

political parties in ct

political parties in ct play a significant role in shaping the state's governance, policies, and political landscape. Connecticut, commonly abbreviated as CT, has a diverse and dynamic political environment characterized by several active parties that influence state and local elections. This article provides an in-depth overview of the major and minor political parties in Connecticut, their historical background, organizational structure, and their impact on the state's political system. Understanding the political parties in CT is essential for comprehending how government decisions are made and how citizens engage in the democratic process. Additionally, this article explores voter registration patterns, party platforms, and the challenges faced by smaller parties within the state. The following sections will offer a comprehensive look at the political parties operating in Connecticut today.

- Major Political Parties in Connecticut
- Minor and Third Parties in Connecticut
- Historical Development of Political Parties in CT
- Party Organization and Structure
- Voter Registration and Party Affiliation Trends
- Role of Political Parties in Connecticut Elections

Major Political Parties in Connecticut

The political landscape in Connecticut is primarily dominated by two major parties: the Democratic

Party and the Republican Party. These parties have been the central players in the state's political system for decades, influencing legislation, governance, and public policy.

The Democratic Party in Connecticut

The Democratic Party is the dominant political party in Connecticut, holding a majority of seats in the state legislature and most statewide offices. Its platform generally emphasizes progressive policies, including support for social welfare programs, environmental protection, and labor rights. The Connecticut Democratic Party has a well-organized structure with local town committees and a state central committee that coordinates campaigns and party strategy.

The Republican Party in Connecticut

The Republican Party in CT serves as the primary opposition to the Democrats. The party promotes conservative and moderate conservative platforms, focusing on fiscal responsibility, business-friendly policies, and public safety. Although the Republican Party has seen fluctuating success in statewide elections, it remains an influential force, particularly in suburban and rural areas of Connecticut.

Minor and Third Parties in Connecticut

In addition to the major parties, Connecticut is home to several minor and third parties that contribute to political diversity. While these parties generally have less electoral success, they influence public discourse and highlight specific issues.

Libertarian Party

The Libertarian Party advocates for limited government intervention, individual liberties, and free-market principles. In Connecticut, the Libertarian Party works to increase its presence by running candidates in local and state elections and promoting libertarian ideals.

Green Party

The Green Party of Connecticut focuses on environmental issues, social justice, and grassroots democracy. It emphasizes sustainability and ecological responsibility, often appealing to voters concerned with climate change and progressive reforms.

Other Third Parties

Other minor parties in Connecticut include the Working Families Party, Constitution Party, and independent political groups. These parties often endorse candidates from major parties or run their own candidates to highlight particular policy areas.

- Working Families Party: Advocates for labor rights and economic justice.
- Constitution Party: Emphasizes a strict interpretation of the U.S. Constitution and conservative values.
- Independent and unaffiliated candidates: Various individuals who run without formal party affiliation.

Historical Development of Political Parties in CT

The evolution of political parties in Connecticut reflects broader national trends alongside unique state-specific developments. From the early Federalist and Democratic-Republican parties to the current two-party system, Connecticut's political history is rich and complex.

Early Political History

In the 18th and 19th centuries, Connecticut politics were shaped by Federalists and Democratic-Republicans, followed by the rise of the Whig and Democratic parties. The state was historically a stronghold for the Federalists and later the Whigs before the Republican Party emerged.

Modern Political Realignment

The 20th century saw Connecticut transition into a predominantly Democratic state, especially in urban centers. The Republican Party maintained influence in suburban and rural areas, leading to a competitive two-party system. Political realignments have also been influenced by demographic shifts, economic changes, and evolving social issues.

Party Organization and Structure

The organizational structure of political parties in Connecticut is designed to facilitate candidate selection, voter mobilization, and policy advocacy at multiple levels of government.

State and Local Party Committees

Each major party maintains a state central committee responsible for coordinating statewide activities, fundraising, and election strategy. Local town committees operate at the municipal level, recruiting candidates and engaging with voters. Together, these committees form the backbone of party operations.

Candidate Recruitment and Endorsement

Political parties in CT actively recruit candidates for various offices, from local councils to statewide positions. Endorsement processes often involve conventions or committee votes, ensuring party

support for select candidates and helping consolidate resources.

Voter Registration and Party Affiliation Trends

Understanding voter registration and party affiliation trends is crucial for analyzing political parties in CT. These trends reveal the electorate's shifting preferences and the strategic considerations of parties.

Party Registration Statistics

Connecticut voters have the option to register with a political party or as unaffiliated. Historically, the Democratic Party holds the majority of registered voters, followed by the Republican Party, with a significant portion registered as independents or with minor parties.

Impact on Elections

Voter registration trends influence election outcomes and party strategies. Parties focus on mobilizing their registered base while attempting to attract unaffiliated voters. The presence of a sizable unaffiliated voter segment makes Connecticut's elections competitive and dynamic.

Role of Political Parties in Connecticut Elections

Political parties in CT play an essential role in organizing elections, supporting candidates, and shaping public policy debates. Their activities extend beyond election cycles to include advocacy and governance.

Campaigning and Election Support

Parties provide vital support to candidates through fundraising, voter outreach, and volunteer coordination. They also develop platforms that guide candidates' policy positions and public messaging.

Policy Influence and Governance

Once elected, party affiliation often influences legislative priorities and decision-making. Party caucuses in the Connecticut General Assembly coordinate legislative agendas and promote unified policy efforts aligned with party values.

Engagement with Citizens

Political parties in Connecticut engage citizens through community events, educational programs, and grassroots organizing. This engagement fosters political participation and informs voters about key issues and candidates.

Frequently Asked Questions

What are the major political parties in Connecticut?

The major political parties in Connecticut are the Democratic Party and the Republican Party. These two parties dominate the state's political landscape.

How do third parties influence politics in Connecticut?

Third parties in Connecticut, such as the Green Party and the Libertarian Party, play a smaller but important role by promoting alternative policies and sometimes influencing major party platforms, although they rarely win major elections.

What is the historical significance of political parties in Connecticut?

Connecticut has a rich political history with early dominance by the Federalist Party, later shifting to a strong two-party system dominated by Democrats and Republicans, reflecting broader national trends.

How does Connecticut's political party registration affect elections?

Voters in Connecticut can register with a political party or as unaffiliated. Party registration affects primary election participation, as only registered party members can vote in their party's primary, influencing candidate selection.

Are there any unique political parties specific to Connecticut?

Connecticut does not have unique political parties exclusive to the state, but local parties and independent candidates occasionally emerge to address specific regional issues.

What role do political parties play in Connecticut's state legislature?

Political parties in Connecticut organize the state legislature, with the majority party controlling committee assignments and legislative agendas, significantly impacting policy-making and governance in the state.

Additional Resources

1. *Connecticut's Political Landscape: The Evolution of Party Politics*

This book provides a comprehensive overview of the development of political parties in Connecticut from the colonial era to the present day. It explores how demographic changes, economic shifts, and social movements have influenced party dynamics. Readers gain insight into the enduring impact of local issues on statewide party strategies and alignments.

2. *Democrats and Republicans in the Constitution State: A Historical Perspective*

Focusing on the two major parties, this work traces the rise and transformation of Democrats and

Republicans in Connecticut. It examines key elections, influential leaders, and pivotal moments that shaped party ideologies and voter bases. The narrative also discusses how national trends affected state politics.

3. Third Parties and Independent Movements in Connecticut Politics

This volume explores the role of third parties and independent candidates within Connecticut's political arena. Highlighting lesser-known parties such as the Green Party and Libertarians, it analyzes their influence on policy debates and election outcomes. The book also considers the challenges these groups face in a predominantly two-party system.

4. Local Politics, Big Impact: Political Parties in Connecticut's Municipalities

Delving into the grassroots level, this book examines how political parties operate within Connecticut's cities and towns. It discusses party organization, voter mobilization, and local election tactics. The author emphasizes the importance of municipal politics in shaping state party platforms.

5. The Role of Political Parties in Connecticut's Legislative Process

This study investigates how political parties influence legislation and governance in Connecticut. It covers party discipline, leadership roles, and coalition-building within the state legislature. The book sheds light on the interplay between party agendas and policy outcomes.

6. Women and Political Parties in Connecticut: Breaking Barriers

Highlighting the contributions of women in Connecticut's political parties, this book chronicles their struggle for representation and leadership. It profiles pioneering female politicians and activists who transformed party structures. The narrative also addresses ongoing challenges to gender equality in politics.

7. Campaign Strategies and Political Parties in Connecticut

This book analyzes the evolving campaign techniques employed by Connecticut's political parties. From traditional grassroots organizing to digital outreach, it covers how parties adapt to changing technologies and voter behaviors. Case studies of recent elections illustrate successful and unsuccessful strategies.

8. *Connecticut's Party Politics and Social Movements: Intersections and Influences*

Exploring the relationship between political parties and social movements, this work examines how issues such as civil rights, labor, and environmentalism have shaped party platforms in Connecticut. It highlights moments when movements propelled party change or faced resistance. The book offers a nuanced view of activism within party politics.

9. *The Future of Political Parties in Connecticut: Trends and Predictions*

Looking ahead, this book offers an analysis of emerging trends affecting political parties in Connecticut. Topics include demographic shifts, technological innovation, and changing voter preferences. The author provides informed predictions about the future landscape of party politics in the state.

political parties in ct: Guide to U.S. Political Parties Marjorie R. Hershey, 2014-04-01 This one-volume reference presents the major conceptual approaches to the study of U.S. political parties and the national party system, describing the organization and behavior of U.S. political parties in thematic, narrative chapters that help undergraduate students better understand party origins, historical development, and current operations. Further, it provides researchers with in-depth analysis of important subtopics and connections to other aspects of politics. Key Features: Thematic, narrative chapters, organized into six major parts, provide the context, as well as in-depth analysis of the unique system of party politics in the United States. Top analysts of party politics provide insightful chapters that explore how and why the U.S. parties have changed over time, including major organizational transformations by the parties, behavioral changes among candidates and party activists, and attitudinal changes among their partisans in the electorate. The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate-centered model, fueled in part by changes in campaign finance, the rise of new communication technologies, and fragmentation of the electorate. This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States.

political parties in ct: Political Parties and Democratic Linkage Russell J. Dalton, David M. Farrell, Ian McAllister, 2011-09-30 Is the party over? Parties are the central institutions of representative democracy, but critics increasingly claim that parties are failing to perform their democratic functions. This book assembles unprecedented cross-national evidence to assess how

parties link the individual citizen to the formation of governments and then to government policies. Using the Comparative Study of Electoral Systems and other recent cross-national data, the authors examine the workings of this party linkage process across established and new democracies. Political parties still dominate the electoral process in shaping the discourse of campaigns, the selection of candidates, and mobilizing citizens to vote. Equally striking, parties link citizen preferences to the choice of representatives, with strong congruence between voter and party Left/Right positions. These preferences are then translated in the formation of coalition governments and their policies. The authors argue that the critics of parties have overlooked the ability of political parties to adapt to changing conditions in order to perform their crucial linkage functions. As the context of politics and societies have changed, so too have political parties. *Political Parties and Democratic Linkage* argues that the process of party government is alive and well in most contemporary democracies.

political parties in ct: Political Parties and Political Systems Andrea Rómmele, Piero Ignazi, David M. Farrell, 2005-04-30 Since its release in 1980, Kay Lawson's *Political Parties and Linkage: A Comparative Perspective* has become a classic text in the field of political science. In her groundbreaking work Lawson approaches linkage from an angle left unexplored by her predecessors. Her thinking filled in the systematic and theoretical void by envisioning political parties as the link between citizens and policy makers. This collection of essays by leading political scientists reflects on Lawson's concept of linkage, its theory, and its application over the last quarter century. The work is divided into two sections, the first covers linkage's impact on party research and the second focuses on its application in general political science. The first looks at such topics as the evolution and intellectual development of Lawson's concept through social actors, policy responsiveness, and multi-layer politics. The second handles issues like globalization, the relation of state and society, the European Union and its proposed constitutional reform, and the cross-cultural significance of linkage in such countries as India. The book concludes with an illuminating chapter by Lawson that responds to the featured themes and explains her current views on linkage and democracy.

political parties in ct: Political Encyclopedia of U.S. States and Regions Donald P. Haider-Markel, Michael A. Card, 2009 Providing expert analysis of government and politics in all 50 states and the U.S. territories, this innovative two-volume reference fills the critical need for information and analysis of the roles and functions of state government through accessible state-by-state and regional overviews of government and politics.

political parties in ct: When Political Parties Die Charles S. Mack, 2010-08-11 This book presents a theory of political disalignment and a revised theory of party realignment, using four case studies from the United States, Canada, Great Britain, and Italy to illustrate these concepts. Why do major political parties die? The shelf life of minor parties in democracies tends to be short, but major parties tend to be highly durable. The Democratic Party of the United States and the Conservative Party of the United Kingdom have been going strong for two centuries. Major parties perpetuate themselves by maintaining a consistent ideology on major national issues, even at the cost of periodic defeats at the polls. In American politics, ideological polarization maintains the vitality of the two major parties and renders them almost immune to threats from new parties, even as it impedes consensus and compromise on public issues. Spectacular instances of sudden death in major parties have nevertheless occurred in the United States, the United Kingdom, Canada, and Italy, and they all exhibit similar characteristics. The fatal event—which author Charles S. Mack calls disalignment—occurs when a schism opens between party leaders and traditional core-base voters on an issue of overriding national importance. Major parties survive periodic defeats, but they cannot survive disalignment.

political parties in ct: Sociology Today Arnaud Sales, 2012-08-16 We are living in a turbulent world marked by fast, continuous social changes that affect the lives of individuals, families, communities, organizations, businesses, nation-states, and international networks. This fundamentally commits contemporary sociology to being a science of change. This collection

effectively mirrors this diversity and variety of transformations underway in today's societies and transnational spaces. Written by a group of internationally renowned sociologists, it offers a cutting edge understanding of what is happening in our life worlds, work lives and frames of social existence. Bringing up issues such as political turbulence, cultural and artistic dynamics, family changes, gender roles, migration flows and social movements, it is a timely contribution that discusses transformation and globalization and their consequences in both theoretical and substantive terms. Illuminating and comprehensive, this book will be of immense use for sociology students on all levels, as well as lecturers, researchers and others who are interested in social life and the consequences of human action. Arnaud Sales is Emeritus Professor of Sociology at the University of Montreal, Canada.

political parties in ct: *Political Parties and Partisanship* John Bartle, Paolo Bellucci, 2014-06-11
Political Parties and Partisanship provides an up-to-date examination of the conceptualizations, causes, and consequences of partisanship in both new and established democracies in Eastern Europe.

political parties in ct: *Democracy and the Cartelization of Political Parties* Richard S. Katz, Peter Mair, 2018-07-04
 Political parties have long been recognized as essential institutions of democratic governance. Both the organization of parties, and their relationships with citizens, the state, and each other have evolved since the rise of liberal democracy in the 19th and early 20th centuries. Going into the 21st century, it appears that parties losing popular support, putting both parties, and potentially democracy, in peril. This book traces the evolution of parties from the model of the mass party, through the catch-all party model, to argue that by the late 20th century the principal governing parties and (and their allied smaller parties - collectively the political 'mainstream') were effectively forming a cartel, in which the form of competition might remain, and indeed even appear to intensify, while its substance was increasingly hollowed out. The spoils of office were increasingly shared rather than restricted to the temporary winners; contentious policy questions were kept off the political agenda, and competition shifted from large questions of policy to minor questions of managerial competence. To support this cartel, the internal arrangements of parties changed to privilege the party in public office over the party on the ground. The unintended consequence has been to stimulate the rise of extra-cartel challengers to these cozy arrangements in the form of anti-party-system parties and populist oppositions on the left, but especially on the right. *Comparative Politics* is a series for researchers, teachers, and students of political science that deals with contemporary government and politics. Global in scope, books in the series are characterised by a stress on comparative analysis and strong methodological rigour. The series is published in association with the European Consortium for Political Research. For more information visit: www.ecprnet.eu. The series is edited by Emilie van Haute, Professor of Political Science, Université libre de Bruxelles; Ferdinand Müller-Rommel, Director of the Center for the Study of Democracy, Leuphana University; and Susan Scarrow, John and Rebecca Moores Professor of Political Science, University of Houston.

political parties in ct: *The American Political Party System* Michael C. LeMay, 2017-06-22
 What historical factors transformed American politics into the institution we know today? This in-depth look at America's party system traces its efficacy, sustainability, and popularity through six influential presidencies spanning 1790 to the present day. Did President Obama's election serve as the impetus to the development of a seventh political party system? This compelling text sheds light on the American political process as seen through the lens of six pivotal presidencies that shaped America's culture, politics, and society and considers how our current president may be the latest transformative leader in this lineage. Covering two centuries of politics, the work offers insight into the American political machine and reveals how and why the two-party system became so dominant in American politics. Topics include the media's focus on the horse-race aspect of elections, the declining importance of party identification, and the impact of the geographical split that results in swing-states and gerrymandered districts. The work begins by dividing 200 years of politics into 6 periods influenced by a transformative president and discussing the profile of the party system in

each era. The next section presents essays contributed by activists across a myriad of political parties and profiles leading political actors and organizations. The final section includes tables, primary source documents, reference lists, a detailed glossary, and a timeline of the development of American political parties that help elucidate the text and show the role political parties have played throughout history.

political parties in ct: On Parties, Party Systems and Democracy Peter Mair, 2014-09-01 This collection brings together some of the most significant and influential work by leading comparativist Peter Mair (1951-2011). The selection ranges from considerations on the relevance of concept formation to the study of party systems and party organisations; and from reflections on the democratic legitimacy of the European Union to the future of party democracy. Including frequently cited papers alongside lesser-known work, the writings collected in this volume attest to the broad scope and depth of Mair's insights into comparative party politics, and the changing realities of party government. As such, they form an important and enduring contribution to the study of politics, and a fitting tribute to an inspirational and much-missed figure in the global political science community. Edited and introduced by Ingrid van Biezen, with an intellectual portrait of Peter Mair by Stefano Bartolini and Hans Daalder.

political parties in ct: Canadian Parties in Transition, Fourth Edition Alain-G. Gagnon, A. Brian Tanguay, 2017-01-01 Canadian Parties in Transition examines the transformation of party politics in Canada and the possible shape the party system might take in the near future. With chapters written by an outstanding team of political scientists, the book presents a multi-faceted image of party dynamics, electoral behaviour, political marketing, and representative democracy. The fourth edition has been thoroughly updated and includes fifteen new chapters and several new contributors. The new material covers topics such as the return to power of the Liberal Party, voting politics in Quebec, women in Canadian political parties, political campaigning, digital party politics, and municipal party politics.

political parties in ct: Handbook of Party Politics Richard S Katz, William J Crotty, 2006-01-05 'This thoughtful and wide-ranging review of parties and party research contains contributions from many of the foremost party scholars and is a must for all library shelves' - Richard Luther, Keele University 'The study of political parties has never been livelier and this genuinely international Handbook - theoretically rich, comparatively informed, and focused on important questions - defines the field. This volume is both an indispensable summary of what we know and the starting point for future research' - R K Carty, University of British Columbia 'Political parties are ubiquitous, but their forms and functions vary greatly from regime to regime, from continent to continent, and from era to era. The Handbook of Party Politics captures this variation and richness in impressive ways. The editors have assembled an excellent team, and the scope of the volume is vast and intriguing' - Kaare Strom, University of California, San Diego Political parties are indispensable to democracy and a central subject of research and study in political science around the world. This major new handbook is the first to comprehensively map the state-of-the-art in contemporary party politics scholarship. The Handbook is designed to: - provide an invaluable survey of the major theories and approaches in this dynamic area of study and research - give students and researchers a concise 'road map' to the core literatures in all the sub-fields of party related theorizing and research - identify the theories, approaches and topics that define the current 'cutting edge' of the field. The Handbook is comparative in overall approach but also addresses some topics to be addressed in nationally or regionally specific ways. The resulting collaboration has brought together the world's leading party theorists to provide an unrivalled resource on the role of parties in the pressing contemporary problems of institutional design and democratic governance today.

political parties in ct: Institutionalisation of Political Parties Robert Harmel, Lars G Svåsand, 2019-01-30 This edited collection builds directly upon the recently published book by Harmel, Svåsand, and Mjelde (Institutionalisation (and De-Institutionalisation) of Right-Wing Protest Parties: The Progress Parties in Denmark and Norway) and applies their conceptual framework to a wide range of additional cases. Employing a common conceptual framework throughout, the

chapters cover a broad range of cases and make important contributions toward building theories on why some parties succeed in institutionalising while others fail. The book is primarily about the status some parties achieve as an 'institution', the means by which parties may acquire that status, and some of the obstacles that stand in their way.

political parties in ct: *Defying the Law of the Land* Brian Casey, 2013-08-01 This history of Ireland is inextricably linked with our relationship with the land. In this book, based on extensive research and investigation, the authors examine some of the key figures in Irish agrarian agitation and change. Looking at the Land League, the Knights of the Plough, the perception and reality of the Irish Landlords, this is an important book which makes a significant contribution to our understanding of the nature of the 'land question' in Irish history.

political parties in ct: *Historical Dictionary of Switzerland* Leo Schelbert, 2014-05-21 Switzerland's exceptional scenic beauty of valleys, lakes, and mountains, its central location on international trade routes, and its world famous banking system are just a few elements that have contributed to its rise in the global market. It consists of twenty-six member states, called cantons and it's actively engaged in the maintenance of peace among nations. The history of the Swiss Confederation is as rich and varied as its culture and people. This updated second edition of Historical Dictionary of Switzerland features the nation's multicultural and democratic traditions and institutions, its complex history, and its people's involvement in past and present world affairs. This is done through a list of abbreviations and acronyms, a chronology, an introduction, appendixes, maps, a bibliography, and over 500 cross-referenced dictionary entries on important persons, places, events, and institutions, as well as significant political, economic, social, and cultural aspects. This book is an excellent access point for students, researchers, and anyone who wants to know more about Switzerland.

political parties in ct: *Organizing Political Parties* Susan E. Scarrow, Paul D. Webb, Thomas Poguntke, 2017-06-16 Political party organizations play large roles in democracies, yet their organizations differ widely, and their statutes change much more frequently than constitutions or electoral laws. How do these differences, and these frequent changes, affect the operation of democracy? This book seeks to answer these questions by presenting a comprehensive overview of the state of party organization in nineteen contemporary democracies. Using a unique new data collection, the book's chapters test propositions about the reasons for variation and similarities across party organizations. They find more evidence of within-country similarity than of cross-national patterns based on party ideology. After exploring parties' organizational differences, the remaining chapters investigate the impact of these differences. The volume considers a wide range of theories about how party organization may affect political life, including the impact of party rules on the selection of female candidates, the links between party decision processes and the stability of party programmes, the connection between party finance sources and public trust in political parties, and whether the strength of parties' extra-parliamentary organization affects the behaviour of their elected legislators. Collectively these chapters help to advance comparative studies of elections and representation by inserting party institutions and party agency more firmly into the centre of such studies. Comparative Politics is a series for researchers, teachers, and students of political science that deals with contemporary government and politics. Global in scope, books in the series are characterised by a stress on comparative analysis and strong methodological rigour. The series is published in association with the European Consortium for Political Research. For more information visit: www.ecprnet.eu. The series is edited by Emilie van Haute, Professor of Political Science, Université libre de Bruxelles; Ferdinand Müller-Rommel, Director of the Center for the Study of Democracy, Leuphana University; and Susan Scarrow, Chair of the Department of Political Science, University of Houston.

political parties in ct: *United States Supreme Court Reports/digest* , 1990

political parties in ct: *Party Politics in America* Marjorie Randon Hershey, 2017-02-17 The seventeenth edition of Party Politics in America continues the comprehensive and authoritative coverage of political parties for which it is known while expanding and updating the treatment of key

related topics including interest groups and elections. Marjorie Hershey builds on the book's three-pronged coverage of party organization, party in the electorate, and party in government and integrates contemporary examples—such as campaign finance reform, party polarization, and social media—to bring to life the fascinating story of how parties shape our political system. New to the 17th Edition Fully updated through the 2016 election, including changes in virtually all of the boxed materials, the chapter openings, and the data presented. Explores increasing partisan hostility, the status of voter ID laws and other efforts to affect voter turnout, young voters' attitudes and participation, and the role of big givers such as the energy billionaire Koch brothers in the 2016 campaigns. Critically examines the idea that Super PACs are replacing, or can replace, the party organizations in running campaigns. New and expanded online Instructor's Resources, including author-written test banks, essay questions, relevant websites with correlated sample assignments, the book's appendix, and links to a collection of course syllabi.

political parties in ct: *Political Parties and Electoral Change* Peter Mair, Wolfgang C Müller, Fritz Plasser, 2004-05-19 How have Europe's mainstream political parties responded to the long-term decline in voter loyalties? What are the consequences of this change in the electoral markets in which parties now operate? Popular disengagement, disaffection, and withdrawal on the one hand, and increasing popular support for protest parties on the other, have become the hallmarks of modern European politics. This book provides an excellent account of how political parties in Western Europe are perceiving and are responding to these contemporary challenges of electoral dealignment. Each chapter employs a common format to present and compare the changing strategies of established parties and party systems in Britain, France, Germany, Italy, Austria, Belgium, Denmark, and Ireland. The result is an invaluable portrait of the changing electoral environment and how parties are interacting with each another and voters today. *Political Parties and Electoral Change* is essential reading for anybody seeking a deeper understanding of contemporary electoral politics and of the challenges facing west European party systems. Peter Mair is Professor of Comparative Politics at Leiden University. Wolfgang C. Müller is Professor of Political Science at the University of Mannheim and previously taught at the University of Vienna. Fritz Plasser is Professor of Political Science at the University of Innsbruck.

political parties in ct: *The Oxford Handbook of Southern Politics* Charles S. Bullock, Mark J. Rozell, 2012-03-15 The twenty-three essays included in *The Oxford Handbook of Southern Politics* present a definitive view of the factors that contribute to the South's distinctive politics, examining these factors in the context of the region's political development since World War II.
