Organizations analyze search trends, media mentions, and social conversations to determine which words have had the greatest impact. For example, terms related to global events like a pandemic or political movements often become strong contenders.

word of the year quiz: This Year It Will Be Different Maeve Binchy, 2007-09-04 From the New York Times bestselling author of *Circle of Friends* and *The Glass Lake* comes *This Year It Will Be Different*, a stunning new work that brings us the magic and spirit of Christmas in fifteen stories filled with Maeve Binchy's trademark wit, charm, and sheer storytelling genius. Instead of nostalgia, Binchy evokes contemporary life; instead of Christmas homilies, she offers truth; and instead of sugarplums, she brings us the nourishment of holidays that precipitate change, growth, and new beginnings. In *A Typical Irish Christmas*, a grieving New York widower heads for a holiday in Ireland and finds an unexpected destination not just for himself, but for a father and daughter at odds. The title story *This Year It Will Be Different* also delves into the emotions of a person at mid-life--a woman with a complacent husband and grown children who are entering a season that can forever alter her life, and theirs. In *Pulling Together*, a teacher not yet out of her twenties sees her affair with a married man at a turning point as Christmas Eve approaches--and she may be off on a new direction with some unusual friends. And in the delightful tale *The Hard Core*, the four most recalcitrant residents of a nursing home are left alone at Christmas with the owner's daughter in charge: the result is sure to be disaster--or the kind of life-affirming renewal that only the spirit of the season can bring. The stories in *This Year It Will Be Different* powerfully evoke many lives--step-families grappling with ex's, long-married couples faced with in-law problems, a wandering husband choosing between the other woman and his wife, a child caught in grown-up tugs-of-war--during the one holiday when feelings cannot be easily hidden. The time of year may be magical, imbued with meaning. But the situations are universal. And Maeve Binchy makes us care about them all. As the *Philadelphia Inquirer* noted, Maeve Binchy's people come to life fully. They make you laugh and cry and disturb your sleep. They do precisely that in this extraordinary collection, on the night before Christmas when we are snug in our beds, or anywhere, any time of the year.

Colubiale, 2023-10-12 While preparing his classroom for his first day as a teacher, Jason discovered his deceased predecessor's 180-day digital lesson plan journal on a computer file entitled "A Classroom Compendium to Whimsy and Delirium, and the 5 Other Dwarfs". word of the year quiz: First of the Year: 2008 Benj DeMott, 2017-07-05 This is the first in a continuing series of reminders that the past informs the present as it infuses the future. As Benj DeMott notes, the aim of *First of the Year* is to define the democratic imperatives and demotic tones that make our ongoing politics of culture matter. This annual publication is grounded in the needs of dissed people: disenfranchised, disadvantaged, disinherited, discomfited, and dismissed. But the concept has been sharpened to acknowledge that though the underdog is owed sympathy, the mad dog is owed a bullet. In short, *First of the Year* is very much an effort of the twenty-first century. The publication aims to be more than a launching pad for writers. It attempts to bridge the gap between radical perspectives without losing focus on the centrality of African-American culture to the national conversation. The coming together of figures like Armond White, Kate Millett, Lorenzo Thomas, Russell Jacoby, Adolph Reed, and Amiri Baraka is quite unlike what can be found in standard literary and social publications. They treat the African-American condition as a policy issue or an executive summary report--not as a touchstone for the state of the nation as a whole. The initial volume also deals extensively and seriously with the issue of humanism and terror, the nature of social movements, electoral and urban politics, and the musical trends of our time. It does so with a

sense of urgency often denied in mainstream literary reviews. Issues of standards are addressed from the angle of African-American cultural traditions, and the mind-body problem as a matter of race not just of metaphysics. In a nutshell, this volume intends to open a new chapter in the Harlem Renaissance; or better, an American renaissance with a Harlem lilt. First of the Year is an attempt to make political arguments breathe through cultural voices. Contributors include Sheldon Wolin, Jean Bethke Elshtain, Kurt Vonnegut, Paul Berman, Cha
