prayer for business sales: Understanding Petitionary Prayer Shane Sharp, 2025-04-29 This book explores the "whats," "whys," and "hows" of petitionary prayer. Millions of people every single day ask God or some other supernatural being to make some outcome or event happen, whether it be to keep their children safe during a road trip, to give them the willpower to avoid succumbing to the temptation of alcohol, or to help them find a job. The chapters in this volume draw on 130 in-depth interviews conducted in the United States, including non-Christian believers. The author provides extensive documentation and analyses of believers' experiences and beliefs regarding petitionary prayer. He explores what outcomes believers feel they can legitimately seek through petitionary prayer, how people use petitionary prayer to persuade supernatural beings to make outcomes and events happen, why they believe petitionary prayer is actually effective, and why they believe their prayers went "unanswered." Studying prayer in general and petitionary prayer in particular is an important part of describing and understanding people's religious lives. The book will be of interest to scholars and students of religious studies, the sociology of religion, the psychology of religion, social psychology, and symbolic interactionism.

prayer for business sales: Selling the Right Way, Prayerfully God's Way Jim Abraham, 2011-12-30 Most sales publications cover selling exclusively from the world's point-of-view. They cover a topic or two that may peak the interest of the reader, but they leave out two elements that are critical to a Christian sales professional's success. What are those two essentials you need to know? They are: 1.) Where does God fit into your life as a salesperson, and 2.) What else do you need to know to be a long-term sales pro? You see, selling is more than one or two techniques that will manipulate your prospect into buying. It's more than a few closing techniques that will seal-the-deal. Sales is an ability you are given, by God, to help other people solve their problems. You are a problem solver, an advocate for your client. This book will help you become the best you can be, with prayer and God's guidance.

prayer for business sales: Reformation of Prayerbooks Chaoluan Kao, 2017-11-13 In her study Chaoluan Kao offers a comprehensive investigation of popular piety at the time of the European Reformations through the study of sixteenth- and seventeenth-century Protestant prayerbooks. It pursues a historical-contextual approach to spirituality by integrating social and religious history in order to yield a deeper understanding of both the history of Christian piety and of church history in general. The study explores seven prayerbooks by German authors and seventeen English prayerbooks from the Reformation and post-Reformation as well as from Lutheran, Anglican, and Puritan traditions, examining them as spiritual texts with social and theological significance that helped disseminate popular understandings of Protestant piety. Early Protestant piety required intellectual engagement, emphasized a faithful and heartfelt attitude in approaching God, and urged regular exercise in prayer and reading. Early Protestant prayerbooks modeled for their readers a Protestant piety that was a fervent spiritual practice solidly grounded in the social context and connections of its practitioners. Through those books, Reformation could be understood as redefining the meanings of people's spiritual lives and re-discovering of a pious life. In a broader sense, they functioned as a channel of historical and spiritual transition, which not only tells us the transformation and transmission of Reformation historically but also signifies the development of Christian spirituality. The social-historical study of the prayerbooks furthers our understanding of continuity, change, and inter-confessional influence in the Christian piety of early modern Europe.
