sweetheart in russian language: *Rhetoric and Nation* Shai P. Ginsburg, 2014-06-26 Critics commonly hold that the modern Hebrew canon reveals a shared rhetoric that is crucial for the emergence and formation of modern Jewish nationalism. Yet, does the Hebrew canon indeed

demonstrate a shared logic? In *Rhetoric and Nation*, Ginsburg challenges the common conflation of modern Hebrew rhetoric and modern Jewish nationalism. Considering a wide range of literary, critical, and political works, Ginsburg explores the way each text manifests its own singular logic that cannot be subsumed under any single ideology. Through close readings of key canonical texts, *Rhetoric and Nation* establishes that the Hebrew discourse of the nation should be conceived of not as a coherent and cohesive entity but rather as an assemblage of singular, disparate moments.

Its small arms were soon replaced by mass-produced sub-machine guns, such as the PPSH 1941, nicknamed the 'PePeSha,'. Supplementing the submachine guns, the Degtyarev Light Machine Gun DP-27. Fitted with a circular pan magazine, it received the not-unsurprising nickname 'Record Player.' New mortars and towed artillery pieces, ranging from 76mm to 203mm, entered service in the pre-war years. In addition to a wide range of towed, self-propelled and anti-tank guns, the Soviets fielded the Katyusha rocket launchers in 1941, nicknamed the 'Stalin's organ' by the Germans. The 1930s saw the introduction of the BT light tank series. The iconic T-34 medium tank series came into service in late 1940, joined by the IS-2 heavy tank from early 1944, the prefix letters 'IS' translates to Joseph Stalin. These formidable AFVs led the Red Army to victory in May 1945 over Nazi Germany. All these weapons and more are covered with numerous images in this authoritative overview of the subject.

sweetheart in russian language: *Words Like Birds* Jenanne Ferguson, 2019-02-01 What does it mean to speak Sakha in the city? *Words Like Birds*, a linguistic ethnography of Sakha discourses and practices in urban far eastern Russia, examines the factors that have aided speakers in maintaining—and adapting—their minority language over the course of four hundred years of contact with Russian speakers and the federal power apparatus. *Words Like Birds* analyzes modern Sakha linguistic sensibilities and practices in the urban space of Yakutsk. Sakha is a north Siberian Turkic language spoken primarily in the Sakha Republic (Yakutia) in the northeastern Russian Federation. For Sakha speakers, Russian colonization in the region inaugurated a tumultuous history in which their language was at times officially supported and promoted and at other times repressed and discouraged. Jenanne Ferguson explores the communicative norms that arose in response to the top-down promotion of the Russian language in the public sphere and reveals how Sakha ways of speaking became emplaced in villages and the city's private spheres. Focusing on the language ideologies and practices of urban bilingual Sakha-Russian speakers, Ferguson illuminates the changes that have taken place in the first two post-Soviet decades, in contexts where Russian speech and communicative norms dominated during the Soviet era. Weaving together three major themes—language ideologies and ontologies, language trajectories, and linguistic syncretism—this study reveals how Sakha speakers transform and adapt their beliefs, evaluations, and practices to revalorize a language, maintain and create a sense of belonging, and make their words heard in Sakha again in many domains of city life. Like the moveable spirited words, the focus of *Words Like Birds* is mobility, change, and flow, the tracing of the situation of bilinguals in Yakutsk.

At first simply trying to bury his past, Ehrhart slowly came to understand what happened to him, and why, in Vietnam. Interspersed are flashbacks to the war itself. It is the story of political--and personal--awakening. As the war dragged on, the United States' deceitful involvement and its perpetuation of fallacies and lies about the war's conduct forced Ehrhart to confront his own feelings about his government, country and self.
