Historical Background of Chief Joseph and the Nez Perce War

Understanding the surrender speech chief joseph requires a thorough examination of the historical circumstances leading up to it. Chief Joseph, born Hin-mah-too-yah-lat-kekt, was the leader of the Wallowa band of the Nez Perce tribe in the Pacific Northwest. The Nez Perce had lived peacefully in their ancestral lands for generations, but increasing pressure from American settlers and government policies in the 19th century threatened their existence.

The Nez Perce Tribe and Their Homeland

The Nez Perce people traditionally inhabited areas of present-day Oregon, Washington, and Idaho. Their culture was deeply connected to the land, and they were known for their horsemanship and fishing skills. The tribe had previously signed treaties with the U.S. government, but these agreements were often violated or renegotiated under coercion, leading to loss of

territory.

The Onset of the Nez Perce War

In 1877, tensions reached a breaking point when the U.S. government ordered the Nez Perce to relocate to a smaller reservation, drastically reducing their land. Some bands agreed to move, but Chief Joseph and others resisted. The conflict escalated into the Nez Perce War, a series of battles and a strategic retreat spanning over 1,170 miles as the tribe attempted to escape forced relocation.

The Context of the Surrender Speech

The surrender speech chief Joseph delivered took place on October 5, 1877, near the Bear Paw Mountains in Montana Territory. After months of retreat and battles, Chief Joseph realized that further resistance was futile and that his people were exhausted and suffering. The speech was spoken to General Oliver O. Howard as a formal surrender, marking the end of the war.

Events Leading to the Surrender

Following a series of skirmishes, the Nez Perce were surrounded by U.S. forces. Despite their efforts to evade capture, dwindling supplies and casualties made continued flight impossible. Chief Joseph's decision to surrender was motivated by a desire to preserve the lives of his people and secure humane treatment from the government.

Maybe I shall find them among the dead. Hear me, my chiefs! I am tired; my heart is sick and sad. From where the sun now stands, I will fight no more forever."

surrender speech chief joseph: *Nez Perce Summer, 1877* Jerome A. Greene, 2022-09 Nez Perce Summer, 1877 tells the story of a people's epic struggle to survive spiritually, culturally, and physically in the face of unrelenting military force. Written by one of the foremost experts in frontier military history, Jerome A. Greene, and reviewed by members of the Nez Perce tribe, this definitive treatment of the Nez Perce War is the first to incorporate research from all known accounts of Nez Perce and U.S. military participants. Enhanced by sixteen detailed maps and forty-nine historic photographs, Greene's gripping narrative takes readers on a three-and-one-half month 1,700-mile journey across the wilds of Idaho, Wyoming, and Montana territories. All of the skirmishes and battles of the war receive detailed treatment, which benefits from Greene's astute analysis of the strategies and decision making on both sides. Between 100 and 150 of the more than 800 Nez Perce men, women, and children who began the trek were killed during the war. Almost as many died in the months following the surrender, after they were exiled to malaria-ridden northeastern Oklahoma. Army deaths numbered 113. The casualties on both sides were an extraordinary price for a war that nobody wanted but whose history has since fascinated generations of Americans.

surrender speech chief joseph: **Chief Joseph** Candy Moulton, 2006-06-27 A portrait of the Nez Percé diplomat and defender covers the 1863 treaty that called for his tribe's removal to an Idaho reservation, his people's four month flight toward safety in Canada under his leadership, and his war leadership upon their capture forty miles from their destination. Chief Joseph, 1840-1904, became a legend due to his heroic efforts to keep his people in their homeland in Oregon's Wallowa Valley despite a treaty that ordered them onto a reservation in Idaho. In 1877, when the US army

forced the Nez Percé away from their lands, Joseph led his tribe's people on a 1,500 mile, four month flight from western Idaho across Montana, through Yellowstone National Park and Wyoming, toward safety in Canada. During this journey, the Army attacked the Indians several times; in one battle alone, at the Big Hole in western Montana, ninety Indian men, women, and children were killed. The Nez Percé's flight ended at the Bear's Paw Mountains in northern Montana, just forty miles from the safety of the Canadian border. There the Army surrounded the Nez Percé captured their horses, killed all but two of their primary chiefs, and forced their capitulation. When Chief Joseph surrendered to military leaders he told them: from where the sun now stands I will fight no more forever. Promised by military commanders that they would be returned to Idaho, the Nez Percé were instead relocated to Indian Territory in Oklahoma where many died of fever and disease. Chief Joseph began a new fight for better conditions for his people and the right to return to their home country. His diplomacy and eloquence won public support and ultimately resulted in the Nez Percé return to Idaho and Washington.

surrender speech chief joseph: Saga of Chief Joseph Helen Addison Howard, 2017-12-01 In *Saga of Chief Joseph*, Helen Addison Howard has written the definitive biography of the great Nez Perce chief, a diplomat among warriors. In times of war and peace, Chief Joseph exhibited gifts of the first rank as a leader for peace and tribal liberty. Following his people's internment in Indian Territory in 1877, Chief Joseph secured their release in 1885 and led them back to their home country. Fiercely principled, he never abandoned his quest to have his country, the Wallowa Valley, returned to its rightful owners. The struggle of the Nez Percés for the freedom they considered paramount in life constitutes one of the most dramatic episodes in Indian history. This completely revised edition of the author's 1941 version (titled *War Chief Joseph*) presents in exciting detail the full story of Chief Joseph, with a reevaluation of the five bands engaged in the Nez Perce War, told from the Indian, the white military, and the settler points of view. Especially valuable is the reappraisal, based on significant new material from Indian sources, of Joseph as a war leader. The new introduction by Nicole Tonkovich explores the continuing relevance of Chief Joseph and the lasting significance of Howard's work during the era of Angie Debo, Alice Marriott, and Muriel H. Wright.

surrender speech chief joseph: Reimagining Indians Sherry L. Smith, 2000-11-09 *Reimagining Indians* investigates a group of Anglo-American writers whose books about Native Americans helped reshape Americans' understanding of Indian peoples at the turn of the twentieth century. Hailing from the Eastern United States, these men and women traveled to the American West and discovered exotics in their midst. Drawn to Indian cultures as alternatives to what they found distasteful about modern American culture, these writers produced a body of work that celebrates Indian cultures, religions, artistry, and simple humanity. Although these writers were not academically trained ethnographers, their books represent popular versions of ethnography. In revealing their own doubts about the superiority of European-American culture, they sought to provide a favorable climate for Indian cultural survival in a world indisputably dominated by

non-Indians. They also encouraged notions of cultural relativism, pluralism, and tolerance in American thought. For the historian and general reader alike, this volume speaks to broad themes of American cultural history, Native American history, and the history of the American West.
