You desperately want to know how to save your marriage... but you have NO answers! You feel helpless and frustrated. The pain does not diminish, it magnifies, consumes your mind and tears your heart to pieces. This is what I often hear from my customers. You may have heard painful things like I'm not happy anymore, I don't love you or I'm leaving you. Perhaps your partner has already left you. Whatever the situation, I know how extremely difficult, stressful and harrowing this situation is... and I know how hopeless such a situation can make you feel. This handbook by Bryans shares his thoughts and guidance that has led many couples to seek help and rebuild their lives following a relationship crisis. You find it hard to understand how the person you loved, who once loved you, can now treat you like an enemy. Should you give up? No. Is there a magical solution, a quick fix or a simple sentence that will save your marriage? No. But there are specific things that you should do (and some that you should NOT be doing if you want to save your marriage). This book would be useful for any married or unmarried couple. Even if you are in a good position in your relationship, it can only help to improve things. You will learn: · How to remove the behaviors that kill relationships. · To discover who your partner really is. · Why people behave in ways that you find frustrating. · The communication techniques that will facilitate good practice in relationships on a daily basis. · Descriptions of the most common marital challenges - money, intimacy, anger and conflict. · The stories of my customers who have overcome negativity in the most complicated relationships, and much more.
