women s day welcome speech: *Outspoken Women* Lesley A. Hall, 2014-05-01 Studying a broader period than its contemporaries, this comprehensive study reveals a neglected tradition of British women's writing from the Victorian era to the sexual revolution of the 1960s. *Outspoken Women* brings together the many and varied non-fictional writings of British women on sexual attitudes and behaviour, beginning nearly a hundred years prior to the 'second wave' of feminism. Commentators cover a broad range of perspectives and include Darwinists, sexologists, and campaigners against the spread of VD, as well as women writing about their own lives and experiences. Covering all aspects of the debate from marriage, female desire and pleasure, to lesbianism, prostitution, STDs, and sexual ignorance, Lesley A. Hall studies how the works of this era didn't just criticise male-defined mores and the 'dark side' of sex, but how they increasingly

promoted the possibility of a brighter view and an informed understanding of the sexual life. Hall's remarkable anthology is an engaging examination of this fascinating subject and it provides students and scholars with an invaluable source of primary material.

women s day welcome speech: Shining Humanity Zilka Spahić Šiljak, 2014-09-18 *Shining Humanity: Life Stories of Women Peace Builders in Bosnia and Herzegovina* is a collection of biographies of eleven local peace leaders from varying ethnic, religious, and non-religious backgrounds. As these stories begin to illuminate the women's deep faith in humanity, they can help to teach us how to become fully human beings in difficult wartime and post-war situations. The women selected for inclusion in this book showed genuine humanity (ljudskost) in the darkness of war and suffering, but dared to imagine a life beyond the imposed boundaries of violence and fear. This book sheds light on the women's side of peace work and on women's efforts to (re)build, to heal, to reconcile, to empower, and to embrace all the challenges and complexities of the post-war Bosnian realm. These women hope to teach the next generation that each and every person has the capacity to do something good, and, for this to happen, young people need only have faith that it is indeed possible to change things for the better. The author examines how moral imagination functioned in the lives of women peace builders as they proceeded to make progress in their efforts to bring peace to their communities, and discusses the social history of Bosnia and Herzegovina (BiH), its special dynamics, values, and norms; the role of religion in peace-building in an overwhelmingly de-secularized society; and, finally, the achievements of ordinary women who made extraordinary journeys. This analytical account of the life stories of Bosnian women peace builders provides valuable anthropological material from the local Bosnian context that can offer guidance for other regional, and even global, peace builders. Readers will learn that peace-building in BiH was motivated by the concepts of both care ethics and feminist ethics of justice and compassion, as well as the surviving socialist ethics of unity and equality, and by the universal human rights norms codified in the legal system of BiH. Most of the peace builders in this book are religious, but their religion came into play only later as one of many equally important and relevant rationales for their peace work. These stories do not present an idealized image of women or of perfect peace activists, but rather they tell the tale of ordinary women who bore witness to horror but chose to live in hope.

women s day welcome speech: Mary C. McCall Jr. J. E. Smyth, 2024-09-03 A screenwriter, novelist, labor leader, Hollywood insider, and feminist, Mary C. McCall Jr. was one of the film industry's most powerful figures in the 1940s and early 1950s. She was elected the first woman president of the Screen Writers Guild after leading the fight to unionize the industry's writers and secured the first contract guaranteeing a minimum wage, credit protection, and pay raises. Her advocacy was not welcomed by all: To screenwriters McCall was an "avenging goddess," but to studio heads she was, in the words of one Hollywood executive, "the meanest bitch in town." And after a clash with the mogul Howard Hughes in the blacklist-era 1950s, she disappeared from the pages of Hollywood history. J. E. Smyth tells McCall's remarkable story for the first time, putting the spotlight on her trailblazing career and crucial influence. She explores McCall's life and work, from her friendships with stars such as Bette Davis, Humphrey Bogart, and James Cagney to her authorship of the hit *Maisie* series about a working-class showgirl's adventures. Analyzing McCall's deft political maneuvering, Smyth offers new insight on screenwriters' struggle for equality and recognition. She also examines why McCall's legacy is unrecognized, showing how the Hollywood blacklist and entrenched sexism obscured her accomplishments. Colorful and compelling, this biography provides a powerful account of how one extraordinary woman shaped golden age Hollywood.

women s day welcome speech: The Terezin Diary of Gonda Redlich Saul S. Friedman, 2014-07-11 In 1941, the fortress city of Terezin, outside Prague, was ostensibly converted into model ghetto, where Jews could temporarily reside before being sent to a more permanent settlement. In reality it was a way station to Auschwitz. When young Gonda Redlich was deported to Terezin in December of 1941, the elders selected him to be in charge of the youth welfare department. He kept a diary during his imprisonment, chronicling the fear and desperation of life in the ghetto, the attempts people made to create a cultural and social life, and the disease, death, rumors, and hopes

that were part of daily existence. Before his own deportation to Auschwitz, with his wife and son, in 1944, he concealed his diary in an attic, where it remained until discovered by Czech workers in 1967.

Anthony. However, realizing that the project was unlikely to make a profit, Anthony had already bought the rights from the other authors. As a sole owner, she published the books herself and donated many copies to libraries and people of influence. women s day welcome speech: A Woman Among Warlords Malalai Joya, 2009-10-20 Malalai Joya has been called the bravest woman in Afghanistan. At a constitutional assembly in Kabul in 2003, she stood up and denounced her country's powerful NATO-backed warlords. She was twenty-five years old. Two years later, she became the youngest person elected to Afghanistan's new Parliament. In 2007, she was suspended from Parliament for her persistent criticism of the warlords and drug barons and their cronies. She has survived four assassination attempts to date, is accompanied at all times by armed guards, and sleeps only in safe houses. Often compared to democratic leaders such as Burma's Aung San Suu Kyi, this extraordinary young woman was raised in the refugee camps of Iran and Pakistan. Inspired in part by her father's activism, Malalai became a teacher in secret girls' schools, holding classes in a series of basements. She hid her books under her burqa so the Taliban couldn't find them. She also helped establish a free medical clinic and orphanage in her impoverished home province of Farah. The endless wars of Afghanistan have created a generation of children without parents. Like so many others who have lost people they care about, Malalai lost one of her orphans when the girl's family members sold her into marriage. While many have talked about the serious plight of women in Afghanistan, Malalai Joya takes us inside the country and shows us the desperate day-to-day situations these remarkable people face at every turn. She recounts some of the many acts of rebellion that are helping to change the country -- the women who bravely take to the streets in peaceful protest against their oppression; the men who step forward and claim I am her mahram, so the fundamentalists won't punish a woman for walking alone; and the families that give their basements as classrooms for female students. A controversial

political figure in one of the most dangerous places on earth, Malalai Joya is a hero for our times, a young woman who refused to be silent, a young woman committed to making a difference in the world, no matter the cost.

women s day welcome speech: Sexual Politics in Indonesia S. Wieringa, 2002-05-21 This book analyzes the interaction between nationalism, feminism and socialism in Indonesia since the beginning of the twentieth century until the New Order State of President Suharto. The focus is on the communist women's organization Gerwani, which was by 1965 the largest communist women's organization in the non-communist world. Gerwani members combined feminist demands such as a reform of the marriage law with an insistence upon a political role for women. The organization was destroyed in a campaign of sexual slander orchestrated by the military under General Suharto. Hundreds of thousands of people were killed. President Sukarno lost his power and General Suharto took over.
