prayer for good medical test results: God in All Things Gerard Hughes, 2012-03-29 Gerard Hughes's popularity lies in the fact that he always writes directly for the individual struggling with issues of faith and life and gets right to the heart of spiritual needs and concerns. His best-seller GOD OF SURPRISES published nearly 20 years ago has sold nearly a quarter of a million copies. GOD IN ALL THINGS is a follow up to that book written for a different world and a different spiritual climate. This is a guidebook for the inner journey. It is about recognising God in the ordinary, in the joy and sadness of things, about knowing that God cannot be separated from whatever we experience. It is written for people on the fringes of Christianity, or those who are disillusioned with church structures and dogmatic theology. Hughes has written this book because he is concerned at the split between religion and life, as if religion was something apart and detached from the rest of God's creation. Apart from being a brilliant spiritual guide this book is a call to a faith in terminal decline to enlarge its concept of God and break out of the straitjacket of pious religion.

prayer for good medical test results: Destiny's Misery D. J. Parrish, 2022-08-05 Destiny is at a crossroads in her life, her marriage, and her faith in God. Her marriage is in jeopardy, because her husband has betrayed her love by having an affair. This incident leaves Destiny questioning whether she has the strength to grasp the threads that are left of her marriage and whether or not she is capable of holding on to what is left of her dignity. She strives to maintain her family life as well as her military career. She is unclear whether she should try to rebuild her relationship with Vance and put his betrayal behind them or move forward with her life without him. These questions have caused great turmoil for Destiny, and she must search deep within herself for answers to her dilemma. An unexpected revelation from Vance further weighs on her already uncertainties concerning their marriage and family. Where did she possibly go wrong? Why didn't she trust her

intuition? Why is her faith being tested? Can she even trust herself to move forward in her marriage? Will Destiny forgive Vance for his wrongs? Will she stand by his side offering her love, strength, and dedication while encouraging him to look deep within for his strength and healing? Or will she walk away, leaving him to his own demise? Will Vance's new revelation become the turning point to rebuild their relationship? Or, will it be the ultimate straw to destroy their marriage?
