenneth B. Morris, Jr. (a direct Douglass descendent) 160 separate photographs of Douglass—many of which have never been publicly seen and were long lost to history A collection of contemporaneous artwork that shows how powerful Douglass's photographic legacy remains today, over a century after his death All Douglass's previously unpublished writings and speeches on visual aesthetics

political cartoons of slavery: Reenvisioning Israel through Political Cartoons Matt Reingold, 2022-03-15 *Reenvisioning Israel through Political Cartoons: Visual Discourses During the 2018-2021 Electoral Crisis* examines the ways in which the work of Israeli political cartoonists broadens conversations about contemporary challenges in the country. Matt Reingold shows how 21 cartoonists across 10 different Israeli newspapers produced cartoons in response to the country's social and political crises between December 2018-June 2021, a period where the country was mired in four national elections. Each chapter is structured around an issue that emerged during this period, with examples drawn from multiple cartoonists. This allows for fertile cross-cartoonist discussion and analysis, offering an opportunity to understand the different ways that an issue affects national discourse and what commentaries have been offered about it. By focusing on this difficult period in contemporary Israeli society, the volume highlights the ways that artists have responded to these national challenges and how they have fashioned creative reimaginations of their country.

political cartoons of slavery: Slavery and Sentiment on the American Stage, 1787-1861 Heather S. Nathans, 2009-03-19 For almost a hundred years before Uncle Tom's Cabin burst on to the scene in 1852, the American theatre struggled to represent the evils of slavery. *Slavery and Sentiment* examines how both black and white Americans used the theatre to fight negative stereotypes of African Americans in the United States.

political cartoons of slavery: *Daniel O'Connell and the Anti-Slavery Movement* Christine Kinealy, 2015-10-06 Previous histories on O'Connell have dealt predominantly with his attempts to secure a repeal of the 1800 Act of Union and on his success in achieving Catholic Emancipation in 1829, Kinealy focuses instead on the neglected issue of O'Connell's contribution to the anti-slavery movement in the United States.

political cartoons of slavery: Reform or Repression Chad Pearson, 2015-12-04 Historians have characterized the open-shop movement of the early twentieth century as a cynical attempt by business to undercut the labor movement by twisting the American ideals of independence and self-sufficiency to their own ends. The precursors to today's right-to-work movement, advocates of the open shop in the Progressive Era argued that honest workers should have the right to choose whether or not to join a union free from all pressure. At the same time, business owners systematically prevented unionization in their workplaces. While most scholars portray union opponents as knee-jerk conservatives, Chad Pearson demonstrates that many open-shop proponents identified themselves as progressive reformers and benevolent guardians of America's economic and political institutions. By exploring the ways in which employers and their allies in journalism, law, politics, and religion drew attention to the reformist, rather than repressive, character of the open-shop movement, Pearson's book forces us to consider the origins, character, and limitations of this movement in new ways. Throughout his study, Pearson describes class tensions, noting that open-shop campaigns primarily benefited management and the nation's most economically privileged members at the expense of ordinary people. Pearson's analysis of archives, trade journals, newspapers, speeches, and other primary sources elucidates the mentalities of his subjects and their times, rediscovering forgotten leaders and offering fresh perspectives on well-known figures such as Theodore Roosevelt, Louis Brandeis, Booker T. Washington and George Creel. *Reform or Repression*

sheds light on businessmen who viewed strong urban-based employers' and citizens' associations, weak unions, and managerial benevolence as the key to their own, as well as the nation's, progress and prosperity.

political cartoons of slavery: *Gender and Activism in a Little Magazine* Rachel Schreiber, 2017-07-05 Interweaving nuanced discussions of politics, visuality, and gender, *Gender and Activism in a Little Magazine* uncovers the complex ways that gender figures into the graphic satire created by artists for the New York City-based socialist journal, the *Masses*. This exceptional magazine was published between 1911 and 1917, during an unusually radical decade in American history, and featured cartoons drawn by artists of the Ashcan School and others, addressing questions of politics, gender, labor and class. Rather than viewing art from the *Masses* primarily in terms of its critical social stances or aesthetic choices, however, this study uses these images to open up new ways of understanding the complexity of early 20th-century viewpoints. By focusing on the activist images found in the *Masses* and studying their unique perspective on American modernity, Rachel Schreiber also returns these often-ignored images to their rightful place in the scholarship on American modernism. This book demonstrates that the centrality of the *Masses* artists' commitments to gender and class equality is itself a characterization of the importance of these issues for American moderns. Despite their alarmingly regular reliance on gender stereotypes?and regardless of any assessment of the efficacy of the artists' activism?the graphic satire of the *Masses* offers invaluable insights into the workings of gender and the role of images in activist practices at the beginning of the last century.

political cartoons of slavery: Haptic Allegories Kathleen Gough, 2013-11-07 *Kinship and Performance in the Black and Green Atlantic* advances an innovative and compelling approach to writing comparative studies of performance in transnational, intercultural relation to one another. Its chosen subject in this case is the cultural and political intersection of African and Irish diasporic peoples and movements. Gough approaches her subject via five key flashpoints in Black/Green relations, moving from the mid-nineteenth century to the early twenty-first century. In turn, each of these is related to mediums of performance that were prevalent at the time, such as abolitionist oratory and melodrama, photography and tableaux, architecture and folk drama, television and political demonstrations, and visual art and dramaturgy. By examining the unlikely kinship between social actors such as Ida B. Wells and Maud Gonne, Lady Augusta Gregory and Zora Neale Hurston, and Bernadette Devlin and Alice Childress, along with a host of old and new theatrical characters, this book explores how a transmedial investigation of gender, community, and performance allows for a revision of historiography in Atlantic studies, while the study itself revises and reimagines key concepts central to performance studies. In 2014 *Kinship and Performance* was given the Errol Hill Award for Outstanding Scholarship in African American Theatre from the American Society for Theatre Research.

political cartoons of slavery: *American Women's History* Melissa E. Blair, Vanessa M. Holden, Maeve Kane, 2023-09-26 Offers a nuanced account of the multiple aspects of women's lives and their roles in American society *American Women's History* presents a comprehensive survey of women's experience in the U.S. and North America from pre-European contact to the present. Centering women of color and incorporating issues of sexuality and gender, this student-friendly textbook draws from cutting-edge scholarship to provide a more inclusive and complicated perspective on the conventional narrative of U.S. women's history. Throughout the text, the authors highlight diverse voices such as Matoaka (Pocahontas), Hillee van Olinda, Margaret Sanger, and Annette Ponder. Arranged chronologically, *American Women's History* explores the major turning points in American women's history while exploring various contexts surrounding race, work, politics, activism, and the construction of self. Concise chapters cover a uniquely wide range of topics, such as the roles of Indigenous women in North American cultures, the ways women participated in the American Revolution, the lives of women of color in the antebellum South and their experiences with slave resistance and rebellion, the radical transformation brought on by Black women during Reconstruction, the activism of women before and after suffrage was won, and more. Discusses how

Indigenous women navigated cross-cultural contact and resisted assimilation efforts after the arrival of Europeans
Considers the construction of Black female bodies and the implications of the slave trade in the Americas
Addresses the cultural shifts, demographic changes, and women's rights movements of the early twentieth century
Highlights women's participation in movements for civil rights, workplace justice, and equal educational opportunities
Explores the feminist movement and its accomplishments, the rise of anti-feminism, and women's influence on the modern political landscape
Designed for both one- and two-semester U.S. history courses, *American Women's History* is an ideal resource for instructors looking for a streamlined textbook that will complement existing primary sources that work well in their classes. Due to its focus on women of color, it is particularly valuable for community colleges and other institutions with diverse student populations.

political cartoons of slavery: *Abraham Lincoln for Kids* Janis Herbert, 2007-07-01 Providing a fresh perspective on one of the most beloved presidents of all time, this illuminating activity book tells the rich story of Abraham Lincoln's life and details the events of his era. Highlighting Lincoln's warm, generous spirit and impressive intellect, the guide teaches children about his fascinating life story, his struggles at the onset of the Civil War, and his relevance in today's world. Activities include delivering a speech, holding a debate, drawing political cartoons, and making a stovepipe hat or miniature Mississippi River flatboat. Lively sidebars, abundant photographs and illustrations, and fun projects help to kick the dust off old Honest Abe. Also included are selections from some of Lincoln's most famous speeches and documents, as well as a resource section of Web sites to explore and sites to visit, making this a comprehensive Lincoln biography for young readers.

political cartoons of slavery: *The Antebellum Press* David B. Sachsman, Gregory A. Borchard, 2019-06-10 *The Antebellum Press: Setting the Stage for Civil War* reveals the critical role of journalism in the years leading up to America's deadliest conflict by exploring the events that foreshadowed and, in some ways, contributed directly to the outbreak of war. This collection of scholarly essays traces how the national press influenced and shaped America's path towards warfare. Major challenges faced by American newspapers prior to secession and war are explored, including: the economic development of the press; technology and its influence on the press; major editors and reporters (North and South) and the role of partisanship; and the central debate over slavery in the future of an expanding nation. A clear narrative of institutional, political, and cultural tensions between 1820 and 1861 is presented through the contributors' use of primary sources. In this way, the reader is offered contemporary perspectives that provide unique insights into which local or national issues were pivotal to the writers whose words informed and influenced the people of the time. As a scholarly work written by educators, this volume is an essential text for both upper-level undergraduates and postgraduates who study the American Civil War, journalism, print and media culture, and mass communication history.

political cartoons of slavery: *Staging Slavery* Sarah J. Adams, Jenna M. Gibbs, Wendy Sutherland, 2023-03-16 This international analysis of theatrical case studies illustrates the ways that theater was an arena both of protest and, simultaneously, racist and imperialist exploitations of the colonized and enslaved body. By bringing together performances and discussions of theater culture from various colonial powers and orbits—ranging from Denmark and France to Great Britain and Brazil—this book explores the ways that slavery and hierarchical notions of race and civilization manifested around the world. At the same time, against the backdrop of colonial violence, the theater was a space that also facilitated reformist protest and served as evidence of the agency of Black people in revolt. *Staging Slavery* considers the implications of both white-penned productions of race and slavery performed by white actors in blackface makeup and Black counter-theater performances and productions that resisted racist structures, on and off the stage. With unique geographical perspectives, this volume is a useful resource for undergraduates, graduates, and researchers in the history of theater, nationalism and imperialism, race and slavery, and literature.

political cartoons of slavery: *Melville* Andrew Delbanco, 2013-02-20 If Dickens was nineteenth-century London personified, Herman Melville was the quintessential American. With a historian's perspective and a critic's insight, award-winning author Andrew Delbanco marvelously

demonstrates that Melville was very much a man of his era and that he recorded — in his books, letters, and marginalia; and in conversations with friends like Nathaniel Hawthorne and with his literary cronies in Manhattan — an incomparable chapter of American history. From the bawdy storytelling of Typee to the spiritual preoccupations building up to and beyond Moby Dick, Delbanco brilliantly illuminates Melville's life and work, and his crucial role as a man of American letters.

political cartoons of slavery: The Annotated Mansfield Park Jane Austen, 2017-04-18 From the editor of the popular Annotated Pride and Prejudice comes an annotated edition of Jane Austen's Mansfield Park that makes her story of an impoverished girl living with her wealthy relatives an even more satisfying read. Here is the complete text of Austen's own favorite novel with more than 2,300 annotations on facing pages, including: ● Explanations of historical context ● Citations from Austen's life, letters, and other writings ● Definitions and clarifications ● Literary comments and analysis ● Maps of places in the novel ● An introduction, bibliography, and detailed chronology of events ● More than 225 informative illustrations Filled with fascinating details about the characters' clothes, houses, and carriages, as well as background information on such relevant issues as career paths in the British navy, contemporary attitudes toward slavery, and the legal and social consequences of adultery, David M. Shapard's Annotated Mansfield Park brings Austen's world into richer focus.

political cartoons of slavery: Brazil in the Making Carmen Nava, Ludwig Lauerhass, 2006-03-10 This innovative volume traces Brazil's singular character, exploring both the remarkable richness and cohesion of the national culture and the contradictions and tensions that have developed over time. What shared experiences give its citizens their sense of being Brazilian? What memories bind them together? What metaphors and stereotypes of identity have emerged? Which groups are privileged over others in idealized representations of the nation? The contributors—a multidisciplinary group of U.S. and Brazilian scholars—offer a fresh look at questions that have been asked since the early nineteenth century and that continue to drive nationalist discourse today. Their chapters explore Brazilian identity through an innovative framework that brings in seldom-considered aspects of art, music, and visual images, offering a compelling analysis of how nationalism functions as a social, political, and cultural construction in Latin America. Contributions by: Cristina Antunes, Dain Borges, Valéria Costa e Silva, James Green, Efrain Kristal, Ludwig Lauerhass Jr., Cristina Magaldi, Elizabeth A. Marchant, José Mindlin, Carmen Nava, José Luis Passos, Robert Stam, and Valéria Torres

political cartoons of slavery: McGraw-Hill's SAT Subject Test United States History, 3rd Edition Daniel Farabaugh, Stephanie Muntone, 2012-02-03 Expert guidance on the U.S. History exam Many colleges and universities require you to take one or more SAT II Subject Tests to demonstrate your mastery of specific high school subjects. McGraw-Hill's SAT Subject Test: U.S. History is written by experts in the field, and gives you the guidance you need perform at your best.
