pride and prejudice discussion questions: *Teaching Challenged and Challenging Topics in Diverse and Inclusive Literature* Rachelle S. Savitz, Leslie D. Roberts, Jason DeHart, 2023-01-31 This groundbreaking text provides practical, contextualized methods for teaching and discussing topics that are considered taboo in the classroom in ways that support students' lived experiences. In times when teachers are scapegoated for adopting culturally sustaining teaching practices and are pressured to whitewash the curriculum, it becomes more challenging to create an environment where students and teachers can have conversations about complex, uncomfortable topics in the classroom. With contributions from scholars and K-12 teachers who have used young adult literature to engage with their students, chapters confront this issue and focus on themes such as multilingualism, culturally responsive teaching, dis/ability, racism, linguisticism, and gender identity. Using approaches grounded in socioemotional learning, trauma-informed practices, and historical and racial literacy, this text explores the ways in which books with complicated themes can interact positively with students' own lives and perspectives. Ideal for courses on ELA and literature instruction, this book provides a fresh set of perspectives and methods for approaching and engaging with difficult topics. As young adult literature that addresses difficult subjects is more liable to be considered controversial to teach, teachers will benefit from the additional guidance this volume provides, so that they can effectively reach the very students these themes address.

pride and prejudice discussion questions: *Gothic Remixed* Megan de Bruin-Molé, 2019-11-14 Longlisted for the 2022 International Gothic Association's Allan Lloyd Smith Prize The bestselling genre of Frankenfiction sees classic literature turned into commercial narratives invaded by zombies, vampires, werewolves, and other fantastical monsters. Too engaged with tradition for some and not traditional enough for others, these 'monster mashups' are often criticized as a sign of the artistic and moral degeneration of contemporary culture. These hybrid creations are the 'monsters' of our age, lurking at the limits of responsible consumption and acceptable appropriation. This book explores the boundaries and connections between contemporary remix and related modes, including adaptation, parody, the Gothic, Romanticism, and postmodernism. Taking a multimedia approach, case studies range from novels like *Pride and Prejudice* and *Zombies* and *The Extraordinary Adventures of the Athena Club* series, to television programmes such as *Penny Dreadful*, to popular visual artworks like Kevin J. Weir's Flux Machine GIFs. Megan de Bruin-Molé uses these monstrous and liminal works to show how the thrill of transgression has been contained within safe and familiar formats, resulting in the mashups that dominate Western popular culture.

But have you ever actually seen five-paragraph essays outside of school walls? Have you ever found it in business writing, journalism, nonfiction, or any other genres that exist in the real world? Kimberly Hill Campbell and Kristi Latimer reviewed the research on the effectiveness of the form as a teaching tool and discovered that the research does not support the five-paragraph formula. They provide numerous strategies that stimulate student thinking, value unique insight, and encourage lively, personal writing, including the following: Close reading (which is the basis for writing about literature) Low-stakes writing options that support students' thinking as they read Collaboration in support of discussion, debate, and organizational structures that support writing as exploration A focus on students' writing process as foundational to content development and structure The use of model texts to write in the form of the literature students are reading and analyzing The goal of reading and writing about literature is to push and challenge our students' thinking.
