teacher appreciation week deals 2024: A Charter School Principal Story Barbara J. Smith, 2024-03-18 What happens when a Canadian principal, guided by the teachings of Fullan and Hargreaves, takes on the role of school leader in an inner-city charter school in the United States? This inside story of a principal in the DC charter school system, reveals much about the desire for educators and students to experience more than a life of multiple-choice testing that tends to be so

commonplace in these schools. While such a case adds to the mound of research that supports the 'change takes time' findings, it nevertheless demonstrates the reality, on a day-to-day basis, of what's worth fighting for in schools. Student and teacher engagement and empowerment matter, and to get to such ends, a school must fiercely focus on targets well beyond test scores.

teacher appreciation week deals 2024: Oxford Studies in Agency and Responsibility Volume 8 Santiago Amaya, David Shoemaker, Manuel Vargas, 2024-01-31 Oxford Studies in Agency and Responsibility is a series of volumes presenting outstanding new work on a set of connected themes, investigating such questions as: · What does it mean to be an agent? · What is the nature of moral responsibility? Of criminal responsibility? What is the relation between moral and criminal responsibility (if any)? · What is the relation between responsibility and the metaphysical issues of determinism and free will? · What do various psychological disorders tell us about agency and responsibility? · How do moral agents develop? How does this developmental story bear on questions about the nature of moral judgment and responsibility? · What do the results from neuroscience imply (if anything) for our questions about agency and responsibility? OSAR thus straddles the areas of moral philosophy and philosophy of action, but also draws from a diverse range of cross-disciplinary sources, including moral psychology, psychology proper (including experimental and developmental), philosophy of psychology, philosophy of law, legal theory, metaphysics, neuroscience, neuroethics, political philosophy, and more. It is unified by its focus on who we are as deliberators and (inter)actors, embodied practical agents negotiating (sometimes unsuccessfully) a world of moral and legal norms. Volume 8 focuses on non-ideal agency and responsibility.

teacher appreciation week deals 2024: Compassionate Leadership for School Improvement and Renewal Kara Lasater, Kristina N. LaVenia, 2024-01-01 Compassionate Leadership for School Improvement and Renewal aims to equip educational leaders with the knowledge, skills, and learning experiences necessary to approach their work from an intentional stance of compassion. Schools serve as both sites and sources of suffering; yet compassionate leadership can facilitate healing for students, educators, and community members. The moment is right to move the field toward a compassion-centered approach to leadership. In recent years, people around the world have experienced unfathomable loss and suffering due to the COVID-19 pandemic, persistent inequities and subsequent social justice protests, war and violence, and catastrophic natural disasters. These events created perpetual anxiety, stress, fear, uncertainty, loss, and grief for millions of people—including educators. Now perhaps more than ever, people need to give and receive compassion. The purpose of the volume is to build educational leaders' capacity to

demonstrate compassion, foster collective compassion within their schools and districts, establish organizational environments in which compassion is routinely given and received, and, subsequently, transform schools into sites of healing. Ultimately, through the unique contributions of each chapter, this volume offers a path toward school improvement that is both renewing and sustaining. **ENDORSEMENTS:** As a former school counselor and school administrator, my view about compassionate leadership is one grounded in relational practice. This may be obvious to some, but unfortunately lost on many. This thoughtful volume edited by Kara Lasater and Kristina LaVenía explores a desperately needed reformulation of school leadership for our times. Compassionate leadership takes enormous courage because it works against much of the institutional ethos that forms and frames the role, thinking, and behaviors of those ostensibly charged to both manage and lead schools. — William C. Frick, University of Oklahoma The education system is in its most challenging period in decades, perhaps in the past century. The need now is to address student, staff and organizational suffering. Lasater and LaVenía et. al., offer antidotes in this volume by providing up to date research, theory and insight to cultivate, conceptualize and practice compassionate educational leadership. For those who teach and lead with their heart, this book is essential reading. — Joseph A. Polizzi, Sacred Heart University In an increasingly challenging educational landscape, leaders find themselves facing teacher shortages, student trauma, and learning loss. Schools could easily become institutions rife with secondary trauma and burned out professionals operating in stark contrast to the unifying motivations that drew each of us into this profession. This volume reminds us that among the many skill sets leaders must employ, organizational and leader compassion fulfills a fundamental human need and unlocks a means by which schools can transform from professional survival to the joyful work of changing lives for the better. — Joshua Ray, Greenwood Public Schools

Addressing these involves enhancing teacher competencies through strong institutional support systems that focus on educators' welfare and ongoing professional development, underscoring the profound vocation of educators to inspire and empower future generations through the transformative potential of education.

teacher appreciation week deals 2024: *Till the Bitter End* RM Suhuncheck, 2024-03-01 The first ten years of my career in education was as an elementary school teacher. Nevertheless, the focus of my book is on my twenty-three years as an assistant principal. Utilizing true stories and conversations, I attempt to illustrate how poor leadership transformed a once proud school district into Pittsville. There is no possible way that I would have ever attempted to write my story, had not my career taken so many twists and turns. Working for twelve principals, in spans that ranged from two months to seven and a half years, enabled me to develop my own set of strategies, learn what ideas worked, and accumulate enough stories that made me angry, made me laugh, and motivated me to write my story. In closing, bitterness is not a character trait becoming to anyone, yet bitterness is what motivated me to write my story.

teacher appreciation week deals 2024: From the Jar of Blessings Shawn Wells, 2024-06-10 From the Jar of Blessings is a compilation of about 270 blessings and/or inspirational quotes that were sent to me by family and friends over a period of eleven years. I would write each blessing/quote on bright-colored squares of paper, fold them up, and put them in a big glass olive jar I have. For this book, I have taken each blessing and/or quote and written my thoughts about them. Some of the blessings/quotes are deeply personal while others are quite funny. This book reminds us that God sends us blessings and inspiration on a regular basis, whether it be a simple blessing such as a small act of kindness or a huge blessing such as sparing a life after what could have been a fatal accident. All too often, we are so busy that we don't take the time to focus on the blessings all around us. Some of the blessings in this book were sent to me by adults, and others were sent by kids. For some reason, kids have an easier time recognizing blessings. One boy sent in the following blessing: "I am thankful a boy in my class spoke up and stopped someone from bullying me." I was so blessed to know that there were students at the school who were willing to stand up for others. Bullying is such a problem in our schools, and it is so important that children and adults stand up against it. The blessings/quotes in this book deal with topics such as Alzheimer's disease, caregiving, lack of finances, cancer, and many more. Hopefully, the blessings and/or quotes in this book will cause you to look at day-to-day life from a different perspective.

teacher appreciation week deals 2024: United States Holidays and Observances Steve Rajtar, 2024-10-17 Every day of the year, somewhere in the United States, some sort of holiday or special remembrance is being observed by individuals, organizations, or governments. November 9 is set aside for Women Veterans Day in Alaska, while in Puerto Rico they honor baseball scout Pedrin Zorilla, and as the sun sets, New Jersey holds a Kristallnacht Memorial Night. This book is a detailed reference work about holidays and special observances established by statute in the United States, including American Samoa, the District of Columbia, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Because the United States is a member state of the United Nations, U.N.-designated holidays and longer periods of time, such as years and decades devoted to important world issues, are also included. Following the day-by-day section, holidays are listed chronologically within their jurisdictions (federally designated

observances are first in the list; states and territories follow in alphabetical order). A subject index offers access to particular topics (nursing, education, peace...) and a name index indicates holidays celebrating the lives of individuals.

Offers a selected bibliography, a webliography, and an appendix with sample documents. The book covers the history of such groups, how their contributions matter to the vitality of libraries and library institutions of all kinds—public, school, state, college/university, and special. It describes the various kinds of Friends and Foundation groups, how they are organized and run, ways they partner with the libraries they support, how they can effectively market their membership options and purposes to the community to which they are dedicated, and ways to advocate for their libraries. It explains how volunteers of all ages (yes, including teenagers) are recruited, trained, and used successfully to aid their libraries both financially and with hands-on assistance. A wide variety of fundraising and donation ideas, procedures, and examples are featured that reflect current trends in such activities as online and grab bag book sales, gala events, securing grants, and methods of monetary distribution.

teacher appreciation week deals 2024: The Making of Little Saigon Tung X. Bui, Quynh H. Vo, 2024-04-01 A collective memoir of community reimagining, *The Making of Little Saigon* orchestrates the voices of activists, writers, artists, entrepreneurs, and scholars who have inhabited and nurtured Little Saigon, Orange County, California, into a beloved sanctuary—a sumptuous enclave of Vietnamese refugees and immigrants in the US. This constellation of narratives chronicles collective memories of settlement, nostalgia, (dis)enchantments, and aspirations as the community has evolved over time. From oceanic crossings to forging a new home, every story interweaves and reverberates with a history of pain and beauty, disunity and solidarity, failure, and resilience as the community careens forward into an uncertain future.
